### SKATING.

**NEILSSON A WINNER**  
St. Louis, Mo., March 11.—The two-mile skating race at the ice palace last night was won by John Neilsson; time, 6:16. Harley Davidson stood a splendid chance up to the final lap, when he collided with Neilsson and fell. John E. Johnson was one lap behind when Neilsson crossed the line.

### FISTIC.

**SMITH GOT THE DECISION.**  
San Francisco, March 11.—Billy Lavigne, brother of Kid Lavigne, jumped into the ring in the 14th round of the Smith-Lavigne fight last night, and referee McDonald was forced to give the decision to "Mysterious Billy" Smith. The cause of Billy Lavigne's action was the fact that George had received a couple of solid blows from Smith on the jaw, and his brother seeing his condition, and fearing a knock-out, out of sympathy and family pride, jumped through the ropes and placed his arm about his brother's shoulder, declaring he would never see George humiliated by a knock-out.

### AT CORNWALL.

Cornwall, Ont., March 11.—Mike Crotty, ex-feather-weight champion of Ireland, and J. J. Kenny, of Boston, fought a six-round draw here yesterday morning. George Brownrigg, of Montreal, was to have fought Crotty to a finish for \$250 a side, but was laid up with pleurisy. Kenny offered to take his place for six rounds for points, and proved a big surprise, fighting Crotty a fierce six-round draw.

## ASK THE MOTHERS

**Why They Have Implicit Faith in Dr. Chase's Syrup of Linseed and Turpentine.**

In the homes of Canada there is no medical preparation that has so completely won the favor of the mothers as Dr. Chase's Syrup of Linseed and Turpentine.

The lessons of experience are frequently invaluable, and it is by experience with Dr. Chase's Syrup of Linseed and Turpentine that mothers have learned to have absolute confidence in its wonderful curative properties.

If baby has a croupy cough, if the school children catch cold, if husband or father has the grip, it is Dr. Chase's Syrup of Linseed and Turpentine that is freely given, and with fullest assurance that relief and cure will be prompt and certain.

The sale of Dr. Chase's Syrup of Linseed and Turpentine is simply phenomenal, far surpassing that of any similar preparation, and as it is not extensively advertised, this remarkable popularity must be due to the favor which mothers have bestowed upon this famous prescription of Dr. A. W. Chase.

Dr. Chase's Syrup of Linseed and Turpentine promptly cures La Grippe and prevents pneumonia. 25 cents a large bottle. Dr. Dealers, or Edmansons, Bates & Co., Toronto.

## LONDON BOWLERS

**Annual Report Shows the Club To Be in a Flourishing State.**

**Fault Found With Citizens and Merchants, Who Take Little or No Interest in the Organization.**

The annual meeting of the London Bowling, Rowing and Canoe Club was held at the Tecumseh House last night, and was very largely attended. President, M. J. Kent presided, and among those present were J. S. MacDougall, Ed Weld, W. A. Thomas, Col. John Macbeth, G. D. Sutherland, U. A. Buchner, Aid. Pritchard, J. Mattinson, John Callard, W. J. Harvey, A. St. L. MacIntosh, T. Blakely, A. H. Beddome, A. Parfitt, E. Paul, F. Beltz, James Colerick, W. Galbraith, Captain Book-er, J. H. Kent, and J. Turner.

A gratifying financial report was submitted by Treasurer Thomas Blakely, after which the energetic secretary, Mr. James S. MacDougall, gave a lengthy and complete report of the doings of the club for the past year. The secretary left nothing undone, and although no member of the club is more responsible for the great success of the organization than Mr. MacDougall, he magnanimously gave the credit to the president and treasurer. Last year it was unfortunate that no regatta was held, but efforts will be made to hold one here this year. The secretary urged the tennis committee to get to work at once, as a tennis association had been formed in Western Ontario, and a good season was promised. The success of the bowling club was commended. During the year there had been six tournaments held in Ontario, namely, at Niagara, Toronto, Goderich, Seaford, Walkerville, and London.

London Bowling Club had been represented at all of them, and been very successful. At Niagara, London won one of the third prizes in the singles; at Seaford, first prize in the association match, and second in singles; at the Western Ontario bowling tournament here, the second prize in the trophy match, first in association, first, second and third in singles, and first and second in doubles. After touching upon the good condition of everything and the pleasant prospects, Mr. MacDougall said: "I have to find fault with the citizens generally, and particularly the merchants, they do not take the interest in the club they should. There is no club in the city which brings more strangers to the city than this one, and as a proof of this I have only to refer to the tournament of the bowling association. For the past three years there has been each year in the neighborhood of a hundred strangers, all of whom remained three or four days." He hoped more interest would be taken, and looked for a record-breaker this year. The report was followed by applause.

The reports of the several committees were of a very encouraging nature. Several matters were discussed, among which was a proposition to join the London Hunt and Golf Clubs, with a view to erecting a club house and securing grounds in the north end of the city. No action was taken on this. The question of a five years' lease of the club's present premises was referred to the executive committee, with power to extend the existing lease. The club's winter meeting, which with the county club was also referred to the executive. Mr. James Carlie was elected a member of the club, and the tennis club was empowered to affiliate with the Western Ontario Association. The officers were re-elected, as follows: President, M. J. Kent; first vice-president, A. H. Beddome; second vice-president, John Weld; honorary secretary, J. S. MacDougall; honorary treasurer, T. Blakely; auditors, A. Book-er, E. Paul; house committee, G. D. Sutherland, John Pritchard, W. F. Bullen; bowling committee, A. Parfitt, E. Weld, J. Mattinson, J. H. Brown, J. S. MacDougall; rowing committee, Col. Macbeth, A. St. L. MacIntosh, J. Callard, A. T. Bayly, J. Colerick; tennis committee, John Dann, Fred Beltz, H. M. Lay, H. Lind, Wm. Hobbs. The executive committee is composed of the officers and chairmen of the above committees.

**AT NEW ORLEANS.**  
New Orleans, March 11.—Yesterday was the 89th day of the Crescent City Jockey Club's winter meeting. Yesterday announced their decision in the Troxier case of deliberate foul, committed Wednesday, when he reached over and caught the bridle of Frank Regan's colt Alex, the favorite of that race. Troxier is ruled off the turf, and his brother, valet and manager, John Troxier, is suspended from all privileges indefinitely. Jockey Songer, has been notified that he will not be allowed to ride here in the future. Yesterday's winners: Covington, Col. Cassidy, Judge Steadman, Cherry Leaf, John Boon and Idle Hour.

**AT INGLESIDE.**  
Ingleside, Cal., March 11.—Yesterday's winners at Ingleside were: Carter H. Harrison, Jun., Addressa, Our Climate, McFarlane, Jinks and Rubicon.

**BASBALL.**  
The Herald says: George Black has unfortunately been laid up with the grip since the meeting in this city, but takes more than the grip to keep Black from hustling. He is gradually getting the Maple Leaf roster rounded into shape. He will have the team complete in about another week. Among the men whom he has already secured that are known to Guelphites are La Fleur, the catcher, who played with Chas. Cushman 'in '97, and in Saginaw last year. Mr. Black considers La Fleur one of the fastest minor league men in the business. He is a good hitter, speedy on the bases and has a fine arm. Charley Sechrist, who was probably London's best hitter in '97, will guard one of the outfield gardens. Sechrist covers lots of ground and is a young and hard-working player. Those who saw Bay City play last year were loud in their praises of Warner, the third baseman. Warner will wear a Maple Leaf uniform in 1899. He is only 29 years old. The local committee that have charge of the financial affairs of the club met this afternoon to endeavor to finish the subscription list. A good deal of money is yet needed, and it will be necessary for every lover of the game to respond liberally to the appeal of the committee.

**OF COURSE, THEY HAVE.**  
Smith—Did you notice that peculiar sign on the door we just passed?  
Jones—No; what was it?  
Smith—Orphans' Court.

Jones—I fail to see anything peculiar about that. Orphans have as much right to court as other people, haven't they?—Chicago News.

**PERT.**  
Sue Brette—Does not applause denote pleasure in an audience?  
Footlight—Why, certainly. I notice you always get more applause when you go off the stage than when you come on.—Yonkers Statesman.

## A DAUGHTER'S STORY

**She Tells How Milburn's Heart and Nerve Pills Cured Her Mother of Nervousness, Sleeplessness and General Debility**

The people of London and surrounding country are daily having fresh evidence brought to their notice of the power of Milburn's Heart and Nerve Pills to cure such complaints as palpitation, throbbing of the heart, weak or irregular pulse, dizzy and faint spells, nervousness, sleeplessness, tobacco heart, anaemia, pale and sallow complexion, female complaints and weak, run down condition of the system. Never before has such proof been presented of the efficacy of any remedy, and the confidence with which those speak who have been cured by Milburn's Heart and Nerve Pills, has established them securely in the estimation of the public.

Recently Miss Margaret Brown, 627 Colborne street, London, brought to our attention the facts in connection with her mother's case. This is her statement: "My mother has been afflicted with nervous and general debility for a long time. She suffered a great deal with insomnia, and found it almost impossible to sleep."

"I went to the drug store and got a box of Milburn's Heart and Nerve Pills, which she took, and derived so much benefit from them that I bought another box for her. They have done her a wonderful lot of good, making her nervous system much stronger, giving her restful sleep, and removing many other symptoms which previously distressed her."

"I can truly say that these pills are a great remedy for any one suffering from weak nerves, general debility, sleeplessness or heart trouble." Milburn's Heart and Nerve Pills are 50c a box or 3 for \$1.25, at all druggists, or sent by mail. T. Milburn & Co., Toronto, Ont.

## THE COAL MEN

**Say They Have Not Formed a Trust—Simply a "Community of Interests."**

New York, March 11.—The Commercial Advertiser says: "The coal men today express themselves as well pleased with the situation, which, they say, is 'very satisfactory.' Beyond this they will not go, and definite news as to the alleged combination of interests representing \$200,000,000 of capital is not procurable at this time. So far as can be learned the situation is this: 'An arrangement seems to have been reached between the leading railroads engaged in the coal business, that is, between the Michigan roads on the one hand and the Vanderbilts on the other; the Lackawanna, which has heretofore occupied the position of a free line, making and cutting rates without regard to the other interests, having been whiped in."

"Simpson and Watkins, the largest operators in Scranton, have merged all their coal companies into one large concern to be known as the Temple Iron Company. These companies have an aggregate capacity of 3,000,000, and mine about 1,500,000 tons of anthracite coal yearly."

"The arrangement between the companies—for it cannot properly be called a combination—will have far-reaching and most important effects, but it insures complete harmony of action by them. The retirement of Samuel Sloan from the presidency of the Lackawanna and the change in the position of Vice-President, E. R. Holden, of the same company, are said to have been steps in the arrangement which were necessary in order to bring the Lackawanna into it. No new company will be formed, nor will one be necessary or desirable. The results of the previous attempts to form a coal trust were such as to discourage any renewal of efforts along the same line."

"In brief, the situation may be summed up in the words of the president of one of the coal companies, who said: 'There are no papers in any formal consolidation to be signed, no combination in the sense of a trust, and no new company to take over the present coal companies, except in the case of some individual operators. There is simply a community of interests among the holders of the coal stocks which enable them all to have a better understanding of the situation, thereby insuring better business for all the coal properties.'"
