TORONTO.

Toronto, Aug. 9.—The run at the city cattle market today was 72 loads, with 612 head of cattle 1,880 sheep and lambs, 1,600 hogs and 251 calves. There was a brisker air to trade today. prices recovered just about what they in Tuesday's market. For a Thursday's market the run was a rather light one, so far as butcher cattle was con-cerned. Of the total of 72 cars, there was more than the usual proportion of sheep and lambs, and quite a heavy delivery of hogs, in comparison with recent deliveries. This left the run of cattle very small, and there was a little rush early in the morning among those who were in the position having to get butcher cattle from mewhere, even if the market did go. The result was that prices for cattle, butcher and export, did actually begin to go up, and they soon reached a level which may be considered about nor-mal for this time of the year. That is to say, that choice picked butcher cattle sold y, that choice picked butcher cattle sold around \$4 40, and loads of good ording butchers' mixed cattle sold at \$4 to 25. Good butcher cows were also about higher than on Tuesday. The very t and common stuff did not find so a market, and, although pretty well thing was cleared off, inferior quality did not share to the full extent in did not share to the full extent in eral market advance. There was of choice exporters, but there ry few of this class offering. arket for good stockers and feed-e market is still very dull for the qualities. "The good stuff is all said one of the largest dealers in lass of cattle "but there is no mar ket for the scrub stock, and there is too much of that sort coming in." Sheep are steady, but spring lambs are slower market hog market seems to have started

on the down grade in earnest, and was quoted another 25c lower today. There was quite a heavy delivery, which shows that there are hogs in the country. Exporters—The market is up 25c, at \$4.75 p \$5 for choice; medium, \$4.25 to \$4.50. Cood heavy feeders at \$4 to \$425.

Butchers—Market firmer; choice picked butcher cattle, \$425 to \$49; medium heavy butchers at \$399 to \$410; mixed lots and cows at \$1.75 to \$3.50; fat cows, \$3.30 to Light Stockers—Market very dull, at Quebec Bank 25 to \$3 25.
