'Freedom of Seas' Gets Involved in Issues of Election Campaign.

BY ARTHUR S. DRAPER. (Special to The Advertiser, Copyright, by New York Tribune.) LONDON, Nov. 25.—Lloyd George MEWBURN WANTS HALO opened the election campaign with a speech this afternoon at Wolverhampon, referring almost entirely to concessions to soldiers and the working classes. The premier wanted to revise agriculture and to settle soldiers and sailors on the land; to do away

with the slums and provide state-built houses and remunerative work for all.

Lloyd George impressed his hearers with the necessity of respecting the sacredness of contracts.

Defending himself against accusations he was surrounded by reactionaries, the premier referred to the record of the Government of the past two years, and said the reactionaries had not been confined to one party, and he was not sure labor was free from reactionaries.

Labor Reactionary.

"There are men who play with the very antiquated notion of limiting the output. I call them reactionaries."

It is believed Lloyd George and the coalition are prepared to meet any reasonable demands of the people to effect a smooth transition from war to precade.

NEW YORK, Nov. 25. - Hundreds NEW YORK, Nov. 25. — Hundreds of soldiers, sailors and marines broke through a cordon of police surrounding Madison Square Garden tonight and attacked International Socialists who had attended a mass meeting at which Boishevik doctrines were expounded. The men and women leaving the hall broke and fled as the men in uniform charged past the police, but were pursued into the side streets in all directions.

The attack on the Socialists came at the close of a meeting which threatened from the moment it began to break into a riot. It was called ostensibly against the execution of Thomas J. Mooney, but Scott Nearing, who presided, and the other speakers devoted most of their attention to pleading for the release of "political" offenders.

THE BEST KIND OF POLICY=

Men often ask the question, "Which is the best policy for me? Upon first-class risks it makes no difference to the company. Some writers have argued from a one-sided view, that the less money paid for protection the better; but it all depends upon circumstances. Protection is not like house rent, or like an article that can be worn out and consumed, and leave no future value behind it. Life insurance must inevitably couple the future with the present. A man of limited means and large insurance needs will find the cheapest insurance in a full life participating policy, while the man of larger means or of independent fortune may profitably take the ten, fifteen or twenty payment policies. In the event of early death, the latter will have paid more, but in case of living he will not only pay less in the aggregate, but will experience the satisfaction of having his insurance fully paid up before he is old. It is simply an outworking of the law of average, as the interest equalizes the different propositions.

Notwithstanding the higher cost, the advantages of endowment insurance are distinct and worthy of the most careful consideration.

Send for our Booklet, which will tell you in detail just what is the best policy for you. Write

Display of Red Flags.

Several men and women were arrested for displaying red flags smuggled into the garden in defiance of an edict by Mayor Hylan. Large numbers of men in uniform entered the build in a before the doors were locked, with the avowed determination of preventing attacks upon the Government. They were restrained with difficulty by police and detectives from making an assault on the stage. Scores of fist fights were interrupted in the opening round by officers.

Soldiers and sailors who were unable to get into the meeting sent out patrols to round up all the men in uniform who could be found, to join in the charge on the Socialists which had been planned to take place when the oratory was ended, and the international started for their homes.

Nothing Like Plain Bitro-Phosphate To Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

thinness.

Thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitrophate known among druggists as bitrophate known among druggists as bitrophate known among druggists and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing.

This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes become bright, and pale cheeks glow with the bloom of perfect health.

CAUTION.—Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness. it should not, owing to its remarkable flesh-growing properties, be used by anyone who does not desire to put on flesh.—Advt.

"The Sins of the Flesh" are punished in this world-not in the next.

Disease is not an accident, nor is it sent by Providence. It is Nature's punishment for the breaking of her laws.

Hemorrhoids, for example, occasion an infinite degree of discomfort, suffering and misery. So does a fissure or a fistula.

But such punishments are meted out to those who sin against Nature in two ways, by neglecting to maintain regular, easy, thorough evacuation of the bowels-who form the bad habit of constipation-or what is a worse habit, the taking of pills, castor oil, purgative mineral waters, salts, etc., with the mistaken idea of overcoming constipation by forcing the bowels to move unnaturally.

But the Nujol Treatment for Constipation prevents such sins of the flesh, or mitigates the punishment therefor.

Nujol helps to re-establish easy, regular, thorough evacuation of the bowels. Nujol is not a drug, does not act like any drug.

Nujol is absolutely harmless. Nujol keeps the waste matter soft, moist and
