Under the auspices of the Men's Union of St. Andrew's Church an interesting address was given by Charles E. The sermon, he said, should be the main thing of the service, but good music always helped considerably in making the service a success, without making the whole service into a concert. "The reason for the decay of congregational singing is two-fold," said Mr. Wheeler, "It lies first in the fact that a large number of hymn tunes in our church collections are beyond the ur church collections are beyond the origregational capacity, and secondly, hat many people have the idea that it is quite rude to join heartily in the oralise. Five years ago the people of London looked on the Standard Drug Store with suspicion in regard to prescriptions or pure drugs. In fact, they were very doubtful about anything Standard Drug Stores sold. Today that viewpoint is entirely changed. Of all the tremendous increases we have enjoyed, the greatest and most consistent growth has been in our pure drug department, the one place where, above all, carefulness and QUALITY count. This increasing confidence on the part of the buying public is our due reward for our policy : consistently and scru pulously giving you the best that can be bought and gives us courage that the day is not far distant when both our friends and enemies will be forced to admit that, as far as quality is concerned, Standard Drug Stores are supreme.
