

ESCAPED MAN SEEN AT MT. BRYDGES, IS REPORT TO POLICE

But Efforts To Catch Him
Have Failed.

JAIL IS SHORT OF HELP

Governor Explains Situation
and Lays No Blame On
the Turnkey.

At noon today Jules Kennedy, of Chicago, who escaped from the county jail while undergoing a four months' sentence, was still at large, although every effort is being made by the local and county police to effect his recapture. Despite reports to the contrary, Governor James Carter of the jail, today reported to The Advertiser that the escape was an accident, and was not a result of inefficiency on the part of Guard Robert Marsh, in charge of Kennedy at the time.

Regarding the escape, Governor Carter today made the following statement to The Advertiser: "We are short of help at the jail, owing to the fact that there were Thursday only four prisoners serving sentences. The other inmates are on remand, and cannot be put to work. Marsh came to me yesterday and asked for help outside on the coal pile, and I gave him none. He was ill, and I hesitated at allowing Kennedy to work outside, owing to the length of his sentence. However, as his conduct during his stay in the jail was exemplary, and as Marsh is an old and valued guard, I allowed him to take Kennedy outside, cautioning to watch him carefully."

"We have work which must be performed at the jail, and if we cannot employ the prisoners on these duties outside help must be obtained. Kennedy worked but a short time when he complained of illness, and in company with Marsh, he proceeded to a lavatory near the jail gardens on King street. Marsh waited outside in the pouring rain for a moment, and then stepped into an open stable for shelter. Waiting a reasonable time for Kennedy to respond to his call, he returned and discovered his absence."

"Marsh immediately notified me and left in pursuit of the escaped man. I notified Deputy Sheriff Ben Waterloo, who in turn phoned the local police. I then phoned the Grand Trunk station, thinking Kennedy would likely board a Grand Trunk dining car, where he was formerly employed. Finding no trace of him there, I notified Grand Trunk Constable Robert Logan, describing a description of Kennedy, and he promised to look out for him, and to notify all Grand Trunk passenger conductors on trains leaving here of the escape."

Traced to River.
"Telegrams were sent to the police at Windsor, Sarnia, Strathroy, Montreal, Chatham, Port Stanley, Niagara Falls, Toronto and Hamilton. St. Thomas police were telephoned, and the immigration authorities at border cities were furnished with Kennedy's description. A trucked Kennedy to the river, where he was seen by a boy walking along the bank. Further than this he was not traced."

"Detective Down and Sergeant of Detective T. Nield motored to the river, but without success. He was reported at Mount Brydges yesterday afternoon, but efforts to apprehend him were fruitless. The report that nothing was done to recapture Kennedy is a deliberate falsehood. We all make mistakes, and Marsh, who is the best guard we have, is in an unfortunate position, possibly through no fault of his own. Marsh has not been suspended by the sheriff, but it is likely that a full investigation of the circumstances surrounding the escape will be held in the near future by the provincial authorities."

THE WESTERN CROPS.

It is estimated that about 15,000 men will be required to work the Farm Laborers to assist in harvesting the crops in Manitoba, Saskatchewan and Alberta.

The Canadian Pacific has arranged and is advertising special fare of \$12 to Winnipeg, and will run special trains from Toronto, Tuesday, August 12, and Thursday, August 14.

VICTIM OF SHOOTING WILL BE BURIED AT OLD HOME TOWN

Mrs. Near's Body Taken To
Havelock.

Parents, Not Notified by Pontiac Authorities, Claimed
It Today.

George Near and Mrs. Mabel Near, who were slain in Havelock, Mich., on Monday night, will not even be buried in the same city, although it was one of his last wishes that he be buried there. Mrs. Near will be buried today in Havelock, near Peterboro, the old home of the Near family, while Mr. Near was buried at Woodland on Thursday.

The remains of Mrs. Mabel Near arrived in the city at 5 o'clock this morning at the G. T. station from Pontiac, Mich. No one accompanying the body, and relatives not knowing just what time the remains would arrive, no one went to the station to claim the body. Efforts were made to get in touch with her parents, Mr. and Mrs. W. H. Dobson, 359 Hale street, but these proved futile. Mr. Dobson, however, claimed the remains from the baggage room at 8 o'clock this morning, and they were taken immediately to her parents' home on Hale street, East London.

The remains were shipped at 1:30 o'clock to Havelock, following a burial service conducted by Rev. Byron Snell.

"There's a Reason"

NEAR'S RELATIVES TO COMMUNICATE WITH PONTIAC SHERIFF

Will Ask For Investigation and
Complete Tragedy Report.

SUGGESTIONS RESENTED

Near Buried, and Body of Mrs.
Near Expected
Today.

Conjectures as to the slaying of George Near and his young wife at Pontiac, Mich., Monday night took a new turn last night, when Near's relatives here stated that today they will communicate with the sheriff at Pontiac for a full investigation and report of the circumstances which led to the double tragedy.

Was the family entanglement of the young Nears another case in death of two of the principals?
"The father of the young woman, who made the suggestion that she had any knowledge of a third person and no hint of it had been made in any of her letters, nor in those which the young husband wrote before the double tragedy."

This is what the Michigan authorities will be asked today to probe, with a request that the man who was said to have left this city with Near for Pontiac be located. As far as is known here, he is still in Michigan.

Brothers' Claim.
"The brothers of the murdered wife claim that they learned in Pontiac that the letters which Near wrote to his relatives in this city were opened."

Pontiac by the Michigan authorities. Near from this city and who stated when he left that he was going to Detroit to take a secret service position there.

The Near relatives believe that if the letters were handed to the Michigan authorities by this man, it may have a new bearing on the slaying. Near's mother, the slain husband, said last night that she would be unwilling to swear that the letters received here purporting to have been written by her son, and signed with his name, were his handwriting.

That the letters telling of the premeditated crimes were to the effect of his own statements at his late home, 229 Queen's avenue, before he went to Pontiac, is admitted however.

While the legal requirements of the law, ended with the coroner's inquest at Pontiac, so far as the Michigan authorities are concerned, aliens are endeavoring to surmise the truth from the conjectured story of what took place between the young couple after they had dined together in the ballroom at the Prince of Wales, where Mrs. Near was employed as an attendant.

From the Michigan city comes the report that as the two danced and sat together in the ballroom, they were believed by those who noticed them to be sweethearts. Near was unknown to any of those in the room.

Forward midnight the couple walked together into the shadowed grounds surrounding the institution. The report went on. Two hours later searchers found both bodies with the bullet wounds in the region of the heart. Did Near, even in spite of the letters, believe that his wife was going to be killed? He was, however, reconciled while he danced with his young wife, only to be killed by a bullet which passed as the two walked on the lawn which caused him to fulfill the plan which he had premeditated before he arrived at Pontiac?

Relatives Await.
"The relatives await with keen anxiety the expected report from the sheriff at Pontiac. It is hoped that a full investigation will throw some light on the motive which led to the slaying of the independent young wife, who passed as the two walked on the lawn which caused him to fulfill the plan which he had premeditated before he arrived at Pontiac."

POSTOFFICE WILL OBSERVE HOLIDAY

No General Delivery On Monday.

Civic Holiday on Monday is to be observed by the local postoffice staff as generally as possible. The general office will be closed, except between the hours of 8 and 10 a.m., during which period postage stamps will be on sale and the general delivery and registration tickets will be open. There will be no delivery by letter carriers.

Outgoing day mail, due for dispatch after 12 o'clock noon, will be closed at that hour, and the night mail will be dispatched as usual. Two vacancies will be made from the street letter boxes, commencing at 7:30 a.m. and 7:30 p.m.

Money order, savings bank and postal note tickets will be closed. FRUIT GROWERS FROM NIAGARA VISITORS IN RIDGETOWN DISTRICT

RIDGETOWN, July 31.—About sixty fruit and vegetable growers from the Niagara district under the direction of F. Hart of the Ontario department of agriculture motored to Ridgetown yesterday to view the locality and gain any available information as to methods used here in the fruit raising business.

The delegation, upon reaching Ridgetown, was highly pleased with the present crops, and the desirability of having this section use intensive fruit and vegetable farming. The residents here were gratified to be advised that the crops here were better than in any other locality visited thus far. In the evening the delegation was entertained at a luncheon at the Arlington Hotel by the Ridgetown and community board of trade, when President J. W. Murky and Mayor Sale delivered addresses of welcome.

Addresses were also given by W. E. Galbraith and J. D. Brien, who outlined in detail the advantages and prospects of this community for tobacco and intensive farming. It would also appear, it was stated, from the number of properties recently purchased by non-residents that the district surrounding Ridgetown would in the immediate future be commanding higher prices due to the possibilities, the land and locality offer.

End of Chicago Car Strike Looked For Saturday Morning

CHICAGO, July 31.—Resumption of street car traffic Saturday morning on Chicago's elevated and surface car lines seemed assured tonight, according to reports from union leaders, which came to the headquarters of W. D. Mahon, international president of the street car employees' organization. Mr. Mahon, who addressed meetings of the carmen this afternoon and tonight, expressed confidence that the 15,000 strikers would vote tomorrow to accept the terms offered by the companies.

Hundred Lake-Built Steamships Sold by Shipping Board

New York Concern Pays \$80,-
000,000 For Them—
Record Sale.

WASHINGTON, July 31.—One hundred steamships built on the Great Lakes during the war, have been sold by the shipping board to the Anderson Overseas Corporation of New York for approximately \$80,000,000. This is probably the largest ship sale on record, the board says in announcing the deal, and the vessels will eventually pass into French and Italian ownership.

BREAK IN WIRES AT KITCHENER CAUSES TIE-UP IN TRAFFIC

KITCHENER, July 31.—Street car traffic was tied up here shortly before 11 o'clock this morning as a result of the falling of the main trolley wires at the car barns, where the wires return by using the "Y" wire. The "Y" was put out of commission as a result of the wire break and one car returning to Waterloo was delayed while trying to switch to a Waterloo track. The tie-up was cleared in a half hour.

Little Donald Moore of Waterloo, aged 6, narrowly escaped being killed here today, when he ran into the street and fell in front of an approaching motor car. His life was saved by the motorist applying the brakes and stopping just before the wheels touched the child's body.

ENLARGED FACTORY.
Work will start in a few days here on a new addition to the A. & C. Boehmer box factory. The addition will greatly increase the output of the factory.

BUILDING GROWS.
Building permits issued during July here total \$214,000, bringing the total for the first half of the year over \$800,000. It is predicted that Kitchener will go on record for \$1,000,000 in building returns before the end of the season.

CHINESE CHEF HELD FOR USING KNIFE ON CHATHAM WAITER

Gee Wo Arrested—Hardship
Cases From Loan Com-
pany Failure.

[Special to The Advertiser.]
CHATHAM, July 31.—Gee Wo, Chinese chef, was arrested by the police this morning, charged with assaulting and causing bodily harm to Harry Sato, a waiter. The assault followed an altercation in the kitchen of the Sanitary Cafe during the absence of the proprietor. Gee was heard on the street by a number of pedestrians who found the waiter bleeding profusely from wounds sustained in the head and face. He is alleged to have been the weapon used in the assault.

HARDSHIP CASES.
The filing of proxies with Harry Collins, who will represent a large percentage of district debenture holders and depositors at the general meeting of the Standard Reliance Loan Company, Toronto, has revealed many hardship cases as a result of the loan company's failure. Many farmers of this district are reported to have lost their money tied up. Widows have banked accounts from insurance companies, which have failed. One old man of 86 years said he had just recently money deposited for a respectable funeral on his death.

RESISTED 300.
A report which is being prepared on activities of the Chatham and Kent districts of the patriotic fund, show that the sum raised in Kent and Chatham and forwarded to headquarters was \$303.03. The amount expended to the end of June, 1919, which does not include amounts spent in Chatham prior to affiliation with the central fund, was \$289.52. Approximately 300 Kent County families were assisted.

BOYS' NAVAL BRIGADE ORGANIZED AT GALT OFFICERS ELECTED

GALT, July 31.—Capt. S. Bond of the Navy League of Canada has just completed the organization of the first branch of the Boys' Naval Brigade in Waterloo County in this city, and today 32 boys had enrolled. Before summer is over they will enjoy a cruise on the Great Lakes. The election of officers of the local branch of the navy league resulted as follows: President, H. Hancock; vice-president, A. S. Charlton; secretary-treasurer, H. J. Foster; assistant secretary-treasurer, A. L. Benches; executive, Mayor Mer. A. Taylor, and G. A. Hutchison. T. O. McCulloch, F. S. Scott, M. P. J. G. Turrell and F. J. Wright.

YOUNG WOMAN DIES.
In the death of Miss Ethel F. Sharpe this city lost an exceptionally popular young woman. She was in her 17th year and the only daughter of Evan Sharpe, 61 Main street, and Mrs. A. H. Sharpe. She had been a resident of Galt for three and a half years, and was suddenly taken ill recently. She was well known in Galt, where until recently she conducted a branch millinery store.

CUSTOMS INCREASE.
The customs collections at the local office for July amounted to \$45,452.14, which, compared with \$45,527.71 for the same month of 1918, is an increase of \$12,412. It is considered exceptionally good in view of the fact that the tax on many lines of imports was recently removed.

VETERANS RETURN.
STRATFORD, July 31.—Merry M.C. returned to the city this morning, having come from England on the Winifreda. He enlisted as a gunner in the 25th Battery and in France served with the signallers, winning his commission and decoration on the field. Lieut. Tom Roache is also home today. He went overseas at the outbreak of war with the 7th Battalion from London as a private, and, fortunately, returned without a scratch. He won his promotion on the field. A brother, Lieut. Basil Roache, was killed at the Somme.

Lieut. F. S. Coghlin, who has been on duty in England after being a prisoner of war, reached home today. The local recruiting office for the permanent force will be open again August 4 and 5, when Sergt. Lawson will be at the armory. Fourteen local boys have already joined the Princess units.

G. W. V. A. COMMENDS STAND OF LIBERTY LEAGUE AT WINDSOR

Walkerville Command Ap-
proves Of—Some Min-
isters Denounce It.

[Special to The Advertiser.]
WINDSOR, July 31.—Although the referendum on prohibition will not go before the people until September, the campaign is already being waged in Essex County in a manner that indicates the election will be the hottest in the history of the district.

With a multitude of women voters now being added to the list, the "drys" declare there can be no possibility of the province becoming "wet."

The strong stand of returned soldiers in favor of prohibition to the G. W. V. A. temperance act, allowing the sale of beer and wine under supervision is, however, causing some concern among prohibition workers.

The Walkerville command of the G. W. V. A. Association today dispatched messengers to the executive of the Liberty League commending that organization for its stand in favor of liquor and beer being sold under government supervision for consumption in the home.

The league's manifesto, issued Wednesday, in which it was stated that members of the league favored the sale of beer and wine, was a scathing reply from Rev. H. A. Graham, pastor of Walkerville Methodist Church.

The league has shown its colors. The Walkerville pastor said: "Now we know that if it is not a relative of the liquor interest, it is a relative of the liquor interest. The tool of the liquor interest."

The league, in sermons preached by pastors of Windsor and Walkerville Methodist and Baptist churches, was accused of being "the tool of the liquor interest."

PROTEST IS MADE AGAINST FIXING PRICE OF CHEESE

The Frontenac Cheese Board
Names Delegation To Wait
On Government.

KINGSTON, July 31.—A strong protest over the fixing of the price of cheese at 25 cents by the British Government was a feature of the meeting of the Frontenac Cheese Board today, when a resolution was passed that the board will be forwarded to Premier Borden. Members declared the offer was insufficient and that it would have a bad effect on the industry. A deputation consisting of William Fawcett and William Pillar, secretary of the board, was appointed to meet the meeting of the dairymen in Ottawa, and arrange for a meeting with the government to discuss the question. There were no sales made on the board.

J. J. O'Reilly, a prominent farmer, declared it was an outrage that the price had been fixed at 25 cents for the farmer, and strongly condemned Sir Robert Borden for allowing the agreement to be made.

"Something must be done at once to look after the interests of the dairymen," he said. "If Sir Robert Borden is the man you want to support, then you can take your medicine. This country is a farming country, but the Government is doing everything it can to make it a manufacturing country, and give protection to the manufacturers."

Noble Response.
"Canada made a noble response to the call for arms, and as a result has a debt that not one member here will ever wipe out in his lifetime, and yet this Government allows the price of cheese to be fixed in this way. How can the price of cheese be fixed and the price of butter not be fixed? You will hear a lot about boys leaving the farm to go to the city, but this is one of the reasons they leave. Do you know of any farmers getting rich? I have heard of one who has, and I am glad that they had the 'go' in them to quit it."

Some members stated that if the price was to be fixed it would pay them better to go out of the cheese business and make butter, which was bringing 55 and 60 cents per pound.

BLENHHEIM OLD BOYS ENJOY BIG TIME AT RONDEAU PARK

BLENHHEIM, July 31.—At the "Old Boys' Reserve" Blenheim and district old boys' picnic at Rondeau Park, Ontario, yesterday was a great success. The day was fine and a great crowd took advantage of the opportunity to have a general good time. Every returned soldier was a guest of the old boys.

Dinner at 1 o'clock was followed by the annual meeting at which the following officers were elected after a good speech was given by C. W. Rankin, retiring president.

President, O. E. Anderson; vice-president, L. Brush; treasurer, W. E. Fellows, Jr.; secretary, W. J. Baird; assistant secretary, G. Taylor; nominating committee, Anderson, Brush and A. G. Shillington. The meeting next year is to be held the last Wednesday in July. The winners in the sports were:

Quits—G. Blackwell, 91; (booby), R. Treford, 11.

Indoor baseball—Capt. Anderson, 15; Capt. Treford, 11.

Two-of-war—The country team (Capt. Angus McMillan), outplayed the town team (Capt. Robert Rumble and Hoxing-O. McKenzie) won from T. Warwick.

A splendid game of baseball was played between Blenheim and Ridgetown, strengthened by members from the "Hammocks" and "The Elms". The Blenheim players won easily by a score of 8 to 2. Blenheim did better than they did in the field, while the visitors were weak in this line. Will Rieborough pitched for Blenheim and the batter, Blenheim, Elmsborough and Rumble, Ridgetown, Martin and Downey.

There were many old boys present from distant points and all had a real good time.

FORD MOTOR MANAGERS PREDICT BIGGEST YEAR

WINDSOR, July 31.—Representatives of the Ford Motor Company from nearly all of the provinces of Canada, including Toronto, Winnipeg, Vancouver, London and Ottawa, attended a joint conference of the Ford Motor Managers here and in Detroit this week. Prospects for the coming year's business are encouraging, and already a greater volume of export business is being done than ever before, they state. A production of 30,000 cars for the past twelve months is expected to be increased to a turn-out of 5,000 cars per month for 1919-20 from the Walkerville plant.

General Manager Gordon M. McGregor entertained the Canadian managers at his summer home at Jansville.
