G.A.A.O. Regatta

NOTE AND COMMENT

A representative of this paper dropped over a couple of times to Fort Erie to spend an afternoon with the ponies in the first place and also to ascertain if the new owners of the track were conducting the game according to the regulations. He found that there is little to be desired in any department. Above all, the public that chooses to have a bet on the banglows are getting a good run for their money in a double game. It seemed a new sensation in the Fort Erie ring to have adequate odds offered on all the races which are, as they should be in every case, contested in their merits. The starts are honest and even the jockeys are kept on their good behavior, and the horses are placed as they finish.

The different official positions, for the most part like in Toronto and Hamilton, are capably filled from the sporting departments of the adjacent newspapers.

The track accessories have been improved in the regulation manner, and now Fort Erie is quite a rival even to a "members" enclosure as in Woodbine Park or Epsom Downs.

Of course there is a possibility, as even a probability that the Niagara Jockey Club that is doing these good things at Fort Erie may lapse, in which case we will be obliged to speak out regardless of any break that might thus be caused in the friendly relations hitherto existing with our brethren of the paddock, the patrol, the times, the box, the judges' stand, etc.

The cringing at the time the Hamilton Jockey Club could truthfully tell how its red clay course has been raised from the status of a mere round to a real race track by lectures from this great family journal and we are glad to announce that Fort Erie has also apparently entered the fold.

As anticipated Tom Longboat and his mentor, Tom Flanagan, returned to Canada with every prospect of showing that the Indian is still a great long distance amateur runner, and it is his intention to stay out of the ranks of the pros. All of the offers to run shrubs were ignored. Mr. Flanagan is very much annoyed at statements even by irresponsible parties that Longboat did not do his best in the Marathon.

Flanagan's explanation of Longboat's failure as due to sunstroke is no moonshine. The treasurer is to be commended for refusing to pay that \$500 Tecumseh are said to have agreed to give. The share of the gate for the exhibition game at Hamilton's Point, and it looks as if the Charlie Quaker's share of the money will be carried out. The Capitals admit that they have no redress whatever, and will be out of their expense on the trip. If, as alleged, the Capitals were the cause of all the trouble, they are lucky to get away with a loss of \$500. Instead isn't it a wonder that the Capitals do not sue for a larger portion of the \$500 that they paid back to the lacrosse fans?

So Flanagan has gone back to Providence and Toronto had no option on the player as given out from headquarters. No reason to believe that he have not secured Whitney, as the Buffalo and other clubs can do without him. Will he improve on Vandy at first?

IRISH CRICKETER SCORE

Victory Over Quakers by 16 Runs and Five Wickets

DUBLIN, Aug. 6.—Tuesday's result in the match between the Gentlemen of Philadelphia and All Ireland was reversed in the return match, concluded yesterday, when the home team won by 16 runs, with five wickets to spare. The feat of the match was the fine all round play of R. H. Lambier, who on Tuesday captured six of the Philadelphia wickets at the low cost of 45 runs, and yesterday ran up a total of 60 and was still undisputed of when stumps were lowered. The next game will be against the Northern Counties, to begin on Friday at Belfast. The score:

May Get Contract of Golf Ball.
NEW YORK, Aug. 6.—The making of an ordinary ball as distinguished from the practice of betting all comers was declared by Justice Gaynor of the supreme court to-day not to be a crime. This case was that against George Sterling, who was accused of conspiring to violate the gambling laws by betting a basket of golf balls on the result of a golf game in Nassau County, Long Island.

Robby Kerr and the Rest Coming.
OTTAWA, Aug. 6.—Col. Sir John Murray Williams to-night received the following messages from friends: "Canadian Olympic team returning home, sends greetings. All well and glad to see our native land. (Signed) J. H. Crocker."

At Ottawa.
OTTAWA, Ont., Aug. 6.—(Special).—Strikers here are reluctant, but they strongly resent the statement that they are out merely in sympathy with men at other points on their line. They declare they are endeavoring to serve their own interests as well as the interests of brethren in other places in striking.

Local C.P.R. officials admit that the unions have at present practically deserted, but say that they expect no difficulty in finding capable men to fill the places of strikers.
