GENTLE LAXATIVE NEEDED FOR THE AGED AND FEEBLE

With the advance of years the vital functions of the body slow down.
The organs of secretion grow weak, the paristaltic action of the bowels is perceptibly lessened and dangerous constipation develops. What is the result?

Poisonous substances over run the system, the disculation is engorged with wastes, the brain is filled with blood, the hands and feet grow numb with cold, the whole body twitches

A drastic cathartic is dangerous. Nothing will cure but a gentle laxaive like Dr. Hamilton's Pills; their ac ion not only extends to the stomach liver and kidneys, but is directed to the ecretory glands, and increases their fluidity and volume.

Dr. Hamilton's Pills are different from other pills. Their activity in moving the secretory apparatus is profound, but their action is so mild, so free from gripe that it seems scarcely possible you have taken medicine at all. Yet they do the work efficiently, Royal Commission Won't Be Named Un-less Necessary. and this is why they are so widely prescribed for old folks who need laxative and system tonic
