PITCHER'S JAW BROKEN BY A PITCHED BALL. New Bedford, June 18.—New Bedford defeated Fall River, 2 to 1, Tuesday in a game that was marked by frequent wrangling over decisions by the umpire.

Delava won the game with a timely hit. Austin's fielding was a feature. In the third inning Labelle, New Bedford's pitcher, was hit in the face by a swift pitched ball and the right side of his upper jaw bone was broken.

Pittsburg, Penn., June 18.—The little suburban town of Carnegie is in deep gloom. Buster, the favorite bull dog of Hans Wagner, is dead, a victim of self destruction.

Buster was a beautiful big brindle who had become pathetically attached to his ball player master, and neighbors of the Wagner household who saw the ending declare the dog bravely threw himself in front of the train. The dog had moped and refused to eat since his master left on the Eastern trip with the team. It was the first time the brute and his master had been separated for any length of time.

LITTLEJOHN ALL THE WAY

Wagner Was Easy for Him and Last Two Rounds When Bout Was Stopped.

Fredericton, June 18.—Dan Littlejohn, of St. John, won from Corporal Wagner in the second round in the boxing bout in drill hall this evening.

Littlejohn fought at 130 pounds and Wagner weighed 133. Jack Power, of St. John, officiated as referee and stopped the bout at the end of four and one half minutes.

Wagner seemed groggy at the start of the second round but pluckily faced his adversary. Littlejohn landed a heavy right hander on Wagner's nose which made him see stars and caused the blood to flow.

W. S. Loggie, M.P., was nominated and unanimously chosen candidate for the federal seat in Northumberland. He spoke in acknowledgment and in defence of the government policy.

Montreal, June 18 (Special).—The report in Laval, where Hon. Mr. LeBlanc, the Conservative leader, was beaten by former Conservative minister, J. W. Moore, representing the seat for twenty-five years, ended today with the result that the Liberals were declared elected by four. The original majority was seventeen.

HARBOR COMMISSION BILL TO BE SENT TO OTTAWA NOW

City Council Agrees to Proposition to put Western Side of Harbor in Commission—Report of Harbor Facilities Committee Heard.

At a special meeting of the common council held yesterday afternoon the report of the harbor facilities committee on the result of the recent visit of the delegation to Ottawa was adopted with but slight amendment. The proposal to establish a harbor commission to take over the western side of the harbor from North Bridge west to Kings' Tower Point, breakwater was agreed to, and the committee was instructed to limit the terms which will be considered at a later meeting. There was considerable discussion on the proposal to defray one-third of the cost of the barge in Courtenay Bay. Ald. Baxter, while agreeing to the proposition, said he was not impressed with the delegation's interview with E. W. Morse, vice-president of the G. T. F. He thought the company showed that its interest in the matter was very nebulous. The treasury board was instructed to provide \$10,000 for the work, which will be undertaken as soon as agreement with the Dominion and provincial governments that each will bear one-third of the cost are completed. The usual holidays were granted to ferry employees. Ferry & Co. were awarded the contract for 5 miles of copper wire at 16.24 cents a pound.

The harbor facilities committee's report was first taken up. Section one and two recommending that the city acquire the purchase of part or the whole of the break grounds if a new drill hall site was secured, and of making repairs to the Marsh bridge the expense being borne jointly by the provincial government and railway department, were adopted. The recommendation for a commission was as follows: "Your committee recommend that this common council do now express its approval of the establishment of a harbor commission for taking over the portion of the harbor lying on the western side of the harbor extending from the North Bridge west to the Negro Town Point breakwater upon the general lines outlined in the report of the delegates and they further recommend that this committee be instructed to proceed with the work of drafting the provisions for a bill to be introduced by the Dominion government during the present session."

There was considerable discussion on the section but it was finally adopted. Sections 4, 5, 6 and 7 were adopted without discussion. They provided that no further recommendation on the extension to Partridge Island be made at present, that the acquisition of the 1600 foot strip be left with the commission, that an agreement as to changes in shunting cars be left to the committee, and that the council approve of the delegation having urged that the extension of South Rodney wharf be proceeded with immediately.

Section 8 referred to the Courtenay Bay barge. The committee submitted the following recommendation: "Your committee recommend that this council approve of the suggestion to expend a sum not exceeding \$10,000 in all, for making the necessary barge, the cost to be borne equally by the city, the provincial government and the Dominion of Canada, and they recommend that the matter be brought before the government of this province at its first meeting, and they further recommend that this council do now express its willingness to contribute one-third of the total expenditure upon the whole of the break grounds if a new drill hall site was secured, and the government of Canada agreeing to pay the balance between them."

On motion of Ald. Kelley, a session was added to the report empowering the treasury board to provide funds to the extent of \$10,000 on the Dominion and Provincial governments agreeing to share the expense. On motion of Ald. Baxter, an order was passed to pay a judgment under execution in proceedings in favor of John A. Arthurs, amounting to \$337.50, subject to the approval of Ald. Baxter, Frank, and the recorder. This was a claim on section 1 of the water extension.

DISTRESS TREBLED SINCE A YEAR AGO

Association for Improving Poor in New York Has to Draw on its Reserve Funds.

(New York World). According to statistics compiled by the Relief Department of the Association for Improving the Conditions of the Poor, the number of families in need of charitable aid now is three times greater than it was at this time last year. The books of the past year show that, whereas only 1,848 families needed and were given aid on June 15 last year 4,235 families were receiving assistance from the association on June 1 this year.

To carry on this increased relief work, which has been steadily mounting up since last October, the association has already been compelled to withdraw \$25,000 from its reserve fund. But even this appropriation in addition to current contributions, aggregating \$70,944, has been found to be insufficient to continue the work throughout the summer because of the many special calls for heavy summer relief.

As a result when the board of directors of the association meets tomorrow it will be requested to approve an additional withdrawal of \$30,000 from the reserve fund to meet the work of the relief department may not be impeded during the hot months.

Robert W. Brewer, general agent of the Association for Improving the Conditions of the Poor, said last night that death of employment was largely responsible for the extra burdens which the charitable associations will have to bear this summer. Continuing, he said: "When men are out of work it means that we have to feed their families, clothe them, and pay their rent, furnish medical attendance, and do virtually everything else which the worker or workers in a family usually attend to."

"Our total cash disbursements since Oct. 1, 1907, have amounted to \$61,855, an increase of \$28,678 over the same period last year. We estimate that it will cost about \$15,000 to carry on our relief work during the months of July, August and September this year. For the same period last year we were able to give relief to all who applied on an appropriation of \$11,382."

"Any outside contributions which we may receive this summer will be welcomed, for unless conditions improve we shall have to depend largely upon our reserve fund to carry on our work."

BATHER FALLS DEAD AT SIGHT OF GIRLS.

Philadelphia, June 18.—While attempting to escape on Sunday from the sight of a number of young women who entered into the swimming room of the University of Pennsylvania gymnasium, Charles R. Saunders, a student, was stricken with paralysis. He is not expected to recover.

During the outdoor class day exercises on Monday a heavy storm broke and the spectators sought shelter in the gymnasium. Some young women, unacquainted with the building, made their way to the pool.

Saunders and some other students were resting after having performed fancy diving exercises. When the door suddenly opened and the young women appeared most of the students jumped into the water.

Saunders, however, attempted to reach the dressing room. When he gained the top of the steps he reeled and fell to the bottom. He was picked up, bleeding from the head, and taken to the hospital where he had been stricken with paralysis. Saunders is twenty-one years old, a resident of every parish in the county was present at the Liberal convention today. J. P. Burchill was elected president and W. S. Loggie, M.P., secretary. They made speeches of acceptance.

REPUBLICANS NAME TAFT AS PRESIDENTIAL CHOICE

William H. Taft Nominated on the First Ballot in Chicago Convention After Eight Hours Session.

WILLIAM H. TAFT

Chicago, June 18.—For President of the United States, William H. Taft, of Ohio, fell on the first ballot; Taft by 702 votes; Taft by the unanimous choice of the convention.

Such is the record of the culminating day of the Republican national convention of 1908, effected amid scenes of tumultuous enthusiasm and after a nerve-racking continuous session lasting nearly eight hours. With the president named, the statesman-secretary, was swung before the platform enumerated, there remains only the nomination for vice-president to complete this momentous work. Tonight the whole city is given over to wild exultation in honor of the new candidate whose name goes echoing through the country.

The picture within the walls of the vast amphitheatre as the presidential candidate declared was one of wild exultation in honor of the new candidate whose name goes echoing through the country.

gave advanced to the platform to nominate Ohio's candidate. He spoke with the ringing voice of an evangelist, which went ringing through the great building.

The close of his speech of nomination was the signal for losing the long pent-up feeling of the Taft legion. Instantly the Ohio delegates were on their feet, other Taft states following while the convention hosts in gallery and on floor broke into mad demonstration.

"Taft, Taft, W. H. Taft," came in a roar from the Ohioans.

Megaphones seemed to spring out of concealed places and swell the Taft tumult into thunder. A huge silk banner bearing the familiar features of the statesman-secretary, was swung before the delegates, awakening a fresh whirlwind of enthusiasm.

All semblance of order had been abandoned and the delegates made a mad rout of gesticulating men; the guildons of the states were stretched up by the Taft enthusiasts or borne under by the storm of disorder. The band was inaudible, a mere whisper was above the deafening volume of sound. For ten, fifteen, twenty minutes, this uproar continued. It was a repetition of the scene of yesterday when the name of Roosevelt threw the convention into a frenzy, repeated in intensity and almost of the duration. But

there is a limit to the physical resources of throats and lungs. Cheers had not been established and at last the tired voices died down to a hoarse shout and at last subsided.

Washington, June 18.—Secretary Taft's resignation as a cabinet officer will be received by President Roosevelt tomorrow. It will take effect on July 1st.

ROOSEVELT PLEASED BY CHOICE OF TAFT

Washington, June 18.—Immediately upon receiving news of the nomination of Secretary Taft for the presidency, President Roosevelt said: "I feel that the country is indeed to be congratulated upon the nomination of Mr. Taft. I have known him intimately for many years, and I have a peculiar feeling for him because throughout that time we have worked for the same object with the same purposes and ideals. I do not believe there can be found in the whole country a man so well fitted to be president."
