

# THE CANADIAN OIL COMPANY, SARNIA, ONT.

REFINERS OF THE BEST QUALITIES

**"WATER WHITE" LAMP OILS,  
LUBRICATING OILS, COMPRESSOR CREAMS,  
"OLIVINES," PARAFFIN WAX, Etc., Etc.**

**=** **W** **O** **I** **E** are the only refiners, who make as fine "WATER WHITE" Coal Oils, from the Native Canadian Crude, as can be made from the best American Crude; and, by our **New Process**, we also obtain so much larger a percentage of superior "Water White" Coal Oils, from Canadian Crude, than has ever been obtained before, that we are selling the best, and finest quality Coal Oils, at nearly half the price (for car load lots), at which it has been selling.—thus enabling dealers to replace the bad-smelling, and smoky oils, hitherto sold as "Canadian Oils," by the finest and best burning Oils in the World, and at a very moderate cost to the consumer.

Our "Water White" Oils are equal in every respect to American Oils,—fine illuminants; brilliant soft light; free from odor in burning, or clouds on chimneys; and entirely free from sulphur. They are also more economical, as they last longer in burning.

**- - SEND FOR CLOSE FIGURES IN CAR LOAD LOTS. - -**

Sarnia, Ont., July 25th, 1894.

The Canadian Oil Co., Sarnia:—

Dear Sir.—You wish to know our opinion of your oil and we have pleasure in saying it is the most satisfactory we have sold, free from any unpleasant smell and not crusting the wick. We have seen it tried side by side with the best American Water White and it certainly has the advantage.

Yours truly,

T. KENNY & CO.

Sarnia, July 25th, 1894.

Canadian Oil Company:—

Gentlemen.—In reply to yours of the 24th inst, I might say that I have sold American oil for years and got 25c. per gallon. For some months I have sold only your oil which gives as good satisfaction as the American oil, and I sell it at 15c per gallon. My customers like it just as well. It burns longer and I could sell it for American if I wanted to. It is as good in every way. I am very well pleased with it. It gives a fine light, has no smell, and does not cloud the lamp chimneys. Hoping that you will continue to manufacture as good a quality.

Yours respectfully,

JOHN MAHONY.

Toronto, July 10th, 1894.

To The Canadian Oil Company:—

Gentlemen.—I have used and sold your "Water White" Oil and find it very satisfactory. It gives a very brilliant light and is free from odor.

Yours respectfully,

R. J. DALEY.

278 Queer St. West, Toronto.

July 24th, 1894.

Messrs. Canadian Oil Co., Sarnia:—

Gentlemen.—Referring to your inquiry regarding quality and reports as to the Oils you are supplying us, we have the first BAD REPORT to hear of it yet, it is in our trade entirely taking the place of American, it is as free from smell as any American oil, leaving the wicks as free from crust and chips, free of bat wings, as any oil we have ever had. Our trade is increasing for it daily and the trade we are supplying are well pleased with it and prefer it at all times to any other oil. We can safely say if the quality is kept up to present standard we will have no trouble selling it and have an increasing trade.

Yours truly,

C. MACKENZIE, MILNE & CO.

**Our "OLIVINE,"** an entirely new product, to take the place of Olive Oil, in wool, and woollen manufacture, is superior to the best Olive Oil for these purposes, never gums, no rancidity, washes clean out, without soap, and leaves the wool, or woollen material, in the purest and finest condition, and is only about **HALF** the price of the best Olive Oil.
