Choose Marmalade
Materials Carefully

Select fresh, clean-skinned Seville or Messina oranges for their wholesome bitter zest, and spicy sweet oranges for their fragrance and flavor. Tell the grocer to send with them a bag or carton of

Lantic
Sugar

the pure cane sugar which you will find best for marmalade and all preserving. On account of its very "FINE" granulation, Lantic Sugar dissolves instantly, making crystal clear syrups and bright, firm jellies.

MARMALADE without weighing

Slice six bitter oranges and seven sweet oranges and add three cups of cold water for each cup of the fruit pulp. Let stand for 24 hours in a glass or porcelain vessel, then bring slightly to the boiling point and boil for 15 minutes. Set aside for another 24 hours. Then measure five kitchen cups full of the fruit into a preserving kettle and boil briskly for about an hour. Add a 1/2 lb. carton of Lantic Sugar, which will need no weighing as it has been accurately weighed when it was packed.

Note: This quantity makes nearly 5 pounds of marmalade. It is better not to cook more than this at one time as the long cooking tends to darken it.

Don't buy sugar by the "quarter's worth" or "dollar's worth." Buy Lantic Sugar in our full-weight sealed packages. Weighed, sealed and packed automatically at the refinery. No hand touches it but your own.

THE CITY GRANTS

The Mayor's Hope—Other Matters Before Common Council

That the civic grants which last year totalled \$8,875, should be provided for without putting an additional assessment on for them next year was the opinion expressed yesterday afternoon by Mayor Hayes in asking the council to take up the grants at its committee meeting Monday. The sum of \$8,875 has already been placed in this year's estimates to provide for these grants, which have been paid in the past largely from the general revenue; with the revenue very much curtailed during the present year it will be a difficult matter to handle the grants without reducing the amounts. It was felt that where the playgrounds association last year had \$4,000 and ended the year with a surplus of some \$700 or \$800, that it might be able to get along this year with \$2,500.

"I think it is a very bad practice to start in so early in the year on next year's assessment," said the mayor, "and I am hoping that we will be able to take care of the grants without doing so." It was expected that Fred G. Spencer and H. A. Powell, who are interested in the construction of the new Strand Theatre, against which it is understood that Commissioner of Public Safety H. R. McLaughlin was offering some objections because of the site, would appear before the council, but neither Mr. Powell nor Mr. Spencer was present. The commissioner said to the committee yesterday that he objected to certain features of the new theatre, and had suggested to the builders that they come before the council, inasmuch as there might possibly be a diversity of opinion on the plans as submitted.

Commissioner Fisher asked authority to enter an agreement with Kane & King, contractors, for the removal of rock in Rodney street, West St. John, near Lancaster avenue, the contract price to be ten cents a yard. The contractors wished to secure some 3,000 cubic yards to be used in an operation now under way. Inasmuch as the city

THE CITY GRANTS

The Mayor's Hope—Other Matters Before Common Council

would eventually be obliged to do the work if the street is to be extended, and it would be both a benefit and source of income, the commissioner was given authority to go ahead and make such an agreement after consulting the records to determine at what figure such rock was sold the last time.

The request of Corey & Stevens that the city accept a cash deposit of \$800 instead of a five-year maintenance bond for the same amount for the granite block paving on Main street, was made known to the Commissioner Fisher. It was passed. A similar resolution affecting the same firm was moved by Commissioner McLaughlin in connection with the city market work, but in this case the cash deposit was to replace a three-year bond.

In order to eliminate the necessity of breaking into the surface of Dock or Mill streets in the event of the installation of new fire sprinkler systems in any of the large buildings there, Commissioner McLaughlin asked why it would not be possible to extend and enlarge the pipe line in Drury lane, providing a means for supplying the water from the rear. Commissioner Wigmore promised that he would have a sketch made and estimate submitted at the next meeting of the committee on the probable cost of the work. This was the only business transacted at the meeting. Owing to illness, Commissioner J. V. Russell was unable to be present.

END OF THE "LEAK" INQUIRY

Washington, Feb. 22.—Vindication of all public officials whose names were brought into the investigation of charges that there was a leak to Wall Street on President Wilson's peace note was voted unanimously today by the house rules committee. It is understood that the committee finds that Thomas W. Lawson's sensational charges were not substantiated; that R. W. Bolling, brother-in-law of the president, had nothing to do with a "leak," and that advance information concerning the note was furnished to brokers by J. Fred Essary and W. W. Price, local newspaper men, who connected deductions with facts obtained in conversations with other reporters, who had been told in confidence by Secretary of State Lansing that a note was coming.

NEW ZEALANDERS
THROUGH THE GERMAN
LINES 300 YARDSCanadian Record Lost to London
Troops—Turks Hard Pressed

From a Staff Correspondent of The Associated Press, British Headquarters in France, Feb. 22, via London, Feb. 22.—Further details regarding the successful raid made by the New Zealand troops south of Arras yesterday show that they entered the German lines to a depth of 300 yards and remained there for half an hour, wrecking dugouts and various trench works.

This is but one of the successful raids carried out yesterday. The London troops set a new high record for raids by bringing back 120 prisoners near Hooge. The Canadian troops previously held the record of 100. The men from Canada say they are determined to exceed the bag of the Londoners before the raiding season is ended.

London, Feb. 22.—The present British operations in the far east are having a definite effect on the general situation by preventing the Turks from sending forces to join their allies on the European front, according to general Maurice, chief director of military operations at the war office, today, in his weekly review of the military situation. The Allies succeeded in cutting postal communication between Athens and the Central Powers when they established contact yesterday between the French and Italian troops and cleared the enemy forces from the road between Coriza, in southern Albania, and Leskovie. The Central Powers are now restricted to wireless and airplane communication.

N. B. AUXILIARY OF
CANADIAN BIBLE SOCIETY

The New Brunswick Auxiliary of the Canadian Bible Society held its 98th annual session in the Sussex Baptist church, Sussex, yesterday afternoon and evening. A largely attended public meeting featured the evening exercises. Very encouraging reports were submitted, and showed that the year has been the best in the history of the society.

Officers elected were: Hon. Judge Forbes, president; Chief Justice McKinnon, J. S. Armstrong, Fredericton, and J. W. Spurgeon, Fredericton, vice-presidents; R. T. Hayes, treasurer; George A. Henderson, secretary; other members of the executive, F. I. Altherton, T. H. Somerville, J. N. Rogers, James Myles, G. J. Dillon, Rev. E. H. Cochran, Rev. G. B. McDonald, Archdeacon Nevilliam, Rev. J. H. Brownell and Rev. Hamilton Wigle. Appreciative resolutions in reference to the work of the district secretary and Dr. Heine and other officers, as well as Bible Missions, were adopted.

At the evening meeting Rev. David Hutchison, pastor of the Main street Baptist church, was the principal speaker. J. S. Armstrong, of Fredericton, acted as chairman of the meeting and on the platform with him were seated Rev. Mr. Shawen, H. E. Rice, H. R. Boyer and Rev. David Hutchison. Mr. Shawen and Mr. Rice took part in the opening and closing exercises.

"Doctor, I'm worried about my hair. It's coming out something dreadful," said the lady.

"Humph," said the doctor. "That signifies a rundown system. You'll have to diet."

"All right, doctor. What with?" said the lady promptly. "Henna or peroxide?"

TONIGHT'S MEETING
Opposition Ticket Not To Attend;
Their Reasons Given

The city candidates of the opposition yesterday sent the following letter to Manager Walter H. Guiding of the Imperial Theatre:

St. John, N. B., February 22, 1917.

Walter H. Guiding, Esq.,
Mgr. St. John Theatre Operating Co.,
City.

Dear Sir:

Messrs. W. H. Barnaby, Dr. W. F. Roberts, W. E. Scully and J. A. Sinclair have asked me to write and thank you for so generously offering to place the Imperial Theatre at their disposal on Friday evening next with the view of holding a windup mass meeting. The Opposition candidates appreciate the fact that the offer was made in the spirit of good citizenship, and they regret very much that previous arrangements make it impossible for them to avail themselves of the kind offer.

As you know the campaign has been an unusually short one, and the Opposition candidates on the day following their nomination were forced to map out a programme covering every minute at their disposal. So far they have adhered strictly to their set programme with very gratifying results, and they feel that it would not be possible for them now, particularly on the eve of the election, the busiest night of all, to make any change in their pre-arranged plans.

Again thanking you on behalf of the Opposition candidates for your very kind and generous offer, I remain,

Yours respectfully,

WILLIAM M. RYAN,
Secretary Opposition Association.

MAJOR MORGAN SPEAKS

TO Y. W. P. A.; GRANTS TO PATRIOTIC FUNDS.

The speaker at the meeting of the Y. W. P. A. held last night in the Order of the Moose rooms, Union street, was Major Gilbert Morgan, of the 286th Battalion, who took as his subject, A Minor Engagement. He dealt chiefly with an assault made at Beaulieu by the 8th Battalion, of which unit he was an officer, during which five honors were won by the men participating in the fight.

Letters of thanks were read from Lieutenant-Colonel Corbett, of the 10th Field Ambulance Tndn; Lieutenant-Colonel Guthrie, of the 28th Battalion; Captain McVey, of the Field Ambulance, and Mrs. I. P. D. Tilley, of the Soldiers' Club, for assistance given by the Y. W. P. A.

The treasurer's report showed a balance of \$200. Donations were voted as follows: \$10 to Captain George Keefe to assist in securing an invalid chair for a member of the 28th Battalion in hospital in Halifax; \$25 to Miss Allison Jones, a former St. John girl, who is now working in a hospital in Italy; \$25 to a South African hospital, where several wounded Canadians are being treated. Reports were given of an entertainment at the Soldiers' Club and a smoker at the naval recruiting rooms, conducted by the Y. W. P. A. A vote of thanks was tendered Miss Hatch for conducting a lottery from which the sum of \$200 was realized. The collar was worn by Mrs. Hatty, Brunswick street.

"What brought you here, my poor man?" asked the prison visitor, "Just a little absent-mindedness," replied the prisoner. "How was that?" "I forgot to scratch the monogram off a watch before I pawned it."

Economy.

With LEA & PERRINS' Sauce, a few drops only are necessary to give a delicious and appetizing flavour to the plainest dish.

A far larger quantity of a cheaper sauce fails to give the same satisfaction.

GERMANY WILL NOT GET
BACK HER COLONIES

London, Feb. 10.—(Correspondence of the Associated Press).—The death knell to Germany's colonial possessions has been sounded, so far as the Entente Allies can effect that result, by the almost simultaneous announcement of the British minister of colonies, Mr. Long, the Japanese minister of foreign affairs, Mr. Motono, and the prime minister of New Zealand, Mr. Massey, who voiced the view of Australia, as well as New Zealand. Together these statements declare there will be no return to Germany of her colonies in Africa, Asia or the Pacific.

This attitude is not only held by Japan and the British colonies chiefly concerned, but it has the backing of the British and French governments, which have the largest interest in colonial Africa and Asia. It develops the fact, also, that the late Asquith government was opposed to any extension of British colonial possessions in Africa, whereas the new Lloyd George government approves this extension as in line with the aspirations of the British colonies in Africa. This, in turn, has established that there will be a general reshuffling of African colonies, so that the possessions of Great Britain, France, Portugal and Belgium will be made more homogeneous, instead of being, as at present, scattered and irregular in outline.

C. P. R. TELEGRAPH PLANS.

A. C. Fraser, superintendent of the C. P. R. telegraphs for this division with headquarters in St. John, is on an inspection trip in Nova Scotia, accompanied by J. McMillan, of Montreal, manager of telegraphs for the company. It is said that one object of the trip has in view the establishment of additional offices between Montreal, St. John and Halifax and the rebuilding of pole lines. Among the new features which, it is said, are in contemplation is a new copper wire which is to be strung between Montreal and Halifax via St. John.

HOTEL THEFTS ALLEGED.

According to the Halifax Recorder, the young man who was taken from St. John to Halifax by a detective from the sister city a few days ago, is wanted there for a series of thefts from Halifax hotels. The Recorder says that some months ago the party in question arrived in Halifax and began to move into the hotels of that city and succeeded in securing quite an amount of booty, and that he also managed to get away from the city. A quantity of his little booty and his money, have been found by the police of that city.
