LOCAL NEWS

Frank Gross, of Moncton, after forty-one years in the employ of the Canadian Government Railways left yesterday for Calgary where he will, in future, reside.

Douglas Walsh and Harry Doherty, the two youths, who took Dr. Barry's car out of the garage without his permission, were allowed to go yesterday afternoon on a suspended sentence.

It is understood that the C. P. R. will operate a weekly service between St. John and Glasgow from November until May, if the necessary accommodation can be secured. In the past years Portland, Me., has been the winter terminal, but it is now believed that they will not call there this year.

Marlborough Lodge, No. 207, S. of E., celebrated its twenty-second anniversary in the lodge rooms, Germain street, last night. A very elaborate programme had been prepared which was carried out excellently, as follows: Opening ode, "Blessed God For Whom All Blessings Flow"; welcome by Chairman E. A. Law-

Simple Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid sawn from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the fingertips. By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

Just One Application and the Hairs Vanish
(Modes of Today.)

A harmless, yet very effective, treatment is here given for the quick removal of hairy growths: Mix enough powdered delatone and water to cover the undesirable hairs, apply paste and after 2 or 3 minutes remove, wash the skin and the hairs have vanished. One application usually is sufficient, but to be certain of results, buy the delatone in an original package.

Bananas' Colds
You have probably had many a banana that has been covered with brown spots and streaks of brown and is very "squashy" inside. Most people think that such a banana is merely over-ripe. As a matter of fact that particular fruit has caught a bad cold. Any sudden change of heat, a rush of cold air or a draught makes the fruit spotted, and it quickly becomes sodden and unmarketable.

**This Hoosier Cabinet Cuts Work in Half
Stop Being a Slave to Your Kitchen**

Nothing wears a woman out so quickly as kitchen work. Many a woman has lost her health and strength through toiling long hours in the kitchen when she could have had her work done in half the time with the Hoosier Cabinet.

This marvel of convenience has places for 400 articles, all within arm's reach—a centralized store-house with 40 labor-saving inventions! Some cabinets have copied a few of them, but 17 of these Hoosier features can't be found in all other cabinets combined.

- The Vital Part of Your Kitchen Cabinet**
- The picture above shows the section of your cabinet that is most important. Storage space is above and below; the articles most often used are placed where they are easiest reached. There is plenty of unhampered room above and around the aluminum (or porcelain) work-table.
- There are no useless little partitions to chop up the space and leave no room for work. Your cabinet must have big table space to work on. The Hoosier gives it. Come see these six exclusive Hoosier features!
- 1—The all-metal glass front floor bin.
 - 2—The gear-driven shaker flour sifter—makes flour light and fluffy.
 - 3—Scientific arrangement—articles needed most frequently easiest reached.
 - 4—Revolving caster (shown in center of illustration).
 - 5—The ingenious, big-capacity sugar bin—holds more than twice as much as most other bins.
 - 6—Finally, the doors that roll back at the sides of the cabinet, entirely out of the way.
- And regardless of the room in your kitchen, there's a special Hoosier model to fit, at a price you can easily afford.

Science Deals With Corns
Let Us Convince You

Let us prove to you tonight that every corn is needless.

Get Blue-jay at your drug store. Apply it in a jiffy. The pain will stop forever. And in 48 hours there will be no corn.

This is due to a chemical process which has been found to be a gentle, certain way to end them.

No soreness, no inconvenience. Blue-jay is a wax set in protecting plaster.

Millions of people never have corns, simply because they know Blue-jay. They stop them as soon as they start. But substitutes won't do that.
