MAY NOT DISCUSS TRAFFIC IN DRUGS

Ottawa, Nov. 23.—Unless American representatives to the smuggling conference which opens here Tuesday, raise the question of the narcotic drug traffic, it is not likely that it will be discussed, according to those in touch with arrangements for the party.

In Canada enforcement of the laws governing improper use of narcotic drugs lies with the federal, provincial and municipal authorities in charge of the administration of criminal justice.

NEW LAMP BURNS 94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 33 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe—burns 94 per cent. air and 6 per cent. common kerosene (coal oil).

The inventor, O. K. Johnson, 246 Craig St. W., Montreal, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.
