

Turks Refuse To Confer on the Lines Laid Down

ONLY WAY TO AVOID WAR AND KEEP ENTENTE

Enthusiasm Over Settlement Lacking in London Papers

The Government, Especially Lloyd George, Scored by Some Commentators—A Diplomatic Setback, Declares One—Must Hold Firmly to Decision, Says Times.

London, Sept. 25.—Enthusiasm for the Paris Near Eastern settlement is lacking in the press, it is said, the tenor of most of the editorials being that it was the only way to avoid war and maintain agreement among the Allies and therefore had to be adopted.

The Times, whose comment, without being at all denunciatory of the settlement, cannot be described as enthusiastic, says that if the statement of the Kennal policy, which would be published, is authentic, it would seem to make negotiations hopeless.

"The Allies," it adds, "must show that they will adhere to the position they have jointly adopted. The very largeness of the concessions they have made must compel them to avoid any semblance of yielding to a display of force. The danger, which still hangs over the situation, demands the most complete local co-operation of the Allied representatives and forces."

Objection Taken to Several Clauses by Angora Representative

Hamper Movement of Their Forces and Allow Others to Gain Strength—Paris Claims Diplomatic Victory—Why Britain Accepted to the Concessions to Turks.

Constantinople, Sept. 25.—Hamid Bey, representative of the Angora government in Constantinople, declared today that the allied invitation to the peace conference could not be accepted by the Turkish Nationalists on the terms laid down.

"We cannot accept the allied terms because they propose to demilitarize the Sea of Marmara, a part of Thrace, which would prevent us from bringing our troops from Asia to Europe," he said, in a statement to a correspondent. "Whereas we accept literally the condition that our army shall not advance while the peace conference is progressing."

"This would so circumscribe our movements that the enemy would have ample opportunity to prepare for a fresh attack and would give the allies a chance to complete their land and naval reinforcements in the event the conference failed."

"We further insist that Great Britain shall suspend all naval and military force in the Straits during the course of the conference."

Constantinople, Sept. 25.—The allied high commissioners plan to meet today to bring together representatives of Greece and the Turkish Nationalists for the conference at Mudania, at which the terms of an armistice are expected to be settled.

Smyrna, Sept. 25.—Kemal Pasha has allowed until September 30 for the evacuation of the remaining 150,000 or more of the refugees, who are not sent by that time the refugees will be taken into the interior.

London, Sept. 25.—A Reuter despatch from Athens says that Admiral Bristol has informed the Greek government that the U. S. will undertake to protect with destroyers the removal of the remaining 150,000 refugees at Smyrna if Greece provides the means of transportation. The Greek government has accepted the offer.

London, Sept. 25.—The British government today was awaiting the reply of the Turkish Nationalist government to the allied peace proposals, and general satisfaction was expressed in the cabinet at the outcome of the Paris conference, which was hailed as a great success.

Whether the allied note has yet reached Mustafa Kemal Pasha is unknown. Premier Lloyd George returned this morning from Chequers where he had presided over a cabinet meeting at which Foreign Secretary Curzon was expected to present a detailed report of his mission in Paris.

The cabinet meeting was attended by all of the ministers together with Admiral Earl Beatty, the Earl of Cavendish and the other military and naval personages who have been in close touch with the cabinet recently. Mr. Lloyd George heartily congratulated Lord Curzon on the result of his mission to Paris, which regarded in official quarters as eminently satisfactory.

While there was still no reply from Mustafa Kemal Pasha, the situation was regarded in governmental circles as easier. The incident of the invasion of the neutral zone at Chanki, when Turkish cavalry which entered the zone Saturday night retreated and Sunday afternoon looked upon as indicating that there need be no fear of the repetition of such incidents. A Reuter message from Constantinople today says the meeting between General Shuttleworth and the Turkish commander was regarded in governmental circles as easier.

Paris, which regarded in official quarters as eminently satisfactory.

Constantinople, Sept. 25.—The Greeks, who claimed to have seven divisions in Thrace have informed the Allies that they will not tolerate an invasion by the Kemalists; they declare the scattered Hellenic forces have been unified and strengthened and are in a position to drive out the nationalists. Unless London and Paris come to an understanding with Athens, it is feared here that the Greek army in this territory may act.

Rome, Sept. 25.—The Italian press unanimously applauds the peace terms.

ALLIED DECISION HITS GREEKS HARD

Plan to Go Ahead With Strengthening in Thrace

Declare They Will Not Give Up There—Cabinet Stirs Itself and May Live Out Crisis—People Divided Between King and Venizelos.

Athens, Sept. 25.—Spurred to greater effort by the popular clamor for its resignation, the cabinet of Premier Triantafyllakos is developing unexpected cohesion in strength and may even live out the present national crisis.

It has added new members to the ministry, chosen with the view to bringing its popular support, has appointed General Papoulas governor general of Thrace and has designated three popular generals to proceed to Thrace and put the work of re-organizing the army there.

Meanwhile, a note from the allied powers disclosing their communication to Mustafa Kemal Pasha according to its conditions for peace, has reached the foreign office, and has had the effect on the Greek public opinion.

Metaxas told a correspondent that if called upon he would collaborate effectively with the Venizelist party in the interests of national unity.

GOVERNMENT OF SULTAN HUFFED

Passed Over in the Allied Announcement—Constantinople Fez-Crazy and Price Advances.

Constantinople, Sept. 25.—The Sultan's government has protested to the allies because the joint allied note was not addressed to the Sublime Porte. The announcement that the allies would return Thrace to Turkey and permit the ultimate occupation of Constantinople by the Kemalists, coupled with the fact that the allied note ignores the Sultan's government, renews the fear that the Sultan will be forced to abdicate.

Danad Ferid Pasha, the Sultan's brother-in-law, and several times grand vizier, left hurriedly for Switzerland today. Five pashas, ten former ministers and many opposition editors, also left.

It is impossible to meet the demand of the Greeks and Armenians for Turkish fezes, which have increased in price from three to five dollars. A local Austrian firm has telegraphed to Vienna for two hundred thousand.

CONFERENCE ON REPARATIONS

Brussels, Sept. 25.—An international conference to consider reparations, inter-allied debts and loans to Germany, will probably be called for early in December. The Belgian government, while it has not yet been asked by the allies to issue invitations, regards the summoning of such a meeting as certain.

WAS HURRYING FOR A PRIEST FOR A DYING MAN

Ottawa, Sept. 25.—(Canadian Press)—When humanity is in need, justice must sometimes look the other way, at least that is the dictum of Magistrate Askwith, who had before him Herbert Cummings, charged with speeding. Cummings had been by an undertaker's assistant to dash madly for a priest to attend a dying man and admitted "getting an extra hustle on." He was let go with a warning.

SHOPMEN IN THE DOMINION ASK FOR CONFERENCE

Desire to Reopen Direct Negotiations With the Railways Re Pay.

Montreal, Sept. 25.—Canadian railway shopmen, after deliberating last night, have expressed a desire to reopen direct negotiations with the companies on the question of rates of pay.

The railway association, which acts as the spokesman in negotiations with the companies, received an official notification today from the representatives of the shopmen that they desired a conference for the purpose of reaching an agreement concerning pay. The request is being placed before the individual railroads by the association. It is believed the conference will be opened sometime next week.

OTTAWA A PORT FOR OCEAN VESSELS

Ottawa, Sept. 25.—The talk of Ottawa as an ocean-going port is revived here. The Citizen in a front page news item says today in part:

An ambitious and interesting scheme which, if implemented, would ultimately make Ottawa a port for ocean-going vessels on the Great Lakes is involved in the federal incorporation, during the present month, of the transportation and power corporation with a capital of \$15,000,000. It has purchased the assets of the Great Lakes and Atlantic Canal and Power Company.

WOULD TAX THE UNION RESOURCES

Shopmen's Course Following Judge's Decision Not Pay Under Review.

Chicago, Sept. 25.—Qualifying his statement with the assertion that a course of action had not been definitely determined, D. R. Riechberg, counsel for the railway shopmen, indicated today that the next step in the shopmen's fight against the Daugherty injunction would be a petition to the U. S. circuit court of appeals for a review of Judge Wilkerson's order.

To combat Attorney-General Daugherty's efforts to have the temporary writ made permanent means a long costly fight, Mr. Riechberg said, a fight which would severely tax the resources of the union. He indicated the pay of the shopmen, but the signalman did not strike the July 1 walkout. Their strike vote was held in abeyance when they were granted the re-hearing set for today.

No Lipton Challenge At Least Until

Doughty Yachtsman Arrived Yesterday in New York

Economic Conditions Not Sufficiently Settled to Warrant 1923 Race—Rogers Hornsby Closes Big League Season With 42 Home Runs.

New York, Sept. 25.—Sir Thomas Lipton, arriving yesterday on the White Star liner Baltic, declared he had no intention of challenging the U. S. for another yacht race, at least not until 1924. What he came for, he said, was "to have a little fun and perhaps sail a little tea."

Despite his seventy-four years, Sir Thomas declared there was "nothing in the wind for me right now but health and happiness." Then, as proof that he had not given up the idea of challenging for the seventh time, he planned tiny bronze flags of his "navy" upon the breasts of his U. S. admirers, who, led by Sir Harry Lauder, came down the quay to welcome him. Each flag was bordered with green with a shamrock rampant.

"There will be no challenging this year," said the redoubtable yachtsman. "None is contemplated. I feel hale enough to lift the cup, but the wind is not set just right. Economic conditions in Great Britain and America are too unsettled just now. But later, perhaps in 1924, we shall see what we shall see."
