## LIQUOR CASES IN POLICE COURT

One of Sale of Gin and Another Regarding an Illicit Still—Witness is Himself Charged.

The case against Gordon Parlee and Robert Priars, charged with illegally selling liquor to Max Lampert, was resumed this morning.

Murray Haywood told of taking five cases of gin from 107 Simonds street to Dorchester street for the defendants. He asked the defendants if they wanted to sell the liquor and one of them said they would for \$100. He went with Lampert in the car to Dorchester street and Lampert bought the liquor. He took it to Douglas avenue. He returned in the evening to Simonds street with Lampert and Priars, but Priars said there was nothing there. They went down to Lombard street, where they picked up another man named Priars and when they were passing the station the detectives jumped on the car. The man they had picked up jumped out and started to run away with one of the detectives chasing him.

Sergeant Detective Power said he picked up a charge of selling liquor against Haywood, and he put up a deposit of \$200. Both cases were postponed until Friday morning. L. McC. Ritchie appeared for Parlee.

Harry Stone, charged with having an illicit still in his residence at 267 Chesley street, said he wished to change his plea from guilty to not guilty. Executive Enforcement Officer Daves and Police-man Bette told of going to the defendant's house and finding the still there. The defendant told Daves that he had intended to use it for the purpose of making liquor, but had forgotten some of the ingredients necessary to the brew and could not get started. He had seen several illustrations of stills and had made this one from one of them.

## FURTHER DETAILS OF C. N. R. WRECK NEAR BLOOMFIELD

Reports regarding the run off near Bloomfield on the C. N. R. last night were received in the city this morning by the Halifax Express and the Sussex train. Conductor Clark said that eight cars of the lumber train had run off and turned over in the ditch, while a section of the rails was quite badly broken up. He said the accident resulted from broken wheels. He said that none of the cars had gone into the river. A wrecking train was sent to the scene from Moncton and this morning had the line clear and the rails replaced. They remained there transferring freight from some of the cars, while others were being lifted back on the track. The train, which left the city last night for Halifax reached Norton this morning about 9 o'clock and proceeded to its destination, while the incoming train from Halifax remained at Norton until the line was clear and then continued reaching the city at 10.45 o'clock, two hours and forty-five minutes behind time. The Sussex train arrived at 11 o'clock, two hours and five minutes late.

## DECEMBER FREIGHT FIGURES SHOW SOME INCREASES

According to reports published recently men along the water front were quoted as saying that although there were a large number of steamers in port at that time business was not as good as last year with fewer liners.

According to figures compiled by C. F. R. officials thirty per cent more grain was shipped in December than in the corresponding month in 1921, while over twenty-five per cent more import cargo was handled. Export freight showed a very slight falling off, excluding grain. The list follows:  
Import freight—1920, 12,421 tons; 1921, 15,297 tons.  
Export freight—1920, 121,170 tons; 1921, 111,208 tons.  
Grain—1920, 43,886 tons; 1921, 68,123 tons.  
Steamers—1920—25; 1921, 31.

## FOUR YEAR OLD CHILD BURNED TO DEATH IN BED

Three Rivers, Que., Jan. 18.—Martha Belletta, four years of age, daughter of Albert Belletta, of this city, was burned to death this morning. The bed spread fell off her bed on an electric heater and caught fire. The child had died before the mother could extinguish the flames.

### KNOX S. SCHOOL

At the annual meeting of Knox (Presbyterian) Sunday school held last evening, the following officers were elected for the ensuing year:

Superintendent, F. A. Corrington; assistant superintendent, Hermon Campbell; treasurer, Robert McAfee; secretary, Frank Thompson; recording secretary, Miss F. A. Cate; librarians, Hugh Campbell; assistant librarians, Miss Elizabeth Campbell and Miss Greta Hayler; cradle roll superintendent, Mrs. T. H. Reid; primary superintendent, Miss F. B. Cummings.

Very satisfactory reports for both cradle roll and primary department were submitted by their dual superintendents, Miss Florence B. Cummings.

Much to the regret of the meeting, Miss Cummings asked to be released from the office of cradle roll superintendent, which office, together with that of primary superintendent, she had been filling for some years. In addition to work with the older girls in the mission band, she found it too much. She, however, suggested a very worthy successor in the person of Mrs. Reid. A very hearty vote of thanks was extended to Miss Cummings for her efficient and painstaking work.

The reports submitted by the treasurer, Mr. Robert McAfee, and the superintendent, F. A. Corrington, until recently secretary of the school, showed it to be in a flourishing condition. One very encouraging feature is the large number of senior pupils in regular attendance. Mrs. Thomas Graham and Mrs. Hermon Campbell reported for the largely attended supper and Christmas tree which had been provided for the school in the holiday season.

Plans were made for more and better work during this year.
