BILLIARDS.

Cochran to Get Chance.

Chicago, April 7.—Jake Schaefer, world's champion at 182 ball line billiards, will offer Walker Cochran an opportunity to try for the title here on May 16, 17 and 18, it is announced by Charles Tennes, Schaefer's manager. Cochran is present in visiting in Dowagiac, Mich., and is expected to give his answer soon. Schaefer, following his recent victory over Wille Hoppe, went to West Baden, Ind., for a rest and some golf.

CURLING.

Thistle Club Annual Meeting.

At the annual meeting of the Thistle Curling Club, held last evening in Bond's hall, officers for the year were elected as follows: President, R. E. Crawford; vice-president, Col. J. L. McAvity; treasurer, H. W. Stubbs; secretary, W. H. Gumbrell. B. S. Ritchie presided and presented the president's trophies to the four members of the winning team, which was composed of Major Bert Smith, George A. Stubbs, E. P. Howard and Dr. D. G. Malcolm. Dr. L. A. Langstroth presented his trophies for the preceding year, when he was president. In 1920 play was not completed, so the runners-up for the past season received the trophies. The team was composed of H. G. Youngclaus, J. A. Likely, G. L. Warwick and W. J. Shaw. Prior to the business session, a bounteous repast was served.

MOTORS MILE
19.07 SECONDS

(Canadian Press Despatch)

Daytona Beach, Fla., April 6.—Driving his specially constructed motor car at 180.27 miles an hour, Sig Haugdahl, of Norway, today negotiated a mile on the local beach in 19.07 seconds. The trial was conducted under the auspices of the International Motor Contest Association and was electrically timed. The world's record as sanctioned by the American Automobile Association is held by Tommy Milton at 23.07. Haugdahl yesterday exceeded records held by Milton for the kilometer, five mile and ten mile straightaway courses.

MAY BE CHARLOTTE COUNTY LEAGUE

St. George, April 6.—(Special)—A meeting of the Athletic Club was held on Wednesday evening, when the baseball situation was discussed. The formation of a Charlotte county league is being urged. President Ralph J. Doyle was in St. John this week looking into the situation and briefly explained conditions as he found them.

COMPULSORY ATHLETICS

Advocated as Cure for Effeminacy at Colleges.

New York, April 7.—As a cure for what he calls the male effeminate, the man of today who is losing his manly qualities, Knute K. Rockne, athletic director of Notre Dame University, in an article entitled "College Athletics Cure the Male Effeminate," in The Sportsman magazine for April, urges compulsory boxing and football for every male student in every college in the country. He declares that the colleges which excel in athletics, particularly football, are not bothered much by the male effeminate. Among other things he says: "It is true that we have bob-haired women and men who stretch their eyebrows; that for every woman who smokes we see the male lizard who uses complexion dope; that for every woman who wears the corsets or pincushion back coat, and that for every woman who drinks we have that lowest form of degenerate effeminacy, the skinny, bound. I feel that our women can take care of themselves. They are merely swinging around the cycle, and I am sure that the sweetness and purity of our womanhood will ever be the same as it was in the time of our mothers.

"Regarding our men I am not so certain, but I am optimistic. The effeminate type of cookie eater has become quite prevalent on some of our college campuses, and it is a sure sign of moral decadence. The old-fashioned type of college boy who drank slightly to excess on Saturday nights was bad enough, but at least he had many positive manly qualities. If the male effeminate has any manly qualities, he keeps them well in the background. I do not mean to imply that coarseness or uncouthness is desirable, but what the world needs more of today are real men of the masculine leader type. The red-blooded give-and-take chap who is a gentleman without being foppish or girlish is what I mean. He and he only are the kind who make leaders.

"Now, it is perhaps only co-incidental, but those colleges which excel in athletics, particularly football, are not bothered much by male effeminites. Whereas in those colleges which have little or no athletics one would have to look long and late to find a he-man. I would suggest compulsory boxing and football for every male student in every school in the country."

FRANK FRISCH MAY BE UNABLE TO PLAY IN OPENING TUSSELE

Knoxville, Tenn., April 7.—Frankie Frisch, the Fordham flash, will possibly be missing from the Giant's lineup when the world's champions take the field at the Polo Grounds on April 12 to open the National League campaign. This fact developed when a local physician, after examining the ankle wound on the right foot received by McGraw's second baseman about a month ago, declared it would be unwise for Frisch to participate in a game for at least two weeks. Frisch is now hobbling about on crutches, with his injured foot swathed in bandages. It was expected that Frisch would start for his home in the Bronx, but he declared he felt better and expressed a preference to remain with the team until it arrives at the Polo Grounds. Either Johnny Rawlings or Ross Young will take his place at second if he is still incapacitated when the pennant season opens.

P. E. I. Horseshen.

Charlottetown, April 6.—At the meeting of the Prince Edward Island Horse Racing Association held here, H. Kelly was elected president and Colonel D. A. MacKinnon, secretary. The island circuit races will open at Johnston's River, June 14, and be continued at Charlottetown on June 21 and at Summerside July 1. The island horsemen tendered a banquet to W. H. Goucher, of Hartford

HOPPE WILL ENTER BILLIARD BUSINESS
(New York Times)
R. B. Benjamin, manager of Willie Hoppe, has returned to New York. Interviewed yesterday, he explained at some length just why the man who won the world's billiard championship for sixteen seasons and who recently failed to regain his 182 title from Jake Schaefer in a 1,000-point match at Chicago has definitely decided to retire from competitive billiards. It is the intention of Hoppe, Benjamin and Charles Peterson, the fancy expert of St. Louis, to open a string of rooms in the leading cities of the east, and in future they intend to devote themselves exclusively to conducting the business.

Attacked Woman in Street and Wrenched Ring from Her Finger.
Three years in the penitentiary and ten lashes of the cat-o-nine tails was the sentence imposed on Antonio Brazeau by Chief Justice DeCarie in the Court of Special Sessions on Montreal. Brazeau stole a ring valued at under \$5 from Miss Rose Kavanagh of 2,867 Avenue des Belges, attacking her as she was walking along the street near her home on the evening of February 23. After accosting her, he suddenly struck her a violent blow, which for a moment stunned her, and he had just wrenched the ring from a finger of her left hand when she regained consciousness and shouted for help. Brazeau escaped in the darkness, but was later arrested, identified and found guilty. He will receive five lashes soon after beginning his term and the balance immediately before leaving the penitentiary.

OXFORD AND CAMBRIDGE MAKE RADICAL CHANGES
London, April 7.—The joint athletic committee of Oxford and Cambridge Universities, in session here last week, agreed to work out radical changes in the programme of events for the annual dual meetings between the Light and Dark Blues. In the first place it was definitely decided to banish the hammer throw from the list of dual events. A further suggestion to abandon the shot-put, along with the hammer, and to add a 220-yard hurdle race, a pole vault and a javelin throw will be acted upon favorably, it is understood, in the near future.

DON'T CUT OFF THE ENGINE.
While riding on a train recently, William Wrigley, famous gum manufacturer, was approached by a man who addressed him:
"Pardon, me, Mr. Wrigley, but do you know you're wasting a lot of money?"
Mr. Wrigley, always anxious to learn anything about his own business, asked in return, "How?"
"Why, in advertising!" the man replied. "Your product is so well known now you don't need to advertise!"
"My good man," Mr. Wrigley answered him, "do you know what would happen if we were to cut the engine off from this train?"
"The train would coast along a while and then stop, I suppose."
"Exactly," replied Mr. Wrigley, "and that's just what my business would do if I cut off advertising. Advertising is the engine that furnishes the motive power for my business."
AUSTRALIA AND NEW ZEALAND ON THE WAY TO RECIPROCAL TARIFF
