ELECTION CARDS

ELECTION CARD

I beg respectfully to inform the Electors of St. John (not overlooking the lady voters) that, in response to requests from citizens in the north, south and west sections of the City, I have decided to enter the field as a candidate for the office of Commissioner at the ensuing Civic election.
The new council will have to deal with some very important subjects, including the routing of the Valley Railway, the completion of the paving of Main street, the paving of some other streets on which the traffic is heavy, the care and maintenance of all of the streets, the providing of a more equitable system of taxation and the improving of the ferry service in Carleton by utilizing a slip extending to Union street, if the change should be found to be a practicable one.
In these and in several other important matters, as well as in departmental work, I should hope, if elected, to be of service to the City, and I would advocate the "open door" at City Hall and the taking of a plebiscite at an early date on a number of public questions not requiring expert knowledge for their decision.
I will be pleased to receive such support as may be accorded to me.
G. FRID FISHER.

ARE WORKS OF ART
A striking example of the almost limitless decorative possibilities of the better grades of wall paper and the wonderful perfection attained in its production is manifested in the fine exhibit of this year's newest patterns at Douglas McArthur's book store, 84 King street. These particular lines, which arrived here within the last day or two, and have just been opened, are rather out of the ordinary, having been specially selected by Mr. McArthur from the choicest productions of leading makers, and in design and color blending, are veritable works of art. Wallcut applied and cut out borders are strongly featured for the present season. The display, which Mr. McArthur says is the finest he has ever offered, is composed wholly of the latest and most popular patterns of today, and is well worthy of inspection.

DON'T NEGLECT
Your Eyesight
If you go on allowing your eyes to smart, ache and annoy, you may never be able to make them strong again—either can we. Don't procrastinate.

THE ROYAL MOUNTED

Stock Company's Offering Next Week at Opera House

A deeply interesting play is "The Royal Mounted" to be presented at the Opera House, Monday night by the Thompson-Woods Stock Company. It is a story of the Canadian Northwest, featuring the life of the semi-military in that great territory. It is the story of a pretty girl whose beautiful qualities of mind attract as strongly as her physical charms, and the complications arise out of the fact that many of good society are equally attracted towards her. There is a murder, the direct out-growth of a vicious assault upon her by a rascal, and her own and only brother is branded as the murderer. The Canadian mounted police are put on the trail, and while exploring the country in quest of evidence to locate the murderer, the officers find themselves in a very cabin where the guilty man and his lovely sister reside. The officer in charge, Victor O'Brien, soon falls in love with her, and when, in the development of the plot, he reaches that point where he has put the handcuffs on her brother, the scene is thrilling and exciting. On hearing the true story of the homicide, O'Brien exclaims that he himself would have shot the rascal under the same circumstances, and refuses to hand over to the law a man who did only that which was in strict accordance with the first impulse of a manly heart. O'Brien surrenders himself to his superior officer as guilty of neglect of duty and aiding a supposed criminal to escape. In the final act all ends well, and when the curtain comes down every person in the audience feels that he or she has had their money's worth.
Mr. McNeary will be seen as Victor O'Brien, while Miss Brandt will enact the role of Rosa, his sweetheart.

A NEW BUSINESS HOUSE

38 CHARLOTTE STREET
J. R. Pauley Opens an Up-to-Date Tailoring Establishment With Modern Pressing and Cleaning Department

The opening of an up-to-date custom tailoring establishment by J. R. Pauley, at Charlotte street, in the premises formerly occupied by G. W. Salmon, will be regarded with interest by Mr. Pauley's many friends.

With a thorough knowledge of his business resulting from years of experience in every branch of custom tailoring, Mr. Pauley is eminently qualified to furnish all that is newest and best in the style and dependable qualities in made-to-measure clothing that are so much desired by careful dressers.

Mr. Pauley was attached to the staff of C. B. Pidgeon's establishment, as cutter, for a period of four years, prior to which he was identified with the tailoring house of Andrew Pauley, his father, in Prince William street, where he received a careful training in the higher branches of men's tailoring, devoting special attention to the selection of fabrics and the minor points in fit and finish that give snap and style to men's attire.

In connection with his tailoring business, Mr. Pauley will conduct a modernized equipped cleaning and pressing department, which will be placed in charge of a specialist in these important lines. The latest in fashion, dependable garments, best values, quality construction, are the lines on which Mr. Pauley has founded his business, which should have a liberal share of public patronage.

Inter-Collegiate Debates

Mount Allison won the inter-collegiate debate at Sackville last night from N. B. The subject was "Resolved that an imperial parliament would be in the interest of Great Britain and her colonies." The affirmative was taken by Mt. A. and they won on both presentations and argument according to the view of two of the judges, the third holding for U. N. B. on argument. C. E. Phillips led for Mount Allison with W. B. Pidgeon and C. H. Blakeney, while U. N. B. was led by B. L. Sims, with E. W. Rice and S. L. Cronkite. The judges were Dr. MacKenzie, Canon Powell and Dr. Cullen.

The inter-collegiate debate between St. Francis Xavier and Acadia Universities, was held in the Acadia auditorium, Wolfville, on Thursday evening. The honors of the evening went to St. F. X. The question argued was whether or not private ownership and operation of lighting and transportation is preferable to municipal ownership. Antigonish boys argued the affirmative, and were awarded the decision by the judges, Prof. Murray McNeil, of Dalhousie University; Prof. G. L. Moore, of Dalhousie; and Dr. Palmer, of Acadia. The teams were composed of—St. F. X., A. L. McDonald, Charles Henderson and W. F. Chisholm; Acadia, J. A. Hovey, E. M. McKay and W. S. Ryder.
