Decreasing Confidence in Speculative Circles Causes Fractional Gains

PRICES ARE FIRM ON MONTREAL EXCHANGE

Dominion Bridge Only Weak Spot—Atlantic Sugar Is Most Active.

NEW YORK, April 15.—Decreasing confidence in speculative circles was reflected in the rising trend of stock prices at the opening of today's market: Gains for the most part were limited to fractions, but buying orders emiliaced many of the leading railroad and industrial shares. Hudson Motors showed up two points to a new 1925 high, but Mack Trucks fell back on profit taking.

He contended that the minute disclosed only a penalty in the nature of a fine, whereas the conviction itself provided for imprisonment in default of payment of fine. Your Troubles Relieved by Taking Lydia E. Pinkham's Vegetable Compound

These Three Letters Prove It

We are now prepared to book Furniture Sales at residence. Our long experience in sales of Furniture enables us to get you the very highest prices for sales of this kind. Book your sales early. All sales have my personal attention. Ford, Ontario.—''I had a nervous breakdown, as it is called, with severe pains in my back and legs and with fainting spells which left me very weak. I was nervous and could not sleep nor eat as I should and spent much time in bed. I was in this state, more or less, for over two years before Lydia E. Pinkham's Vegetable Compound was recommended to me by my neighbor. Before I had taken five doses I was sitting up in bed and when the first bottle was taken I was out of bed and able to walk around the house. During my sickness I had been obliged to get some one to look after my home for me, but thanks to the Vegetable Compound I am now able to look after it myself. I have taken Lydia E. Pinkham's Blood Medicine in turn with the Vegetable Compound and I certainly recommend these medicines to any one who is not enjoying good health. RIGHT MAN CHOSEN. In looking for a successor the council had steadily become more assured that Mr. Sclanders was the man need-ed to carry out the work that lay before the organization in the next few years. They believed him to be a big man and they had a big job for him so they were prepared to pal him the salary agreed on. To do this they had got a number of firms to pledge themselves to give a certain sum each year for three years.

He outlined the assets of the port, as they occurred to the council members, classing them in four divisions. First was transportation and included the interest the city had in the port business and freight through the port.

TOURIST TRAFFIC.

When your liver gets sluggish and inactive your whole health suffers. Your bowels become constipated; you have sick and bilious headaches; your tongue coated and furry; your breath bad; specks float before your eyes, and often you feel as if you were going to faint, especially if in a crowded place where there is little or no ventilation. TOURIST TRAFFIC. The second was the tourist traffic and he thought that greater publicity was necessary in this connection. Third was the question of industries. The council believed that those now here should be held and that new ones should be drawn here. He declared the vocational school to be an industrial asset. The fourth asset was the agriculture of the province and this should be encouraged in all ways possible.

Laxa-Liver Pills CO-OPERATION REQUIRED. They will stimulate the sluggish liver so that it will regulate the flow of bile to act properly on the bowels, and thus clear away all the poisonous matter that is responsible for all your liver trapples. The great need was for close community co-operation. There had been trouble in past campaigns because there were always manay people opposed to projected matters. This time it was intended to approach all those interested for or against, to hear their views and then to ask for backing. In this way they hoped to disarm criticism.

For sale at all druggists and dealers; put up only by The T. Milburn Co., Limited, Toronto, Qut ARE YOU TIRED? Congratulatory remarks were made by W. F. Burditt, Commissioner T. H. Bullock, F. W. Daniel and Geo. E.

NEW YORK April 15—Western
Union Telegraph, quarter March 21,
28, 114 failed, he got relief from two bottles of Carnol.

The following letter needs no comment from us. We leave Mr. Sinclair to tell you about his experience in his own words,—"I was very much run down and nervous following a railway accident some years ago. Medicines failed to give me any real help, so I decided to try Carnol. I did not have any faith in patent medicines, but a friend of mine said Carnol was far superior to any other of the so-called patent medicines. 'Give it a trial,' he said, and let me know the results.' I am glad to say this wonderful medicine has done for me what no other medicine has done, and it therefore gives me great pleasure to give this evidence in favor of Carnol. I would advise all business men who feel, after the strenuous life of the world, that they need a building up tonic, to take Carnol. It is only by giving it a fair trial that they will know its splendid qualities.

After using the first bottle I noticed a marked improvement. My appetite improved and after the second bottle I could eat like a horse, even raw potatoes and onions would be as welcome as apples. I slept like a log and after a refreshing sleep, I was able to take up the strenuous work of the hustling insurance agent. This work calls for considerable nervous energy in closing business and I can say, with confidence, Carnol has no superior in the medicine line. I would suggest that your company give this letter a most conspicuous place, so that everyone may know what a great medicine is before the public as a restorative tonic and flesh builder. I say, with all confidence, I owe my life to Carnol. Nothing equals this medicine."—Gordon M. Sinclair, Chatham, N.B. 1-24

for twenty years, told the Board of returning here last year and buying a business. He had had great success since that time, he said, his trade havsince that time, he said, his trade having increased largely.

He suggested to the Board that it might well consider the establishment of an automobile tourist camp in or near the city and told of the experiences he had had while motoring here from Saskatchewan with his family. Such a camp would not hurt the business of the hotels, he declared, but would serve to hold automobile tourists here for a day or two and would bring a great deal of summer business to the stores of the city, thus swelling the value to the city of the traffic.
