## PERRY DAVIS'S Vegetable Painkiller.

Internal and External Remedy.

We call attention to the great remedy of Perry Davis & Son, called the Pain Killer. We believe that the public generally have great confidence in the efficacy of this medicine, as it is in this State very generally used.—Biblical Recorder, (N. C.)

"It has been said of old—'This is a world of wonder'—and to the observer is daily presented something new and wonderful, both in nature and art. Men of genius and skill are constantly engaged in seeking out that which may become valuable to the public, and a living emblem to scientists, and from all these wonders which have been brought before the world and particularly our Medical Faculty, there has been nothing as yet surpassed by Perry Davis's

Pain Killer, which is the most valuable family medicine now in use, for many internal and external complaints that flesh is heir to. To convince you of the fact, you have but to call at the Drug Store, where you can get a bottle—from 25 cents to \$1.—Tennessee Organ.

As a means of removing pain from the body no medicine has ever acquired a reputation equal to Perry Davis's Pain Killer.

The sale of this article has exceeded all belief.—But it has real merit and that is sufficient.—Newport (Ky) News.

Thomas S. Ramsey, writing from Remington, Burmah, Dec. 19, 1856, says:—"It is becoming more popular, and in several instances I am assured that the cholera has been arrested and life preserved by its use. The true prevalence of cholera here has except of about all the Pain Killer. I had, and purchased looking to me for a supply, will be disappointed in my inability to supply. Please send me no less than \$100 worth by first opportunity."

Rev J. Phillips, formerly of the Orissa Mission, India, writes:—"My wife is using your celebrated Pain Killer for rheumatic affection from which she has suffered for years, and with better effect than any other of the various remedies she has tried; and I am using it for dyspepsia and kidney complaints with good success."

# INK. INK.

A NEW IMPERIAL CHEMICAL WRITING INK.

Warranted not to Injure by Freezing.

THE want of a good description of Black Writing Ink has been long and severely felt in this Province; one great difficulty is, that Ink now in use is completely useless after freezing; number is, that it corrodes any pen except gold, destroying pens very fast; it will also become thick after being exposed to the air,—it cannot be avoided on account of the ingredients most Ink is composed of.

The subscriber begs leave to inform his customers and the public generally, that he has manufactured in Canada, a fine Chemical Ink, which is warranted not to injure by freezing—in fact, after freezing some five or six times, it becomes blacker—making it the best Ink for this climate; it is also warranted not to corrode, making a saving of 50 per cent. It being a Chemical Ink, it is free from the annoyance of sediment, causing no trouble in cleansing bottles. In writing, you can perceive a slight shade of blue, owing to its flow free and easy.—Government Offices, Banks, and Merchants in Canada have pronounced it superior and cheaper by 25 per cent. than any ink they can import. Merchants in different parts of the Province will find it useful to their advantage to buy this Ink instead of importing it; it will insure them a larger profit, quick sales, and they can recommend it to be well adapted to this climate. It is put up in bottles, and retailed in—Pencil 4 Pints Is. 6d., Quarts 2s. 6d., or by the Gallon. A large discount made to wholesale orders.

Orders received from any part of the Province previous to 1st September next, can be supplied this Fall. The subscriber ranks it as above described, or the money will be returned.
