Normal School Students Disturb the Dreams of Fredcricton Citizens

Death of Mrs. Knapp, Wife of Charles E. Knapp.

Fredericton, June 13.-There was a very pretty wedding in St. Ann's church at an early hour this morning. The contracting parties were Miss Kathleen Beckwith and Arthur Gibson, son of John Gibson of Marysville. After the ceremony the happy couple left in the Woodstock train for a short. trip. The bride is the second daughter of ex-Mayor Beckwith and a very po-

pular young lady. The High Court of Foresters meet here the first of July and posters announce rates from all parts of the pro-

The hot wave which struck here Tuesday still continues. Yesterday the mercury went up to 90 and today has been a degree or two higher.

The following have been elected

trustees of St. Paul's' church: James Hodge (chairman), George F. Gregory, Julius L. Inches, Z. R. Everett, James R. Howie, Dr. Crocket, Frank Morrison, Daniel Jordon, Daniel Richards and Thos. G. Loggie.

The York county Orangemen are preparing to celebrate July 12th in grand style The general committee held a meeting last night and appointed as reception committee Jos Walker, 'Ald. MacPherson, Ald. Adams, Henry Wetmore, Sergt. Cochrane and Andrew

The military band will give a concert in Wilmot park, Saturday after-

The Normal school examinations were concluded today and the applicants leave for their homes in the morning.

Fredericton, N. B., June 14 .- The Normal school students, at least that portion of them who are pleased to call themselves young gentlemen, made merry from midnight till dawn of day morning. Their merriment in some cases was not considered pleasure to those whom the yells, cheers, cat-calls, songs and uproar disturbed in midst of midsumm dreams, but college boys have done the same and why should not the students of the Normal school be permitted to ape the boys from the uni-

Col. Marsh committed Fred Jones this afternoon for trial at the next county court on a charge of burglary into Sheriff Sterling's warehouse. Prof. Duff and wife of Lafayette,

Indiana, are here and will remain with Mrs. Duff's people at Kingsclean a few days before sailing for Europe. Several heavy thunder showers pass ed over the city this afternoon and

Daniel Lister has purchased George Edgar's restaurant. Mr. Edgar left town quite suddenly one day last week and is now said to be in Halifax. Rev. Dr. Brecken will likely remain pastor of the Fredericton Methodist church for another year.

Fredericton, June 16.—During the thunder storm Friday afternoon the lightning struck a barn belonging to Moses Fleming at Scotch Lake. in this county, and set it on fire. Just a few minutes previous to the barn discovered on fire, Wm. Moores and his wife had sought shelter from the shower and driven into the building with their horse and carriage. The horse was tied in the barn, attached to the wagon, and the occupants had scarcely got into the house when the barn was seen to be burning. Mr. Moores, with others, rushed out at but found his horse lying dead on the barn floor. There were two other horses of Mr. Fleming's in the barn, which were not injured, and were got out with some difficulty. The barn was totally destroy

The infantry corps stationed here is now being reduced to seventy-six mon-commissioned officers and men. A number were discharged yesterday and the remainder will get leave this week. All are getting their discharge at their own request.

The Fredericton Boom Company are rafting logs now at the rate of about one million feet per day. Friday last 180 men at Douglass boom rafted 2,531 joints, the largest day's work at one boom in the history of the company. Rev. Geo. B. Payzon performed a marriage ceremony last night between William H. White of Gibson and Mrs. Ellen Linforth of this city.

ALBERT CO. Hopewell Hill, June June 13.-The following delegates to the Eastern Baptist association, which meets with the First Hillsboro Baptist church on the 20th of next month, have been appointed by the Hopewell church: Rev. B. N. Hughes, Capt. J. B. Tingley, River sfde; J. C. B. Olive, Lower Cape; Rufus Tingley. Albert: M. M. Tingley Hopewell Hill; Mrs. Hughes and Mrs. Olive. Rev. Mr. Hughes leaves this week, to be absent from his charge for some weeks. During his absence his appointments will be taken here by his brother, Rev. John Hughes of St. John, and the Rev

Havelock. A detachment of the Salvation Army, known as the Jubal Brigade, which is making a tour through the province, giving concerts, are holding forth this evening at Oulton hall, Albert.

The weather here continues unusual ly dry, and if it were not for the Fundy fogs that roll in from the bay in the evenings, the crops would suffer. Reports from Elgin and the back settlements beyond the reach of the fog and the damp breezes, state that the grass and grain is suffering considearly from the drought.

fine residence of Frank Carney at the Hill has been painted by John Duncan and is now one of the hand-somest places in the village. The body of the house is white, with French gray and Indian red trimmings. Other residences that will be painted are those of Huestin Stewart, Capt. Bacon and Allen Bray. The metamor-

phosis wrought by the magic brush of Painter Duncan has been quite wonderiv!, and the greatly improved ap-pearance of the village is the result. today says spring lambs are selling there lke hot cakes. One butcher bought 90 lambs today, paying \$2 a piece al! round.

The rew fence around the public school grounds at the Hill was completed this week.

NORTHUMBERLAND CO. Northesk, June 12.-A very pleasing event took place at the R. C. church, Newcastle, when Martin Clancy of Newcastle and Miss Annie Jane Mc-Keever, eldest daughter of Neil Mc-Keever, of Southesk, were united in marriage by Rev. Father Dixon. The happy couple intend residing in Newcastle. Wm. Curtis, one of our popular young men of Whitneyville, mar-ried Miss Porter of Queens Co. Their

future home will be in Doaktown.

Miss Maud Stockall of Halifax, N visiting her sister, Mrs. Alexan der Hare of Whitneyville. Mis Christina and Blanche Dunnett o Lawrence, Mass., are home on a short vacation. Mrs. Blue and children as rived last week from Boston. She wi spend the summer with her fathe Wm. McLean of Whitneyville.

CARLETON CO. Hartland, June 13.-Harris D. Kes wick, son of D. H. Keswick, lumber man, was married last night to Mis Eva V. McAdam at the res William McAdam, the bride's father Quite a large number of invitation were isued. Miss Maud Keswick was bridesmaid and Dr. Estey officiate as groomsman. The happy coupl took the 9.40 express for Boston ami the conventional shower of rice an old shoes and the firing of rockets. A meeting of the ratepayers of Har land was held to vote on a motion t accept a loam of \$4,000 for ten year at 5 per cent., and thirty years at per cent. The motion was carried This money is for the construction of the long talked of system of water works, which will be commenced a once. Charles McCormack of Some ville has the contract for building the reservoir, which will be of spruce tim-ber. John Thomas of Hartland has the contract for trenching and excavating.

Although the ass purposes in Hartland district is \$116 more than it was last year the rate of taxation is less, considerably. This is owing to the large increase in the

Ripe strawberries are plenty, the earliest for many years. The cheese factory here began the season's operations last Monday with better prospects than last year, as far as a supply of milk is concerned. Eighteen hundred pounds is the amount received daily already, which is as much as was received any time last summer, and there will be several hundred pounds more come in after a short time. W. A. Kay of Waterville is managing the factory. Frank Tilley runs the factory at Waterville.

George Cox has three houses to build here this summer. J. E. and M. E. Thornton have opened warerooms for agricultural implements, organs, sewing machines, etc.

Work on the telephone line from Woodstock will be resumed on Mon-day. The line was commenced last fall, but the contractor was unable to secure a sufficient supply of poles.

The sawdust from Sawyer's mill floats down past the village, making the surface of the water white and Codfish, Haddock filling in the eddies and making the Pollock water unfit for use. This is also destructive to salmon fishing here.

SUNBURY CO. Blissville, June 14.—Stephen Crawcted resident of Mill Settlement, died at his home at the age of 77 years and was buried on June 3rd, at Blissville burying ground. Deceased when a young man went to Australia and worked in the gold mines for several years where he amassed considerable wealth. He leaves two sons and three daughters by a first marriage. His second wife who survives him, was a widow of the late Wm. Tingley of Tantramar,

Westmorland county. A quiet wedding took place at the esidence of Christopher Duplisea on the evening of June 12th, when Manley Duplisea was united in marriage to Miss May Hayward of Lincoln, Sunbury county. Rev. W. H. Perry performed the ceremony. YORK CO

Moncton, June 14.—The remains of Cassie Steadman, whose death at Shediac has been reported ,were brought here this afternoon and deposited in the Rural cemetery. Rev. W. W. Weeks has decided not

to accept the Toronto call, the church here at a meeting last night increasing Java, per lb, green........ 6 24 " 0 26 his salary to \$2,000. It has been \$1.800. Mr. Weeks had calls from Halifax and Brockville as well as Toronto.

The railway officials here think they should have been included in the order of the minister of railways for holidays. It is likely that a petition will be forwarded to the minister setting forth the claims of the officials here, who work harder and receive less pay than like officials in any other branch of the public service

Dorchester, N. B., June 16.-This afernoon at five o'clock the death of Mrs. Chas. E. Knapp, wife of the registrar of probates of Westmorland, was announced. Her death was a sudden shock to the town, notwithstanding that she had been unwell for some time. The deceased lady eaves a large family to mourn their oss, most of whom reside in the United States. Miss Julia, who lives at home, and Mrs. R. B. Smith of Moncton are the only two residing in this province. The deceased was a member of the Baptist church of this place. The funeral will take place from her late

J. A. S. Mott of the statistical office of the customs has received notice that his salary has been increased from \$1,050 to \$1,200. Mr. Mott, in addition to his other work, is inspector of cornmeal mills.

The pleasant and beneficial effects of McLean's Vegetable Worm

THE MARKETS.

A gentleman who came from Elgin Revised Every Monday for the Weekly Sun.

> COUNTRY MARKETS. There was but little variation in the market last week. Beef was firmer, and the outside figure was advanced to 9c. again for best quality. Other meats poultry, butter and eggs showed no change. New beets in bunches are now in market, and new carorts and rhubarb are cheaper, the latter selling freely at half a cent a pound. Cucumbers vary greatly in quality and run all the way from 25c. to \$1 per dozen. Potatoes are very dull. The marke shows no feature worthy of special note beyond these slight changes.

Fresh salmon is cheaper, and large dry cod now sell ex-vessel at nearly the same rate as medium. There is no other change. The salmon catch varies con siderably, some days being very small. A few shad and gaspereaux are still coming in, and more or less dry cod, pollock and hake from over the bay. Trade is dull. | Trade is defined by | 3 75 | Codfish, per 100 lbs, large dry 4 00 | Codfish, small | 2 75 | Haddock | 0 00 | Codfish | 1 55 |

LUMBER AND LIME. The lumber exports last week both to British and U. S. ports were the largest of the season, and included about twelve million feet of long lumber, over five million laths and over three million shingles. A large fleet is now loading. The markets appear to be holding up very well, and there is a much better feeling than prevailed a year ago. The United States lime market is completely demoralized. A dealer said on Friday that the New York price was 60c. per bbl., or about the same as in St. John. By the time freight, duty and commissions are paid the balance does not make a

France 5,969 2,091 ..18,220 MANITOBA CROP REPORT.

The first official crop report of the Manitoba department of agriculture for this season has been prepared from correspondence dated June 1. The condition is everywhere reported as excellent. Regarding the May frosts many correspondents assert that they were beneficial to wheat in checking too rank growth and causing it to stool out better. The area reported in acres of the principal crops, compared with the area sown last year, is as follows:

The total area in all crops is 1,887,-

796, being an increase of 295,402 acres over last year.

P. E. ISLAND.

Bedeque, June 6.—Vegetation is very forward and the prospects for hay and fruit very encouraging.

Bedeque Sabbath school elected A. M. superintendent; W. A. Leard, assistant; Wm. Calbeek, secretary; Mrs. Campbell, treasurer, and Mrs. A. M. Wright, librarian, for the year. The teachers are the same as last year. The school is in a very flourishing condition.

The Bedeque W. M. S. at its meeting year.

condition.

The Bedeque W. M. S. at its meeting yesterday elected Mrs. Herbert Lord delegate to the annual meeting to be held in Sussey, N. B., in October next; Mrs. A. M. Wright, the annual meeting to be held in Sussey, N. B., in October next; Mrs. A. M. Wright, alternate.

Capt. Rollo McKay, who has been sick for nearly two years, died this morning, aged 46, leaving a widow and one son and one daughter to mourn their loss. Mr. McKay was a native of Cape Spear, N. B., and a son of the late Alexander McKay of that place. He has followed the sea, trading with his own schooner for several years, and was highly respected by all. He run in the coasting trade, and has brought coal to Bedeque for many years. He owned the schooner Comodore, which sank at Crapaud some years ago, loaded with coal. His last vessel was the Surprise, which he sold last fall. He did a trading business between Summerside and Miramichi for some years.

The Dunk River cheese factory started on Wednesday. The new boiler is in place and gives great satisfaction. Already 6,000 lbs. of milk have been received in one day. Mr. Burges of Ontario, Mr. Larkin of St. Peter's Bay and Jesse Schurman of Bedeque are in charge of the factory, and are doing excellent work.

Tryon, June 8.—Farmers are favored with beautiful weather for putting in

with beautiful weather for putting in the crop.

The Tryon Woolen mills are now running on full time. The creamery is doing good work and milk is now becoming quite plen-

Victoria. June 8.-The trips of the Jacques Cartier are now twice a week. This is a great advantage to the en-

tire community. The schools here are making excellent progress under the principalship of Mr. Carruthers, with Miss Tuplin as teacher in the second department.

Mount Stewart, P. E. I., June 11 .-A late census of the city of Winnipeg, Manitoba, shows a marked increase in the population of that western city during the last year or two. A similar test would show that Mount Stewart has increased quite as much according to its population during the last two months. If the immigration in that direction, this good old village will soon be able to boast of as large

There seems to be no end to the accidents happening in this part by fire. One day last week while Mr. and Mrs. James Campbell of Pisquid were absent from home, their little children accidentally set fire to the barn, which in a short time, together with a couple of outbuildings, was burned to the ground. Mr. Campbell's loss is considerable, having had a lot of valuable staff, among the rest a fine threshing machine, destroyed with the out-

A horse and cart, filled with stone went over the aboiteau this morning and, strage to say, the animal was not hurt. It fell about fifteen feet into the river. Forunately, the axle and wheels separated from the body of the cart, and the horse with difficulty kept himself affoat for over fifteen minutes till a dory was manned and sent to assist the animal ashore.

Isaac Jay, principal of Mount Stewart school, has sent in his resignation. Parents and children will regret very much to part with his services, as he had proved himself a very efficient

Joseph McDonald of St. Andrews has passed away, after an illness of over three months. There is much sympathy for his relatives and friends.

SALMON CANNERY IN ASHES.

Victoria, B.C., June 13.—The steam Danube arriving from the north this morning, reports the total destruction of the Windsor Salmon Cannery on Skeena river, lith loss of \$40,000. The fire occurred June 1st and it was with the greatest difficulty that the wharf and settlement buildings were saved. The Windsor cannery was owned by the B. C. Canning Co. of London. Mr. Windsor, who formerly owned this cannery, and is a member of the B. C. Canning Co., is a native of Res tigouche county and was one of the pioneers in the canning business in British Columbia. The whole Windson family are engaged in the canning business, and have factories about the Bay of Chaleur, as well as on the Pacific

A domestic who hal recently arrived in Chicago from Sweden was instructed to boil some potatoes for breadmaking purposes. She put them in a wash boiler with some clothes, and upon being taken to task for it, explained that this was the custom in Sweden; that in this way the housewife starched her clothes, while at the same time preparing the potatoes bread-making .- Chicago Times-Herald.

Nothing can kill self respect; every-

THE STATE OF TRADE.

Labor Troubles are Getting Out of the Way and Business Improves.

The Government Crop Reports Not So Bad as Reported Recently.

The Condition of Business as Reported by Dun & Co. and Bradstreets

New York, June 14.-R. G. Dun & Co. in their weekly review of trade tomorrow will say: It is no longer a question whether business improves For a long time have our reports from all parts of the country have been uniformly favorable.

The daily average of bank clearings in June is 24.8 per cent larger than last year, though 11.4 per cent less than in 1892. The most important influence has been the receipt of more favorable advices regarding growing crops. Even official statements help-ed, because altogether less gloomy than previous rumors. Labor troubles are getting out of the way, and many establishments are rising, and with the iron industry just now leading, there is general improvement in manufactures. Monetary conditions also help. The time draws near when, with good crops, exports will bring gold higher, and though foreign operations in stocks and bonds have be nificant this week, the effect of previous transactions have been exhaust-

The government crop reports were so much less dismal than was expected that they readily extinguished fo a time a host of calamitous rumors. The decidedly cheering outlook for spring wheat, which our own and other private advices confirm goes far to balance the reports of the loss in the winter wheat regions, and even these, in the light demonstrated before the deficiency of the official returns of acreage, were found far more encouraging than previous accounts.

The western receipts for the two weeks of June were 3,116,6%0 bushels of wheat, against 3,001,122 last year, while the Atlantic exports (flour included) were only 2,364,847 bushels, against 4,630,227 last year.

The effect of the rise in prices were seen in the officual report of May exports showing decrease of one million bushels from Atlantic, but an increase of two million bushels from the Pacific ports. The price declined 2 1-2 cents, with small trading. Corn also declined about 1 cent, with better reports of growth.

The official statement of 14.8 per cent decrease in cotton acreage was quickly found, in view of revised government estimates for last year, to mean more than twenty million acres now growing cotton, which much exceeds the official estimates, and from an area no greater over nine million bales were produced in 1891, so that the report gave no aid to prophesy of evil. The same reduction would well for the south is clear, but the heavy present surplus will cover a

larger loss than seems probable The cotton mills are doing well for the season, and numerous advances of an eighth to a quarter in brown sheetings, drills, bleached muslins, denims and ticks are still reported.

The wool manufacturer looks for speedy settlement of labor troubles. and finds a moderate demand for low continues, and the indications point and medium heavy weight goods, while some of the cheaper lines of spring goods have been opened at ena percentage of increase as any city couraging results, but in the better in the west. tainty about prices. Wool sales for two weeks of June have 12,541,965 pound against 11,520,550 in 1892, of which 6,791,300 were foreign this year gainst 5,568,300 in 1892. Domestic supplies come forward slowly, growers expect an advance like those in cotton and wheat and without change in quotations the market shows a firmer

> The output of pig iron June first was but a trifle larger than May first. Stocks unsold were reduced in May 96,570 tons by stoppage of many Mahoning, Shenando and Virginia furnaces, which afterwards resumed. The anthracite coal trade does not maintain the improvement recently reported, and with palpable over-production. bad faith being charged again, the price has declined 25 cents. The coke producers about Connellsville have not yet made open declaration of their new compact, but contracts are being made at \$1.35 for the last of the year, with provision for advance if wages

> The failures for the past week have een 241 in the United States against 238 last year, and 24 in Canada against

New York, June 14.-Advices from Montreal are that the upward tendency of prices for leather has checked business with manufacturers of shoes, as the retail trade anticipated a reaction. There is a noticeable improvement in the demand of staple goods throughout the province of Quebec compared with last year.

The Ontario collections are made

more promptly and business on the wholesale lines is fairly active. The hay crop in Nova Scotia and Prince Edward Island is reported excellent, as are the cheese industries and fruit crops in the latter. Trade remains quiet in New Brunswick.

The bank clearings at Winnipeg. Hamilton, Montreal, Halifax and Toronto aggregate \$22,662,000 this week, a shade more than last week, and as compared with \$18,436,000 in the week a year ago, and about the same amount There are twenty-one business failures reported from the Dominion of Canada this week, against twenyseven last week, thirty in the week a

year ago, and thirty two years ago. The causes of death reported at the board of health office for the week ending June 13th were: Bronchitis, 1; neumonia, 1; carcinoma uteri, 1; acute rheumatism, 1; tubercular meningitis, 1; old age and debility, 1; total, 6.
