GOAT'S MILK IS HEALTHFUL.

The milk of the goat has of late been the subject of much investigation and get at their medical authorities are unanimous in declaring it to be the most wholesome and desirable milk obtained from animals for human consumption. To begin with, the goat is extremely unsuceptible to, and, indeed, practically immune from tuberculosis. In conditions which can hardly come about in the ordinary course of things, next cow's milk to human milk, not only in its composition, but also in its peculiar fermentative properties—an important point. It has been established beyond refutation that infants deprived of their mother's milk thrive upon goat's milk much better than on that of any other animal.

ANOTHER LONG LIST OF TRAGEDIES OF VARIOUS KINDS

NEW YORK, March 17.—Of the fatalities reported to the police today nearly a dozen were due to asphyxiation by illuminating gas. There were also the usual number of Sunday suicides and violent deaths through various accidents.

Mrs. Henrietta Hesse, aged 71 years, following a visit to the cemetery where friends were buried, ate Paris green and died in agony.

Francis Murray, 80 years old, and dependent, cut his throat with a pen knife, and was found dead in his bathroom.

Henry Ginzzenas, forty years old, was burned to death in a fire that destroyed a boat in which he was sleeping, off College Point, L. I.

Miss Mary Chandler, 19 years old, fell from a trolley car and died from her injuries.

Edward J. Langme, a policeman, 26 years old, fell into the water in trying to board a moving ferry boat and died soon after being pulled out. The body of an unidentified man was taken out of the North River and another unidentified man was cut in two in a train yard.

Mrs. Annie Bergen, 44 years old, with a lighted candle in her hand, set fire to a curtain and in attempting to extinguish the blaze she was fatally burned.

SAN LUIS POTOSI, Mexico, March 17.—Dispatches from Rio Verde state that Juan Puntano, a ranchman of that place, assassinated his sweetheart, the landlady and her daughter at the house where she was living. Jealousy is ascribed as the cause for the crime.

RICHMOND, Va., March 16.—A despatch to the Times Dispatch from "Norton, Va., tonight says: An explosion occurred in the mines at Greenough early today after several miners had entered their working places. This mine is located on the Norfolk and Western Railway seven miles east of Norton and is owned and operated by Bond and Bruce, of Wise. As far as can be learned ten miners have escaped slightly injured. Eleven have been taken from the mine and four are known to be in the mine and supposed to be dead. The cause of the explosion is unknown. Rescuing parties fully equipped are on the scene assisting the operators and miners to get out of the mine and everything that can be done is being done for immediate relief. This is the first mine explosion that has ever occurred in the Wise county coal fields.

PARKERSBURG, W. Va., March 17.—The bodies of John E. Francis, his son Henry, and daughter Della, who were drowned Friday night, while fleeing from their flooded home, were recovered today.

The river has fallen two feet, but the flood situation is little improved. There is much suffering, and the city is without street cars, gas, electric lights or water.

CINCINNATI, O., March 17.—By the explosion of 250 pounds of dynamite in a shack on the site of the new city hospital in Avondale, residential quarters, early today, enormous damage was done to nearby residences and buildings. People all over the city and suburbs were alarmed by the concussion. All glass within half a mile was broken, neighboring store fronts were blown out, sewers disconnected. The German Old Men's Home and the Jewish Hospital, the largest buildings near the explosion, both suffered seriously.

The cause of the explosion is unknown, but a number of men recently discharged by the hospital contractors, are said to have made threats.

ALABAMA, France, March 17.—During the manoeuvres last night without lights, the torpedo boat destroyer Epeo rammed torpedo boat No. 26. A steam pipe of the last named vessel burst, killing two men and mortally injuring another. The Epeo towed the torpedo boat ashore where she was beached.

WILKESBARRE, Pa., March 17.—John Bushus, aged thirty, a Russian, was murdered Saturday night at Brookside, a suburb of this city, by Petro Komick, aged 33 years, a Pole. Komick came home about midnight and it is alleged found Bushus in the company of Mrs. Komick. Komick secured his mining pick and literally beat Bushus to pieces. When life was extinct he dragged the body to Mill Creek, nearby and threw it into the stream. The murder was not discovered today when the body was found. Bushus was found. Komick escaped.

HILLSDALE, Mich., March 17.—Mr. and Mrs. L. H. Terpening, an aged couple, who had been in feeble health for months, attempted to commit suicide together last night by wrapping their heads in chloroform.

Only the aged woman was successful. When they were found she was dead and her husband, although unconscious, responded to treatment. They had evidently planned their suicide together for some time. The chloroform was purchased ten days ago and yesterday Terpening gave \$25 to a neighbor to be used for their funeral expenses. Both of them had been in feeble health for so long that no suspicious circumstances were aroused by this act.

TUCSON, Arizona, March 17.—L. T. Walden, superintendent of the Puerco mines in Scrilla mountains, was killed yesterday by the explosion of a blasting cap which he was crimping between his

teeth. He lived several hours with his head almost off.

COLUMBUS, O., March 17.—Herbert Davidson, 19 years old, today confessed to the murder of Effie Mason, who was found strangled to death in her room a month ago. Davidson was arrested last night when he went into a pawnshop to redeem a watch that had been identified as belonging to the murdered woman. In the confusion, Davidson said he had quarrelled with the woman because she refused to return some money he had given her. He had been drinking, he said, and in a furious passion he seized the woman by the throat and choked her, leaving her, as he supposed, on the floor. Being unable to find the money he says he took the woman's watch and pawned it.

BRUNSWICK, Me., March 17.—Mrs. Lucy E. Frost, 78 years old, and formerly of Bath, was killed today, it is said, accidentally, by the discharge of a shot gun which was being cleaned by Horace E. Dunning, the owner of the house and for whom Mrs. Frost acted as housekeeper. The shooting took place this afternoon and within an hour a coroner's jury had been impanelled and began an investigation of the case. The jury adjourned until tomorrow without returning a verdict, but no attempt was made to place Mr. Dunning under arrest.

Mr. Dunning is a widower and lives about a mile from the centre of the town. He told the jury that he did not know the gun was loaded. His wife tore a hole in the woman's breast from the effects of which she died within a few minutes.

Dunning immediately notified the neighbors and the authorities were soon on the scene.

It is expected that the jury will make a report in the morning.

CONSTANTINOPLE, March 17.—A telegram received here from Trebizond, Asiatic Turkey, says that Hamdi Pasha, commanding the local troops, while leaving the Mosque today, was assassinated by a non-commissioned officer who had been punished shortly before.

PROVIDENCE, R. I., March 17.—Crushed by pain from the grip, which he had been ill for several weeks, Ralph B. Howland, a machinist, 18 years of age, committed suicide today at his boarding place, and died by shooting, during the temporary absence of his nurse.

PETERSBURG, March 17.—A shooting affray took place tonight in the dining hall of the Grand Hotel De Europe, between Prince Nikaridze, a Marshal of the nobility from Kutais, and Captain Kosloff, of the East Siberian sharpshooters. In the midst of a spirited argument concerning the autonomy of the Caucasus, Prince Nikaridze made a disparaging remark about Russia's military prowess. Thereupon Captain Kosloff drew his sabre and cut off the Prince's ear. Reaching in to his pocket the Prince pulled a revolver and taking aim fired twice, the bullets penetrating the neck and breast of the captain.

A surgeon was called in and sewed on the Prince's ear. Captain Kosloff's wounds are dangerous.

NEWFIELD, N. H., March 17.—Joseph Rogers, 15 years old, of Somerville, Mass., was accidentally shot but not seriously wounded, on the farm of Michael Doherty today, through the accidental discharge of a small rifle in the hands of a young lady companion. Rogers was sent to Boston on the afternoon train and tonight it was said that the bullet which had entered the side of his head, had been extracted and that he would recover.

SAN ANTONIO, Tex., March 16.—A special from Oaxaca, Mexico, says that last night a band of ten armed men held possession of the highway about ten miles from Tule and robbed thirty persons of more than \$3,500. The victims were held captive by the robbers until operations were concluded. The highwaymen escaped into the mountains before an alarm was given. A force of rural police are in pursuit.

PHILADELPHIA, March 16.—Lying side by side on a bed in their home here, Thomas Sherlow, 64 years old, and his wife Annie, 67 years, were found dead this afternoon, asphyxiated by illuminating gas. A fox terrier lay dead beside them.

A deputy sheriff who had gone to the house to serve a summons for debt made the discovery. The police are inclined to believe the couple have been dead since some time Thursday night. The stopcock of a gas jet in the kitchen was turned on and the house was filled with gas.

Sherlow had a good position and had no apparent reason for suicide save the few debts which the deputy sheriff went to the house to collect.

The couple were fully dressed when found.

SHAMOKIN, Pa., March 16.—Charles Yeschhaus, a shoemaker, was murdered here today by an unknown man, the motive probably being robbery. The murderer attacked the shoemaker with a hatchet and escaped, the police think, with \$300 belonging to the victim.

NANTES, France, March 16.—The strike of the streetcars of this port resulted today in violent rioting in the course of which a spectator of the disorder was shot dead. A mob stoned the gendarmes and police who were forced to disperse the crowd with drawn sabres.
