WILL CELEBRATE FIFTH ANNIVERSARY

St. Martin's Pastor Completes Five Years of Service.

Rev. C. W. Townsend to Preach Special Sermons Tomorrow—Congregational Meeting Will Be Held on Tuesday

ST. MARTIN'S, May 31.—Rev. C. W. Townsend, pastor of the Baptist church here, completed five years of labor among the people of St. Martin's today. The occasion will be fittingly observed. A few days ago Mr. Townsend sent a letter to the members of his congregation, in which he stated that he did not feel like letting such an occasion pass without expressing his gratitude both to God and to those who had labored with him in the gospel. He will preach

REV. C. W. TOWNSEND.

special sermons on Sunday, June 2nd, and on the following Tuesday evening a congregational reunion will be held to which all are invited. On that day the pastor will be in the pastorate of the church for five years. On that day, too, he will meet his friends who call upon him to receive their thank offerings. Each church offering will be deposited in the treasury and the amount of the offering will be \$100. For that purpose not less than \$50 will be needed.

The Rev. C. W. Townsend was born at Reading, Berkshire, England, and is now a fellow townsman of the famous journalist and author, Professor Goldwin Smith, who has long resided in Toronto. After receiving a good general education he was engaged for some years in mercantile life in Bradford and London. Being called to the ministry he entered the Rev. C. H. Spurgeon's college, and after taking a full course in that institution, he was ordained at Lichfield, North Preston, in 1881. Of the twenty-six years of his ministerial life seventeen have been spent in the Dominion.

CANADIAN CLUB HAVE SECURED "RALPH CONNOR"

Ralph Connor, who is a member of the executive of the Canadian Club of Winnipeg, will address the Canadian Club of St. John at a luncheon at White's at one o'clock on Monday next. All who desire to attend are urged to get their tickets today, that all who may be provided for. The subject of the address will be "Some Canadian Ideals."

CHICAGO, May 31.—The Chicago Chronicle this morning announces that it will cease publication with this issue owing to the fact that the paper has been unprofitable for some time. The Chronicle began publication on May 28, 1886 as the only Democratic morning paper then in Chicago.

CITY ROAD DWELLING BADLY GUTTED BY FIRE LAST NIGHT

The substantial wooden residence at the corner of City Road and Brimley street, the property of Mrs. Susan Case, was badly damaged by fire last night. The origin of the fire is unknown. The fireman of car No. 44 noticed a blaze issuing from the house as he was running by the building. He stopped the car and rang in an alarm from box 412, and the fire department soon responded.

The entire damage to the building and household effects of the occupants will be in the vicinity of \$2,000. Besides Mrs. Case, who lived in one of the upper flats, the house was occupied by Isaac Mann, George Addison and George Briggs. The fire started in Mr. Briggs' flat, which is downstairs. It soon spread, reaching and extending along the roof of the building.

The members of the Salvage Corps spread covers over the greater portion of the furniture in the building and some of it was removed from the house. The building was considerably damaged by water. That it had been very substantially constructed was shown by the fact that notwithstanding the great amount of water poured into the building none of the ceilings fell. The house was built in the fifties and formerly belonged to the McGuigan estate. The dwelling is insured for \$1,000 with White and Calhoun. Mrs. Case's furniture is insured for \$500 with C. B. L. Jarvis, and a piano belonging to Miss Case is insured for \$300 with White and Calhoun.

Mrs. Case said her insurance would not cover more than half the loss sustained. Mr. Mann's effects were not insured. Mr. Briggs and Mr. Addison had only moved into the house on the first of May, and were uninsured. The Union, Brussels, City Road and Paradise Row street car service was hung up from 7:30 to sometime after 11 o'clock owing to the fire.

NEW STATION FOR NEW BRUNSWICK SOUTHERN RAILWAY

The New Brunswick Southern Railway are again changing their passenger station, in the West End. Their new quarters will be in the wooden building at the head of the West Side street, which has been in the hands of the C. P. R., was before the days of that railway the passenger depot of St. John and Maine Railway. Afterward the New Brunswick Railway. It will be remembered that only some months ago, at the time of the Union street cave in, the city made an exchange with the shore line and took from their station the building which the new Clarke wharf, giving them the city building on the other side of the ferry docks.

This building was repaired and used as a depot. The company's plans, however, have again been changed and the station recently used by them is being rapidly demolished, the upper floor having already been torn away. The new terminus, being so close to the ferry landing, will be very convenient for travellers. Those who believe that the control of the New Brunswick Southern Railway has passed into the hands of the C. P. R. will find further evidence in the fact that the two railways are in this arrangement. Col. H. H. McLean returned yesterday from Montreal, and when seen last night said that he had nothing to announce concerning any change in the control of the company, and laughed when asked about the attempt of the Harriman interests to obtain possession of it.

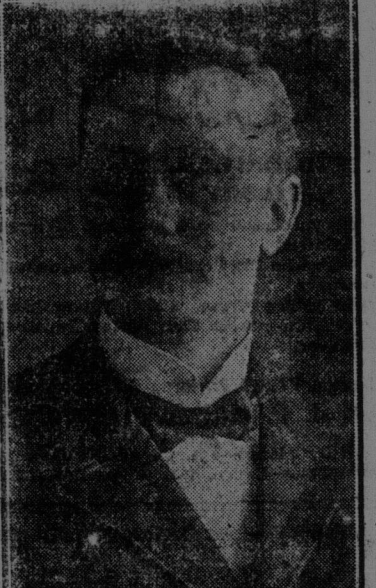

William Scott.

The death occurred at the General Public Hospital at ten minutes to twelve last night of Wm. Scott, of Milks, Kings Co. The deceased had been suffering from stomach trouble for the last five months and two months ago was brought to the city. The late Mr. Smith was seventy-one years of age and had lived all his life in Milks. He is survived by a wife and two young children, N. C. Scott and Fred G. Scott of this city, John B. Scott of Milks and Joseph E. Scott, of Pittsburg, Penn., are brothers. Mrs. Margaret Elston and Mrs. Joseph McLean, of Kings Co., are sisters. Interment will be made at Milks.

DR. PUGSLEY EX-PREMIER; PREMIER ROBINSON NOW

Reconstruction Took Place Yesterday -- New Premier Will Act as Attorney-General for a Few Days Until New Appointment is Made--All the Old Members Retained.

FREDERICTON, N. B., May 31.—Late this afternoon the Hon. Wm. Pugsley, premier, attorney general, placed in the hands of the Hon. C. H. Robinson, his resignation. His Honor accepted the resignation and immediately sent for the Hon. Clifford W. Robinson and called upon him to form a cabinet.

PREMIER ROBINSON.

et. Mr. Robinson accepted the premiership. At 7:30 tonight the new premier announced to his honor that he had selected his government as follows: Premier, provincial secretary and attorney general—Hon. C. W. Robinson; solicitor general—Hon. C. H. Robinson; commissioner of agriculture—Hon. L. P. Harris. The governor, accompanied by his secretary R. S. Barker, met the newly appointed cabinet, with the exception of Mr. Harris, who is in England, in the executive council room where the oath of office was administered by the clerk of the executive, J. Howe Dickson.

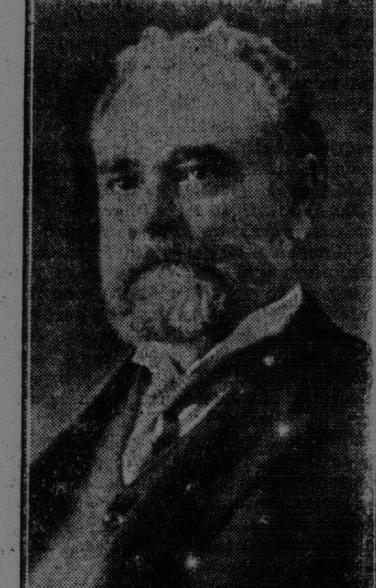

VISITED HALIFAX WHEN HARBOR WAS FROZEN AND SAW SLEIGHS CROSS

HALIFAX, N. S., May 31.—Rear Admiral Sir Nevill was in the city next month, but one will be receiving greetings on the Atlantic coast by the Canadian friends on the Pacific coast. It is now settled that the Duke D'Arbuz, the cousin and representative of the King of Italy, will arrive at Quebec about June 26th. This will be about the time Prince Pushimi, the cousin and representative of the Emperor of Japan, will be in Vancouver. The Italian prince is not coming to Canada on an official mission, but he will come in a more private manner than the Japanese prince, for he will arrive at Quebec with the fleet of Italian warships which the emperor was sent to the United States to represent Italy at the Jamestown exhibition. Canada has every desire to be on good terms with Italy. That was shown by the expensive exhibit which was made at the Milan exhibition. Therefore, unless the prince expresses a desire to make a quiet visit to the principal Canadian cities, he will be received everywhere with a good deal of ceremony and will be regarded as the guest of Canada.

ENGLISH PUBLISHERS ARE DELIGHTED

OTTAWA, May 31.—A meeting of the colonial postal reform committee, representing persons interested in nearly all the magazines, periodicals and newspapers in London, England, and throughout the country, was held recently in the hall of the Institute of Journalists, Tudor street. Sir Hugh Gilman-Rold (chairman) presided, and the following resolution was unanimously adopted: "That the colonial postal reform committee transfers its grateful thanks to the Postmaster General of Canada (the Hon. Rodolph Lemieux) for his active and practical co-operation in securing the reduction of postal rates on British publications transmitted to Canada, and expresses its conviction that the concessions made—as he fittingly puts it—in the direction of intellectual preference will prove to be of immense benefit to both countries."

The Postmaster General received a copy of the resolution today.

to be able to announce his decision in about a week. It is understood that other changes in the government will also be announced soon. Report says two new members are to be appointed. Premier Robinson was being warmly congratulated by hosts of friends this evening. Abraham Alward, legislative librarian, was appointed a commissioner to investigate applications from persons desirous of settling on crown lands.

TWO FOREIGN PRINCES WILL BE CANADA'S GUESTS AT SAME TIME IN JUNE

OTTAWA, May 31.—Two foreign princes will be the guests of Canada at the same time next month, but one will be receiving greetings on the Atlantic coast by the Canadian friends on the Pacific coast. It is now settled that the Duke D'Arbuz, the cousin and representative of the King of Italy, will arrive at Quebec about June 26th. This will be about the time Prince Pushimi, the cousin and representative of the Emperor of Japan, will be in Vancouver. CAPPELLE SENTENCED TO BE HANGED AUGUST 1st.

TORONTO, May 31.—At Parry Sound assizes today Frank Capelle was sentenced to be hanged August 1st for the murder of Wm. Dow. Capelle and his wife, Eugene Marano, were previously found guilty of an aggravated assault on Angus McLeod and Marano was sentenced to three years in the penitentiary. James Vancouver, a boy of fourteen, was sentenced to three months' imprisonment and two whippings of ten lashes each for indecent assault on a little girl.

ST. JOHN PEOPLE DELIGHTED WITH "RALPH CONNOR"

Brilliant and Cultured Audience at Opera House

Author Read Numerous Selections From the "Sky Pilot" and "Glengarry School Days."

Last evening a large and most select audience filled the Opera House for the purpose of hearing "Ralph Connor," the author of "The Man from Glengarry," "The Sky Pilot," "Black Rock," and other popular novels. The entertainment was under the auspices of the Maritime Amateur Athletic Club, and the club's colors, crimson and grey, were much in evidence. The chair was occupied by His Worship Mayor Sears, who introduced the speaker of the evening, and a number of prominent citizens occupied positions on the platform. The speaker of the evening, Mr. Pugsley, who was to have sung several solos were rendered by D. B. Pidgeon at various times during the evening. The accompaniments were played by D. A. Fox. Those who had seats on the platform were the Mayor, Mr. Sears, Recorder Skinner, Judge Ritchie, Judge Barker, Judge McLeod, J. H. McLeod, A. O. Skinner, Judge Forbes, W. F. Hatcher and Rev. David Lang. Shortly after eight, the hour fixed for the beginning of the entertainment, the audience had the opportunity of looking upon "Ralph Connor" the author. It was a man of little more than medium height, rather slight, with dark hair and beard, and in every way looking as he does in his photographs, and not ultra-clerical in his dress.

Mayor Sears, who acted as chairman, introduced the author with a few well chosen words and Mr. Gordon arose and began to address the gathering. He prefaced his reading by saying that being used to a cold climate the change to the warm weather of St. John had given him a cold, which remark was met with laughter. "Today," said Mr. Gordon, "I met a man who, though seeming to be entirely respectable and intelligent, had never read any of Ralph Connor's books. Imagine my feelings. (Laughter.) But of course there is no one else in St. John like him."

Before proceeding to read the lecture he explained that he was a preacher and not a reader, but the manner in which he held the attention of his audience for about two hours went to show that the accomplished writer has a wealth of dramatic ability of which he is not aware. The novels from which the selections were taken were Glengarry School Days, and The Skipton. From the first named the description of the schoolhouse, of the spelling-match, of examination day and above all others, the rescue from drowning of Hughie Murray by Ronald MacDonald in the Deep Hole. The selections read were in the nature of a series of sketches of the type characteristic of the bulk of Connor's works, sketches of western life, manners and character. At the close of the reading, Judge Forbes moved a vote of thanks and Recorder Skinner responded. Tomorrow he will preach twice in St. Andrews Church. On Monday afternoon he will deliver an address in the church schoolroom on "The Men of the Church, the Guardians of Our Religion." The address will be under the auspices of the Ladies' Missionary Society. At its close a reception will be tendered Mr. Gordon, at which those desirous of meeting him may do so.

LAMOREAUX TRIAL COMES TO AN END

BOSTON, Mass., May 31.—The trial of Representative John Lamoureux, of North Adams, charged with having accepted a gratuity for his influence in the anti-shoe machinery bill in the Massachusetts legislature came to a close today with the final arguments of the defense, and Assistant District Attorney Michael A. Dwyer, for the prosecution, followed by the charge to the jury by Judge Bond. William H. McManis and James O'Shea, of Holyoke, were called in rebuttal and were the only witnesses on the stand during the day. Judge Bond adjourned court until 9:30 o'clock tomorrow morning, and if the jury succeed in arriving at a verdict before that time it will be sealed and remain in the possession of the foreman until the opening of court in the morning.

RECORD SHIPMENT OF COAL MADE THIS MONTH

GLACE BAY, May 31.—A record in shipping coal over the S. & L. railway was made on the 28th of this month, when nearly 10,000 tons were sent to Louisburg. There were three double-header trains among the number, with an average of 1,200 tons each. The company was shipping both to the International pier at Sydney and Louisburg yesterday.

IMPROVEMENTS TO PRINCE OF W. COLLEGE

Address to Students by Principal of Kings College Windsor—Aged Residents Dead.

CHARLOTTETOWN, P. E. I., May 31.—William Hunt of St. Eleanor's, aged seventy-one, one of the most prominent residents of Prince county, died suddenly today. He carried on a business in Summerside for a number of years, was clerk of the county court, deputy prothonotary and member in chancery. He was the father of Dr. T. H. Hunt of Trinity College, Toronto; W. T. Hunt, manager of the Bank of Nova Scotia, Pictou, N. S.; Richard, at home; Mrs. G. A. Spink, Nelson, B. C.; Mary and George, at home.

Rev. Dr. Boulden, principal of King's College, Windsor, addressed the students of Prince of Wales College and the Provincial Normal School at the commencement exercises today on the cost and value of a university education. The largest in the history of the college, at a cost of \$8,000, to provide additional facilities for teacher training, nature study and domestic science. The expense of the improvements is borne by Sir William Macdonald, the government to pay the salaries of the additional staff. Next term a greater Prince of Wales College will be ready to do double the work of training and imparting academic education.

Other speakers at the closing were: Premier Peters, Hon. F. L. Hassard, A. Warburton, McKinnon, superintendent of education.

GENERAL ASSEMBLY, ETC.

(Continued from inside page.)

Roman Catholicism, is due in no small degree to the missionary work of the Evangelical churches. Her people realize that they have been wronged, but as yet no openly fixing the responsibility for the wrong doing. This is plain from the ever increasing agitation for educational and other reforms.

THE FOREIGN FIELD.

A pioneer in the foreign mission field the church loudly laments that she is not doing enough, although great efforts attended with much success. Her people realize that they have been wronged, but as yet no openly fixing the responsibility for the wrong doing. This is plain from the ever increasing agitation for educational and other reforms.

Statistics show that in the eleven years of effort covered by the Canadian church there are some seventy-five men employed and about the same number of unmarried women while many of the men's wives assist in the work. The money expended in this work comes close up to \$10,000 a year.

Other matters which the assembly will consider are the work of the different colleges. Owing to the probable resignation of Principal Falconer from the Halifax Presbyterian College to the principality of Toronto University, it will be necessary to have a new man to that position.

FATE OF BALLOONISTS STILL UNSOLVED

LONDON, June 1, 4:15 a. m.—In spite of the most strenuous efforts of the government authorities and others, the fate of the two young engineer officers, Lieutenants Canfield and Lesko, who went up in a balloon from Aldershot Camp, May 28th, remains a mystery and the slender thread of hope grows less and less as the hours pass and no news of the missing men comes to hand. There is every reason to believe that another tragedy of the air and sea has taken place.

The officers at Aldershot have practically given up hope. It is thought that the balloonists, confused by the heavy mist, mistook their bearings and that they were either thrown out when the basket struck the water or that they were drowned subsequently when the balloon, after being driven bounding over the waves, finally dropped into the channel off Exmouth.

DISCUSSED CONTROL OF CORPORATIONS

President Roosevelt Tells What Is Needed in Fight Against Abuses of Great Individuals.

LANSING, Mich., May 31.—President Roosevelt, in his address to the legislature here today, discussed some of the great questions, especially control of great corporations, saying that we are still a long way from the millennium and pointing out the danger of "committing ourselves to a programme that promises too much."

"In the war against the abuses of great individuals and especially of great corporations, we need to show absolute unflinching resolution and yet to combine that with sanity as well as with courage."

"We need to show, too, the very reverse of any vindictive spirit. The minute you begin to display any spirit of revenge or to administer the laws in a spirit of revenge you are starting to invoke trouble and ultimately reaction. We need to show the spirit of Abraham Lincoln, his sanity and his broad and kindly charity and yet his resolute determination that the evil shall be done away with. (Applause.)

"We have taken certain steps, some good long steps, in the line of securing a better administration of justice as between man and man, without regard to whether the man rich or poor, and we have taken certain steps, some of them long steps, toward seeking better laws for the supervision and control of the great fortunes, especially of great corporation fortunes in business. We are steadily forging along these lines. (Applause.) And the only party which I shall make today is to say that the Republican party in 99 per cent of its make-up, and in a far higher percentage than any other party, is essentially the party of Abraham Lincoln's plain people and shall continue to be such. There will be not one backward step along the course which we have marked out to follow. (Loud and prolonged applause.)

"I ask you to judge of present promises by past performances and to request from your representatives, from your public men not promises of the impossible, but promises of certain things that can be done which will bring about a complete solution of the difficulties that confront us, but which will be another long stride toward that complete solution and finally above all things to approach the problem of the proper spirit in the Lincoln spirit, not to be misled by the demagogue on one side, or reaction on the other. Let us set our faces like flint against a predatory wealth, but also against a predatory poverty with the emphasis on the predatory."
