

## PROVINCIAL NEWS

**HOPEWELL HILL, Oct. 2.**—Sch. Geo. L. Ship arrived at Riverview today with freight from St. John.

The S. & H. train has not yet been able to get in to Albert, on account of the washouts caused by the high tides, and remains over night at this village. Repairs are being made to the track. There has been no telegraphic communication with Albert village since Monday, the wire being down and under water. Messages are sent to Salsbury by telephone.

Sch. Glenora is at Harvey Bank with freight from St. John.

**WHITE'S COVE, Queens Co., Sept. 30.**—By a basket social in the hall at Young's Cove road on Friday evening, \$25 was realized towards painting the hall.

Bruce M. Farris, son of Hon. L. P. Farris, left today for Whitcomb, Washington state, to fill a position with the banking firm of Backus & Purdy. Mr. Farris, who is a young man of sterling qualities, will be greatly missed.

Clarence L. White leaves this week for Centerville, Carleton Co., to enter the employ of Geo. W. White, Hugh A. Farris left today for Nova Scotia to attend the Acadia college.

A number of young men and women leave every week for the United States. Those who have left this week were: Theodore White, Fred Durost, Joseph McKee, John Durost, David Hamon and Ernest Durost, all going to Portland, Me.

Mr. and Mrs. H. L. Cook of Boston, who spent the summer here, left today for their home. C. W. White left today for Limestone, Maine, to visit his son, Dr. Frank D. White. Miss Estelle Kierstead of Bellefleur Corner, is here spending a few days with her aunt, Mrs. C. W. White. Miss Ida Hay of Chipman is visiting her aunt, Mrs. I. P. Farris. Mrs. H. B. Hay of Chipman is the guest of L. P. Farris. Mrs. Wm. Durost spent Sunday at Chipman visiting friends. Robert McDonald of McDonald's Corner, spent Sunday here.

Capt. E. M. Young is here with his schooner Ladywinth taking in cargo of hardware for McLaughlin & Sons. Harry Orchard has taken the contract to build the new bridge spanning the mill brook at Mill Cove.

Partridge are very plentiful in this section this fall.

Philip White and son having put their grist mill in first class order, are now doing a brisk business. They can grind 200 bushels of grain daily.

Harry Moss, who is erecting a new house at 72, is now building. Penwick S. Taylor has his new house, nearly finished.

**SACKVILLE, Oct. 3.**—A cow belonging to Wm. Baird of Wood Point got a leg broken as a result of the high tide on Monday. The animal was killed.

Murray, the 16-year-old son of Jas. Sutherland, I. C. R. station agent at Antigonish, was before yesterday's assault on Walter, the 10-year-old son of Edwin Ayer, postmaster at Westmorland Point. Young Ayer, it was alleged, was impudent to Mrs. Sutherland, mother of the accused, offering upon young Sutherland gave Ayer a thrashing. Sutherland admitted the charge and was fined \$5 and costs.

As George Siddall of Westmorland Point, Mrs. H. Harding and Mrs. Charles McLaughlin of Boston, were driving on Bridge street last night, the wagon struck an embankment thrown up in connection with the water works. The occupants were thrown out of the carriage and badly bruised. Mrs. Harding had her face badly cut.

A pie social was held at Thomas Lowerson's, Frosty Hollow, last night. The proceeds, amounting to \$17, will go towards purchasing a new Sunday school library for St. Ann's church, Westcott.

Charles Phinney, son of Harvey Phinney, picked up a full blown apple blossom yesterday.

**WHITE'S COVE, Queens Co., Oct. 2.**—Harry Knight of Seabright, Nevada, who had spent the last three months here visiting his parents, Mr. and Mrs. Knight, left for his home today. Mr. Knight first went west five years ago and invested in copper mines, which have since yielded him a good profit.

Melvin Orchard of New Harbor, Maine, who has been visiting his mother and brothers, left for his home today.

Mrs. A. B. Cropley and son Frank, who have been visiting Mrs. Cropley's sister, Mrs. H. E. White, left for their home at Fredericton today. Miss Mary McAfee of St. John is here visiting friends. Mrs. John Collins and son of St. John are visiting Miss Margaret McAuley.

Harry Orchard and Burfield Spring are new residents of St. John's Episcopal church.

Dr. W. M. Taylor of Boston and F. S. Taylor of this place have bought the farm known as the Rooter property of George Palmer of Den settlement.

L. P. Farris shipped a quantity of hay to the King Lumber Co., Chipman, on Wednesday by May Queen.

Isaac Farris, who has carried the mail between Mill Cove and Jemseg for nearly four years, has given up his contract and will soon move to the states. The mail is now being carried by Edward Farris of Mill Cove.

McLaughlin brothers, who have just completed building a new bridge in Victoria Co., arrived home on Wednesday. They have taken the contract to build a new bridge at Sheffield, Sunbury Co., which they will commence at once. Durost has taken the contract to build the new bridge at Mill Cove for \$250.

The farmers in this section have about finished digging their potatoes, which have proved to be a very light crop.

The Cambridge Agricultural Society will hold its annual exhibition at Lower Jemseg on the 15th inst.

During the past week, Messrs. White of Mill Cove have kept their grist mill running day and night in order to fill the demands of the public.

**ROTHBURY, Oct. 5.**—The death of Mrs. Mary White occurred at Rexton this morning after an illness of several weeks.

R. S. Pridham, photographer, of

A Death Dodger

Chronicle all the escapes from death and put them in letters that all the world can see, and you'll find it history again written faithfully. Dr. Agnew's cure for the heart will hold the record for having "balked death's raving."

It goes to the very brink and snatches from the grasp of death, a few minutes. It is a heart specific. A few bottles will turn the scale of life. It never fails to cure.

**MAGNIFICENT FIREWORKS.**

St. John Will Blaze With Multi-Colored Fires During the Royal Visit.

Full Programmes of the Pyrotechnical Display to be Made in the Harbor and on the Harbor Front.

The display of fireworks on the occasion of the visit of their Royal Highnesses, the Duke and Duchess of Cornwall and York, to St. John will be the best ever seen in the history of the city. The fact that the contract has been secured by the T. W. Hand Fireworks Co. of Hamilton, Ontario, who have furnished the pyrotechnical displays at all the royal visits for several years, is a guarantee that the public will be treated to the very latest and best devices and features.

A new departure will be the display of water fireworks from scoops moored in the harbor, and the exhibition will be so arranged that its principal pieces will be visible high in the heavens from almost every part of the city. The complete programme, which A. O. Skinner on behalf of the St. John committee has arranged with Mr. Hand, is as follows:

**Display No. 1.**—Assent of three mammoth illuminated balloons with novel pyrotechnical attachments. Electric Shower Light throwing train of brilliant sparks and aerial jurgery. Monster pyrotechnical fireworks of one hundred feet in length, and triple cloud bursts of British colors.

**Display No. 2.**—Grand salute of welcome—Seven volleys of Hand's Lyddite shells, one volley for each province in the dominion.

**Display No. 3.**—Mammoth motto "Welcome in letters eight feet high, and burning on minutes." (This mammoth motto is shown in large and powerful pyrotechnical magnifying lights, changing color four times, and accompanied by a grand cross fire of tri-colored batteries.)

**Display No. 4.**—Grand bombardment of two hundred (200) three pound rockets, fired continuously from every variety of color and combination.

**Display No. 5.**—Salvo of 30 huge shells, including Transformation shell, Golden shell, Shell of shells, Lion's paw shell, Mother Carey's chickens, Japanese spreader shell, and many beautiful effects of colors and design sent introduced in pyrotechny by T. W. Hand, among which will be seen several novel and brilliant effects specially prepared for the Royal Visit.

**Display No. 6.**—Fiery Columns of the Empire—three immense columns of red, white and blue stars and gems rising to a very great height.

**Display No. 7.**—Grand illumination by Prismatic Bengal Lights, changing color four times, with varied and beautiful effects, interspersed with brilliant green illuminations.

**Display No. 8.**—(a) Flight of Fifty Prismatic Whirlwinds and Silver Tourbillons, producing a dense mass of whirling umbrellas of fire, ascending and descending.

(b) Discharge of three hundred (300) Colored Aerial Sanctions.

(c) Discharge of twelve Mammoth Jeweled Columns.

**Display No. 9.**—(a) Display of Hand's Pyrotechnical shells, which will be seen Japanese streamers, massive change stars, red, green and pink electric stars and Dragon Flies.

(b) Display of 25 Mammoth Rockets, including electric stars, aerial jets, silver plumes and many beautiful golden clouds and turquoise stars, flashing meteors and aerial marvels.

**Display No. 10.**—(a) Water display: Aquatic pieces—Chinese Treasures—Electric Batteries—Jeweled Fountains and Floating Illuminations.

(b) Terrace of Fountains and Popples (from the scoops), throwing up fountains of living fire and jewels to a great height.

**Display No. 11.**—(a) Salute of (20) twenty five inch shells—Magnesium and turquoise—Emerald and ruby—Orange and blue—Golden clouds studded with pearls and silver rain.

(b) Discharge of twenty-two (22) inch shells with Snow-Cloud effect, throwing out a cloud of snow-white stars of dazzling splendor.

(c) Display of 25 inch shells throwing out golden plumes with sapphire and emerald stars.

**Display No. 12.**—Flight of 20 mammoth rockets, which ascend to a great altitude and detach Prismatic Green-centred shells—Loops—Fountains and hanging streamers of the National Colors.

**Display No. 13.**—Display of Hand's prize shells:

(a) New Coronation shells, throwing out mammoth Golden Crowns.

(b) The Queen Alexandra shells, throwing out transforming purple streamers.

(c) Mammoth Patriotic Repeating shells, each making three distinct bursts, throwing out 1st. Red stars, 2nd White stars, and 3rd. Blue stars.

(d) Venetian Repeating shells, each making three bursts, 1st. Pink stars, 2nd. Blue stars, and 3rd. Gold stars.

**Display No. 14.**—The Prince of Wales' Feather—Batteries of Hand's special Roman candles forming the Prince of Wales' Feather.

**Display No. 15.**—(a) Discharge of twenty volcanic eruptions, consisting of brilliant red—Golden showers—Sap-

phire jewels—Golden showers with emerald jewels—Brilliant electric showers and golden stars.

(b) Flight of twenty-five (25) Mammoth Geyers of Fire and Electric Torrents, bursting from the ground and rising to an immense height.

**Display No. 16.**—Four flights of large rockets:

1st.—Fifteen rockets with blue and white electric stars.

2nd.—Fifteen rockets with red electric stars.

3rd.—Fifteen rockets with green electric stars.

4th.—Fifteen rockets with pink electric stars.

**Display No. 17.**—Grand illumination by masses of powerful red illuminant, which, after burning for sufficient length of time to form a dense red cloud across the water, suddenly transform into a Forest of Dazzling Silver and Electric Fire produced by Hand's electric torrent batteries, the stars of which burst behind them as they ascend thousands of fragments which, with the Ruby Cloud, form a beautiful and brilliant set device of intense illuminating power.

**Display No. 18.**—Niagara Falls of Silver—First—a solid mass of rapidly falling silver and electric sparks—the most dazzling effect ever produced in pyrotechny.

**Display No. 19.**—1901 Novella Shell—Including electrical bomb shells—Repeating chrysanthemum shells—Cornwall speciality shells, and Queen Alexandra shells.

**Display No. 20.**—Duke of York triple bouquet of rockets—Five hundred rockets—three immense flights with British colors, transforming St. John harbor into a fountain of fire.
