PERRY'S CONFESSION.

Negro Lad's Ante-Mortem Statement Throws Partial Light

-" I Love Jesus", Said the Dying Boy

CAMBRIDGE, Mass., March 9.—Geo. L. O. Perry, the negro lad who was in-dicted for the murders of Miss Agnebairn has made public what he said On Feb. 26 the sheriff says he asked

"George Perry, did you hit those girls, Misses McPhee and Morton?" "Yes, sir, I did," was the reply from the lad.

A negative shake of the head was the answer, and Perry beginning to weep pitifully, said: "Do not ask me At this time Perry had just passed through a run of typhoid fever and was terribly weak. He seemed to have an idea he would not live. The sheriff

says in detail:
"On Feb. 26 word was brought to me in the office that Perry wanted to see me. I went immediately to the hos-pital. He said he wished that I would give his attendants orders to stay in side of his cell during the night. I told him that there was no need of that, because one of them was just outside his cell door on the corridor all the time. I told him that if anyone were to stay in the cell her than the time. This Company has secured 10,000 acres of the choicest wheat lands in Assinibola, Canada, having paid to the owners in addition to cash, 60,000 shares of its Capital Stock, for which the owners are completely equipping the property with all the necessary buildings, steam plows, steam threshers, drills, wagons, tools, fences, and every-

WILLIAMS & NEVILLE London, Eng.

The Company's property will always be equipped with all the latest improved necessary machinery to produce wheat at the lowest cost. It is the intention of the Company to have its own elevator, of a capacity sufficient to store its entire production, thus enabling them to take advantage of the highest market prices from time to time. The market for wheat is unlimited.

The Company also has an option on 10,000 additional acres of the same character of wheat land as the 10,000 acres above mentioned, the property being located seven miles from the Canadian Pacific Railway, where large elevators are ready to receive the product.

This is an investment that will enhance in value as time goes by, not only from the large production of wheat, but the increased value of the Company's lands from year to year.

Dividends of 15 per cent. per year, it is estimated, can be paid semi-annually. December 1st and June 1st of each year. Outside of the amount paid in dividends, the surplus earnings will be accumulated, and will either be divided among the shareholders as extra dividends, or used to purchase new wheat territory; or be other-
