### CROSSED CANADA WITHOUT A CENT

Thompson Clarke is Journey-  
ing From Vancouver to  
London "on the Cheap"—  
Has Been Well Entertained.

Toronto, June 15.—Hon. W. J. Han-  
na and Col. Hon. J. S. Hendrie, who  
were called upon at the Parliament build-  
ings today by Thompson Clarke, who  
bicycled all the way from Vancouver  
and is on his way to London, England.  
He is the secretary of the British Colum-  
bia Football Association, and he  
hopes to interest Old Country sports-  
men in his organization and secure  
from them a cup that will be a per-  
petual football trophy in British Colum-  
bia.  
He carries no money. He left Van-  
couver without a cent. During his long  
journey he has been accepted and en-  
tertained by every sporting organiza-  
tion that has seen his credentials. He  
left for Montreal and he feels that  
his mission will so appeal to the sport-  
ing instincts of Montreal, that he will  
be able to secure his passage across  
the Atlantic. In case he is not so as-  
sisted, he will work his way over.

### CHAMP CLARKE SAYS THE DEMOCRATS HAVE KEPT THEIR PLEDGES

Harrisburg, Pa., June 15.—Champ  
Clarke, speaker of the National House  
of Representatives, spoke on "Tri-  
umphant Democracy" at a meeting of  
Democratic clubs tonight. He said his  
theme was now on every tongue with-  
in the land. The Democrats had laid  
aside quarrelling among themselves  
and the party now presents "a solid  
front to the common foe. Our record  
in the present House is a proud one.  
We are fighting a good fight. We  
are keeping the faith. We are fulfill-  
ing as rapidly and as literally as pos-  
sible, every promise made to the peo-  
ple."  
The Denver Platform, contained  
these words:—  
"We demand the immediate repeal  
of the tariff on wood pulp, print paper,  
lumber, timber and logs, and that these

### NEW BRUNSWICK STUDENTS SECURE THEIR DIPLOMAS

Montreal, June 15.—The closing ex-  
ercises of the MacDonald Agricultural  
College took place this afternoon.  
Sir William McDonald, whose munifi-  
cence created the institution, being  
among those on the platform in the  
Convocation Hall. 148 students gradu-  
ated from the Normal school for  
teachers, 87 of whom were candidates  
for the model school diploma. Half  
a hundred received diplomas and cer-  
tificates in the school of household  
science. The Hon. P. S. G. MacKenzie  
addressed the large audience, referring  
to the awakening of the people of the  
province to the need of popular in-  
struction, and contrasting present  
conditions with those of several years  
ago. The increased prosperity of the  
province, he said, was enabling the  
government to better the general  
status of the educational standard, and  
he indicated the ever-increasing gov-  
ernment grant, the raising of teach-  
ers' salaries, and the improved con-  
ditions of the rural schools as proof  
of this. Among others on the platform  
were Hon. Boucher De La B. Ryer, Ryer,  
Superintendent of Education; Prince-  
pal Peterson, of McGill; Dr. Harrison  
and Dean Sinclair. The students  
were largely from this province, but  
a large number came from the Mari-  
time Provinces, while Ontario, British  
Columbia, Great Britain, South Africa  
the West Indies and Australia are  
all represented. The following stu-  
dents from Eastern Canada received  
awards:  
Honors in Homemakers course—  
diplomas, Ethel C. Pipes, Amherst,  
N. S.  
Certificates—H. C. Gibbons, River-  
side, N. E.; 2nd class, R. H. Ratford,  
Amherst, N. S.; G. Phillips, St. John,  
N. B.; B. McLellan, New Glasgow,  
Nova Scotia; G. Freeze, St. John,  
N. S.; J. A. Fraser, New Glasgow,

articles be placed on the free list,"  
so far as the Democratic House is  
concerned that demand has been  
granted in the reciprocity bill and in  
what is popularly called the farmers'  
free list bill, both of which now sleep  
in the Republican senate. Mr. Clarke  
also instanced the wool bill as further  
redemption of Democratic promises,  
and said the bill would pass the House  
and Senate.

The grand body also passed a res-  
olution against the Ne Temere decree,  
sending the minister of justice a copy  
of the resolution.  
The next grand lodge meeting will  
be in Toronto.  
The grand lodge was welcomed by  
the L. O. L., True Blue Association,  
Orange Young Britons, Sons of Eng-  
land, and the local lodges of Prentice  
Boys. There was a beautiful ball on  
the Ottawa river by moonlight and an  
auto drive to all the points of interest  
in the city. A grand session was  
held and all the delegates enjoyed  
themselves.

### ACTOR SHOOT A BASEBALL PLAYER

Albany, N. Y., June 15.—Arthur  
Brown, of Wilkesbarre, Penna., first  
baseman of the Albany team of the  
New York state league and formerly of  
the Montreal eastern league team, was  
shot and probably fatally wounded by  
John McStee, of New Orleans, an ac-  
tor.

Toronto, June 15.—Plans for a new  
seventeen story hotel in Toronto  
are well under way. It is the inten-  
tion to acquire a large block of land  
running north from the northwest  
corner of Bay and Adelaide streets.  
If the plan is carried out, Toronto  
will have the largest hotel in Canada.

## Private "Zoo" on Fifth Avenue

JOSEPHINE BENNETT HOPKINS  
"On the right, ladies and gentlemen,  
you see the home of Russell F. Hop-  
kins, Consul General of Panama. Mr.  
Hopkins has the only private 'zoo'  
in Fifth Avenue, built at an expense  
of \$25,000, so his children might have  
real teddy bears and reindeer to play  
with." This will soon be the cry of  
the megaphone artists who purvey  
information to patrons of the sight-  
seeing stages of New York.  
The "Zoo" is to be built for Mr.  
Hopkins' two-month-old son John  
Randolph, and his daughter, Josephine  
Bennett. It is to be stocked from  
Mr. Hopkins' collection at Irvington.

## A POLICEMAN ELECTROCUTED HE SAILED HIGH OVER WALTHAM

He Came in Contact With a  
Heavily Charged Post in  
Beverly, Mass., and Was  
Instantly Killed.

Beverly, June 15.—Patrolman  
Daniel McLeane, 39 years old, who  
lived with his wife and six young  
children at 1145 o'clock last night  
at the corner of Rantoul street and  
Railroad avenue, coming in contact  
with an electric light pole which was  
charged with electricity.

The body was discovered lying in  
the gutter under the electric light  
pole by Albert Lord and J. C. Good-  
win, two citizens who were riding  
by the place in an automobile.  
When they saw patrolman McLeane  
lying on the ground, they stopped and  
remained in his body, so they sped  
on to the police station, which is near  
the scene of the accident. They told  
Capt. Otis Burnham that patrolman  
McLeane was unconscious in the  
street, and Capt. Burnham and a squad  
of officers hurried to the scene.

When they arrived, McLeane was  
dead. His body was taken to a local  
undertaker's room nearby, and Medi-  
cal Examiner George A. Stickney  
viewed the body.  
The police guard was immediately  
placed about the scene of the death  
of the patrolman to prevent further ac-  
cidents and the electric light company  
was notified to shut off the current  
from the poles in the vicinity.

An investigation revealed the fact  
that Patrolman McLeane had been in  
his last duty call at 11:25 o'clock last  
night from the box at the corner of  
Rantoul and Wallis streets, not a great  
distance from the place where he was  
killed.

The body was found at 11:45 p. m.  
last evening. Capt. Burnham from his  
investigations, is inclined to believe  
that McLeane walked from Wallis  
and Rantoul streets, after ringing in  
his duty call, and probably at about  
11:30 discovered the electric light on  
the corner of the corner of Rantoul  
street and Railway avenue, was out. Then,  
it is believed, he probably kicked the  
pole so as to jar the carbon down so  
that the arc would be completed and  
the lamp relighted.

It is supposed that the pole was  
charged with 2400 or more volts of  
electricity which escaped from the  
wires and the lamp and was going  
down into the ground when Patrolman  
McLeane kicked the iron and that he  
received the full force of the escaping  
electricity.

The company shut off the power  
from all the lights and wires in the  
neighborhood to prevent further ac-  
cidents pending an investigation, and  
there was darkness as a result. Elec-  
tric lighting experts have been at  
work endeavoring to ascertain how  
the accident happened.

Patrolman McLeane was born in  
this city 39 years ago, and he has  
long been one of the popular and best-  
known young men of the city. He  
was first made a policeman 12 years  
ago and he has been a regular mem-  
ber of the force for five years. He  
was appointed to the regular force  
Nov. 2, 1906, by Mayor Joseph A. Wal-  
lis. He travelled the route known as  
the shoe district, between Pleasant  
street and Railroad avenue. He was  
an efficient officer. He was a member  
of Beverly council, Knights of  
Columbus.

Dr. J. E. Hetherington, of Cody's  
arrived in the city last evening.  
A. B. Copp, M. P. P., is at the  
Royal Hotel.

Dr. and Mrs. Wythe, of Demerara,  
reached the city last evening and re-  
sided at the Royal.

## CANADIAN DELEGATES IN HAMBURG

New Brunswick Lady Writes  
Interestingly of the World-  
Wide Convention of the In-  
ternational Good Templars.

Hamburg, Ger. June 5.—The Canadian  
and American delegates to the world  
wide convention of the International  
Good Templars arrived in Hamburg  
Saturday evening. The Canadian dele-  
gation consists of Rev. C. W. Whit-  
taker, of Mission City, B. C.; Mrs. G.  
Branson, Winnipeg; W. H. Lambly,  
Inverness, Que.; L. R. and Mrs. Heth-  
erington, Newcastle, N. B.; Rev. J.  
A. and Mrs. Smith and F. C. and Mrs.  
Walters, River Herbert, N. S. The  
weather on the trip across was ex-  
ceptionally fine. They travelled on the  
German liner Kaiser Auguste Victoria  
and so while on the ocean were  
able to get an idea of the German  
manner of life.

In spite of the general impression  
one has of the beer drinking propen-  
sities of the Germans, it is some-  
what startling on the first contact  
with them. Equal right in the matter  
of drinking intoxicating liquors is ap-  
parently generally consumed. It is  
and somewhat refined women mingle  
with the men in the smoking room  
which on this, as on all trans-Atlantic  
trips, is the chief resort of the women.  
The number of drunken people seen on the  
streets of Hamburg is far greater than  
ever before seen by any member of  
the party, and we have with us men  
familiar with New York, Chicago, Mil-  
waukee, San Francisco, London, Dub-  
lin, and other great centres. The two  
days that we have been here are how-  
ever exceptional, no doubt. This is a  
great religious festival with the state  
church. The church is celebrating the  
outpouring of the Holy Spirit on the  
Day of Pentecost. And here, as else-  
where, there is a tendency to change  
a joyous religious anniversary into a  
season of debauchery.

While the drink problem is far more  
serious in Germany than in Canada,  
the way in which the state authorities,  
the scientists, and the philanthropists  
are waking up to it, and the energy  
and enthusiasm with which they are  
grappling with it, might indicate that  
in the next generation we will be be-  
haviourally different from such affairs in  
America. In the first place tickets  
cost two and a half marks (about 65  
cents). Then there was an audience

of over three thousand, largely made  
up of men, apparently of the prop-  
er middle class. The programme was  
quite largely musical and this prob-  
ably accounted for the size of the au-  
dience. But they listened attentively  
and were seemingly impressed by the  
temperance addresses. The attraction  
in America would have to be very  
strong to draw such an audience to a  
temperance meeting, but here it is not  
at all out of the ordinary.

The German Grand Lodge is now in  
session. There is an attendance of  
over two thousand. Tomorrow (Tues-  
day, June 6th), the International  
Lodge opens.

## HE SAILED HIGH OVER WALTHAM

Aviator Ovington of Waltham,  
Mass., Made Risky Flight  
3,000 Feet in Air in Strong  
Breeze.

Boston, Mass., June 16.—Earle L.  
Ovington, the native son aviator, about  
whom great things have been said and  
printed, made his first flight from the  
field at Waltham last evening, and the  
performance stamped him as a most  
daring aviator.

It has been said that Ovington who  
learned to fly under Bleriot at Pau,  
was afraid of nothing short of a gale.  
Last night, just before 7, the wind was  
blowing across the field here, where  
the meet opens today, at the rate of  
about 25 miles an hour. The piston  
roast of the 10 horsepower motor had  
just been replaced and the machine  
had been ready less than half an hour  
when Ovington made known his inten-  
tion to fly.

He climbed into his machine, the  
propellers were thrown over and he  
was away. Flying directly into the  
teeth of the wind he soared higher  
and higher until he was 1500 feet  
above the field. It could be observed  
that he was being buffeted by the wind  
but he raised his elevator and climb-  
ed higher and higher, until he was a  
mere speck in the sky.

At a height of 2,500 feet, the machine  
being a bit unsteady, the aviator  
descended still higher for better con-  
ditions, which he found at the altitude  
of 3,000 feet. At that height he sailed  
over Waltham, Waverly, Belmont and  
Lexington and then started on his re-  
turn trip. While flying at a height of  
3,000 feet over Waltham Ovington ex-  
ecuted some fancy spirals, glides and  
loops, and he was seen by a large  
number of people.

Ovington announced his intention  
of flying from Waltham to Boston  
and return today. He was undecided  
last night at what hour he will un-  
dertake the flight, saying it might  
be in the forenoon or late in the  
afternoon.

Crowell Dixon also made a short  
flight in his dirigible yesterday after-  
noon, flying over a part of Waltham.  
James V. Martin's machine will prob-  
ably not be ready for flying before  
late this forenoon, while Mr. Mar-  
tin's Farman will be in readiness  
during the afternoon, when both ex-  
pect to go aloft. Semenjak, the  
Russian, Studensky, the Frenchman,  
and Joe Downey, all of whom use  
Bleriot, are in readiness to fly this  
afternoon.

## ONTARIO PERJURY CASE.

Couabourg, Ont., June 15.—There is  
nothing new in the case of Henry  
Hicks, arraigned here Tuesday on  
charges of perjury in connection with  
his evidence at the recent trial of  
Matthews, for the murder of Josephine  
Brimacombe.

Hicks was then remanded until  
June 20 without making election as to  
his trial. He is at liberty on bail.

### KING GEORGE TO MEET AMERICAN OFFICERS

London, June 15.—King George up-  
on his return to London from Wind-  
sor will receive in audience the Ameri-  
can cavalry officers competing at  
the international horse show at Olympia.  
Major H. Stocum, the American  
military attaché, will make the pre-  
sentations, which probably will be on  
Saturday.

Once you have used  
**PURITY FLOUR**  
you will readily pay the  
little more it may cost.

Until you have actually tried **PURITY FLOUR** you  
may demur at the trifle more it costs you than lower  
grade flours cost—but your first sack will show you why  
that seemingly higher price is a real economy for you

That trial sack (which you ought to order  
this very day) will teach you what Purity  
Flour is worth to you, as contrasted with  
an ordinary flour.

**PURITY FLOUR** is milled from only the  
kernels of the choicest Manitoba hard  
wheat—the world's wheat standard.

From the 34 grain elevators which we own  
and operate, we select the finest wheat of  
the year's crop. This, at our mills, is so  
treated that only the most richly-nourish-  
ing part of the wheat berry gets into a  
**PURITY** sack of a **PURITY** barrel.

The result is a flour so strong that it pro-  
duces more bread for the quantity used  
than ordinary flour

But bulk of product is not all you are to  
expect of **PURITY FLOUR**. You are to  
expect lighter, snowier bread; bread that

has the nutlike, sweet, wholesome taste  
every housewife tries to put into the  
bread she bakes.

**PURITY FLOUR**, moreover, is not mere-  
ly a bread flour. It is an every-purpose  
flour. It makes the kind of pastry you  
can be proud of—cake that invites praise  
—biscuits that suggest an encore.

Not only is **PURITY** the flour for econ-  
omy's sake, you see, but the flour for  
quality baking. Thus, the few extra cents  
which it may cost you actually insures  
you against baking disappointments.  
**PURITY FLOUR** is the flour you will  
never be without, once you fully test its  
unusual merits.

Begin with a small trial sack, if you are  
dubious. Your grocer can supply you.
