**"CASCARETS" RELIEVE
 SICK, SOUR STOMACH**

Move acids, gases and clogged waste from liver and bowels.

Get a 10-cent box now.

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, dizziness and sick headache, means a disordered stomach, which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets: They immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels. Then your stomach trouble is ended. A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular for months. Don't forget the children—these little insides need a good, gentle cleansing, too.

Idea Refuted.

Write—According to this paper, hot water will prevent wrinkles. Look how wrinkled Peck is, and his wife keeps him in hot water all the time.

An Expensive Recall.

Mike—Do you believe in the recall of Judges, Pat?

Pat—That I do not. The last time I was up before his honor he was: recall that fact. Sixty days. Am again the recall of judges.—Life.

**MISSIONARY SOCIETY
 OF NEEDS IN FOREIGN COUNTRIES**

Annual Meeting of Womens' Foreign Missionary Society of the Presbyterian Church of Eastern Canada, Opens at Charlottetown—Reports Urge Greater Efforts.

Special to The Standard.
 Charlottetown, P. E. I., Sept. 10.—The 37th annual meeting of the Women's Foreign and Home Missionary Society of the Presbyterian Church of Eastern Canada opened here this forenoon, the president Mrs. A. W. Thompson of Pictou in the chair. After the appointment of the nominating committee and other routine business Miss Jean Falconer of Pictou, sister of Rev. Dr. Falconer of Toronto University, submitted the report on Presbyterians showing the following societies and membership: Pictou, 61 societies, 2,020 members; Halifax, 42, 976; Sydney, 36, 870; Truro, 36, 946; St. John, 36, 1,195; Miramichi, 26, 726; P. E. Island, 45, 871; Inverness, 20, 602; Wallace, 37, 872; Lunenburg and Yarmouth, 11, 236.

In Pictou there has been an increase of membership. In Halifax most of the auxiliaries are making steady progress and a great many are studying China's new day. In Sydney it is jubilee year and they responded cheerfully. In Truro there is a lack of enthusiasm due to monotony. In St. John local conditions are about the same. In Miramichi several auxiliaries have gone down for want of leadership. In Prince Edward Island there was a very large annual meeting at which there was a large proportion of young people. Inverness suggests that W. F. M. S. support a foreign missionary or deaconess in the home field. In Wallace the average attendance is low. In Lunenburg and Yarmouth there is nothing special to report.

Miss Falconer as corresponding secretary also submitted her report. She said the result of the year's work has been disappointing only two of the departments showing increase. The society should stop and consider the situation gravely. The majority of Presbyterians if not dull has a repressed enthusiasm and progress seems to be stationary. The society is 36 years of age and it cannot be expected to show the same increase as in earlier years. It is disappointing that \$800 raised to provide a lady doctor for Korea has lain idle for about twelve months. Miss Falconer concluded with the following statistics: Presbyterians, 10; auxiliaries, 361; members, 9,324; members added, 795; scattered helpers, 1,094; life members, 101; messages sent, 6,232; boxes sent, 231, valued at \$4,375.55.

Foreign Secretary's Report.

Mrs. Robert Dawson, of Bridgewater, presented the foreign secretary's report. In the New Hebrides there were 10 stations, 10 churches, 100 members and Mrs. Annand had left, Dr. McKenzie and Mrs. McKenzie are going, the Robertsons are staying for a while. She emphasized the fact that the society is meeting today in Prince Edward Island, from which many missionaries went north to the New Hebrides. It is the first British colony that sent a missionary to foreign lands. In Demerara conditions were most hopeful. The workers in British Guiana send a day school managed by East Indians. Demerara needs a girls' home and boys' high school and lady helpers. Satisfactory letters have been received from Trinidad, but more teachers are needed there in the common schools.

The call for Korea is for missionaries, lady workers, teachers and nurses. Korea makes a specialty of hospitals. Every letter that is sent deplores the lack of finances. Mrs. Dawson intimated a desire to be relieved from the position of secretary.

Miss Brimmis of Halifax presented a report showing supplies forwarded to missionary stations during the year.

Much Zeal Displayed.

Miss Annie Murray of New Glasgow, International secretary, presented her report. She said that reports showed abounding zeal in the work of extending the Master's Kingdom. The negotiations now pending for a number of years for a union between the W. F. M. S. of Canada, western division and the Home Missionary Society of the same place, have been successful. The amalgamated societies will be known as the Women's Missionary Society of Canada.

Treasurer's Report.

The treasurer's report showed total receipts \$33,568.88, and expenditures \$368.32. Of the balance \$20,000 was given to the foreign missionary committee. The amounts collected by Presbyterians were: Pictou, \$4,752.73; St. John, \$2,525.41; P. E. Island, \$2,485.90; Truro, \$1,838.83; Inverness, \$1,267.44; Miramichi, \$1,762.22; Lunenburg and Yarmouth, \$763.68; Wallace, \$1,138.43. The collections amounted to \$27,214, and the interest \$244.40.

President's Address.

The President, Mrs. Thompson, in her address stated that the needs of the home work are increasing, especially as the Maritime Provinces are coming to their own. The question is, how can we meet the ever-increasing problem of the home and foreign work? Several things are instrumental in this work, funds, membership, the children in the home and in individual churches. Last year there was raised for foreign missions the sum of \$330,700, an increase of only \$128, and for home missions, \$5,981, an increase of \$943. The totals are not increasing as rapidly as is desired. She made an appeal for the training of more workers for the mission field.

It is regrettable that the decrease of membership this year is 369. A large increase in membership is very desirable.

After the president's address and prayer by Mrs. Rogers, the meeting adjourned for luncheon provided by the local members of the society.

At the afternoon session greetings were received from the Western Division of the Presbyterian Church, the Church of England Missionary Society, the Methodist and Baptist Missionary societies of Charlottetown. Mayor Loons extended greetings from

Business of Important Nature to Come before Next meeting—Potatoes Drop in Price—Other News.

Hartland, N. B., Sept. 10.—The marriage took place on Wednesday, August 27th, at Knowlesville of Alfred H. Glenning, of Carlisle, to Miss Geneva A. Prosser, of Lower Windsor. Rev. J. A. Corey, pastor of the Russian-Spanish war. She said there has been a great change in Korea since then, the people are dropping the national costumes and acquiring foreign costumes. It left to themselves under the present foreign influence they will be a menace to the country if not properly cared for. The Koreans are masters of benevolence, princes of eloquence and queens of modesty. They need the power of the Holy Spirit to lift them up. Foreigners may be helping them to a national standpoint, but not morally.

Mrs. McRae then introduced to the audience Miss Pyonyong-Sil, one of her native helpers, a very pleasant faced, intelligent young Korean girl, the first Korean to be brought to the Maritime Provinces.

Miss Pyonyong-Sil addressed the audience in Korean. Mrs. McRae interpreting. She said she was very glad to come before the W.F.M.S., and to thank them for what they have done for her own dark country sitting in the shadow of death. The missionaries are enduring a great deal of hardship but are doing much good for Korea.

Tells of Missions.

Mrs. Young, wife of Rev. Luther Young, Korean missionary, described her eight years' work at Ham Heung station, showing the growth of the schools there where there is now also a boy's academy. She said that Christians, training for the Lord's work as teachers, ministers and evangelists. There is progress all along the line, but there is much work yet to be done out in the country. They need six ordained ministers, five evangelists, two nurses and one doctor.

Miss Blackadder, Trinidad, who has been teaching thirty-seven years in that country, gave a review of the situation there, dwelling mainly on the educational work and appealing for more missionaries.

The report of Miss Rogers, missionary in Ham Heung, was read by Miss Walls, who also delivered an interesting review of educational work there.

The question of allocating a balance of \$2,718 which the society had in hand was next discussed. A number of suggestions from the foreign missionary committee were read and the needs explained. The Bible Institute of Korea, explained the Bible Institute work in that country. The board of management had submitted the following allocation for the consideration of the meeting, \$700 to the Korean school, \$1000 to the Iere Girls' school, \$1000 to the Iere boys' school, \$1000 to the Iere girls' school, \$1000 to the Iere boys' school, \$1000 to the Iere girls' school, \$1000 to the Iere boys' school.

A new office of "General Secretary of Young Ladies' Society" was instituted and Miss Mabel McCullough of Truro, formerly secretary of the Young Ladies' Society, was given the appointment.

Rev. Dr. MacKinnon, principal of Pine Hill College, addressed the society, asking for continuation of the bursaries to the students. Last year the society assisted 21 students who might otherwise have had to go to study elsewhere.

The meeting adjourned until 8 a.m. Evening Session.

At the evening session of the W. F. M. S. Rev. Dr. Scott Whittier, of Melbourne, Australia, who had been attending the World's Education convention at Zurich, Switzerland, and who has been visiting at his old home in Upper Rawdon, N. S., gave an address. He delivered a message from Mrs. John Geddie, wife of John Geddie, of New Hebrides fame, sent from Prince Edward Island, as the first missionary from Canada. Mrs. Geddie, who is over 90, now lives quietly at Melbourne. Her mind is still bright and her heart full of faith. She expressed her thankfulness for the grand work the society is doing. Dr. Whittier was surprised that with the inspiration of the Geddies before them that certain Presbyterians as reported today, should have died of monotony. A mention of the names of Mrs. Geddie and Mrs. John Moorton, the audience rose to their feet as a tribute to these "mothers of missions."

Rev. J. B. Cropper gave an interesting review of the work among the East Indians in British Guiana along the lines of educational and evangelistic effort. There are four ministers, twenty native catechists and twenty schools. The government pays for education, which is controlled by different churches, half-hour religious instruction being allowed daily. Missionaries were twenty-five years ago going into the country, as the government has limited the number of schools.

One of the educational needs is a college similar to Napaimo College at Trinidad. \$5,000 to start with, and \$1,000 a year for five years, must be raised. Mr. Cropper made a special appeal for more workers among the women, for which there is dire need. He asks for a lady missionary, a trained nurse as an assistant in the dwelling of the ministers who labored in that country. He said the drowning of Mrs. McKay at Carleton Place was clearly proved to be accidental.

Rev. Luther Young, missionary of Korea, gave an interesting review of the present status of work there in the four stations of Won-Sun, Ham Hung, Song-Chin and Hon-Yung, and educational work is emphasized as a means of getting at the people.

In dealing with the Bible Institute work, he said Koreans are getting so well grounded in the Russian language, which were circulated there containing the statement that Christ, Confucius and Buddha were great prophets did not shake their faith. Evangelistic work is so advanced there that the Koreans are asking to have a section of China to evangelize. The
