New York Sun for 1872. TO ALL WHO CAN READ.

The New York Weekly Sun Doubled in Size without Increase in Price. With the beginning of 1872, THE WERKLY SUN has been doubled in size. It now contains eight pages instead of four, making it equal in dimensions to any other weekly secular journal published in this country. At the same time its price has not been increased. It will be furnished to subscribers at the uniform rate of one dollar a year for each copy. To this rate no exception will be made and no reduction will be possible, either to clubs or agents. Every subscriber who sends a dollar will receive a copy

While THE WEEKLY SUN thus furnishes as much reading matter as other papers published at double or treble the prize, it will contain new atures which will add greatly to its interest and value as a family newspaper. Its independence of opinion, and its unqualified hos-tility to Tweedism and Grantism, and every form of public robbery, bribery, and corruption news its readers may rely upon always receiving ligence that can possibly be obtained. The space to valuable agricultural intelligence, and to print interesting stories and romances more extensively than hitherto. For miscellaneous reading, presenting the quaint and humorous aspects of life, and for useful information repecting not only what takes place in this me-tropolis and this country, but in all other parts of the world, we now have ample room.

In its new form THE WEEKLY SUN is the cheapest paper of its class in the United States: and we appeal to such of our readers as approve its ideas and objects, and find it interesting and

ions, but to recommend the paper to their friends and neighbors.

This year is destined to be a memorable one in the history of the country. We are on the eve of a most significant Presidential election. and political movements will for many months be watched with unusual interest. As a journal, free from the trammels of party, THE WEEKLY SUN will continue to uphold the principles of true republican government. Its readers are invited to sustain it in that work. The truth,
