WANTED

BOY TO CARRY THE COURIER PAPERS ON MT. PLEASANT ROAD. APPLY Courier

TO BELIEVE CONGESTION.

By Courier Lensed Wire. Halifax, Feb. 27.—The Halifax Board of Trade has telegraphed the Department of Marine, asking that a steamer be procured for temporary relief of the freight congestion occasioned by the loss of the Red Cross liner Florida. A large amount of freight, principally fish, is awaiting shipment from here to the United States.

SHIPBUILDING ALONG DELAWARE

Yards on That River Will Supply One Third of U. S. Needs

Philadelphia, February 28.—More than one-third of the war vessels and merchant ships called for by the program of the United States government are building in ship yards along the Delaware river, according to figures which have just been made public with the permission of the Emergency Fleet Corporation. The tonnage contracted for, according to government officials, before going to bed and in the morning into the greatest shipbuilding center in the world.

W. B. Ferguson, a representative of the Emergency Fleet Corporation, estimates that an army of about 85,000 shipworkers will be required to turn out the 272 ships, including war vessels, contracted for by the eleven shipbuilding plants between Trenton and Delaware City. Work on the cargo-carriers at Hog Island is progressing and this plant is engaging to turn out 6,000,000 additional tons in 1918. More than 2,250,000 tons will be the Delaware River's first quota in the fleet which Uncle Sam relies on to help win the war.

At the new shipyard at Bristol, Pa., forty ships are contracted for. Here more than 5,000 men are at work and it is expected that 10,000 more will be necessary to complete the vessels on schedule.

Ten vessels are being constructed at another new yard at Corwells Pt. The force there of 500 men will be increased to 2,000. At a well-known Philadelphia shipbuilding plant more than 40 ships are being turned out. Most of these are government craft on which more than 5,000 men are engaged. Another thousand is needed.

In the big yard at Camden, N. J., across the river from Philadelphia, 7,200 men are building twenty-four ships. More workers are needed here also.

Two large plants, one a new one, at Chester, Pa., have contracted for eighteen and twenty-six ships respectively. One plant has only 1,700 men on the payroll and requires at least 3,000 more, according to government figures. The other yard is employing 2,000 whereas, at least 5,000 are necessary to complete its contracts.

The plant at Hog Island is now employing about 10,000 workers and officials there estimate that at least 32,000 are needed.

Work is now in progress at Wilmington, Del., in preparing a shipyard on which 2,800 men are employed. This company is in the market for another 1,000 workers. At another plant in that city eight ships are being built by a force of 1,000 men and officials require 1,600 more.

Labor difficulties and shortage of steel and other materials, it is expected, will trouble the ships contracted for by a force of 1,000 men. For recent investigation of the Delaware river, plans indicated that most of the vessels being built will be completed in schedule time.

"CASCARETS" FOR HEADACHE, COLDS, LIVER, BOWELS

prevention of disease. Enjoy life! Don't stay bilious, sick, headachy and constipated.

Get rid of bad breath, sour stomach, coated tongue, indigestion

Get a 10-cent box now. They're fine! Cascarets live your liver, clean your thirty feet of bowels and sweeten your stomach. You eat one or two, like candy, before going to bed and in the morning your head is clear, tongue is clean, stomach sweet, breath right and cold gone. Get a box from your druggist and enjoy the nicest, gentlest liver and bowel cleaning you ever experienced. Cascarets stop sick headache, biliousness, indigestion, bad breath and constipation. Mothers should give a whole Cascaret to cross bilious, sick, feverish children any time. They're harmless and never gripe or sicken.

HERTLING'S SPEECH FOR WAR, NOT PEACE

Chancellor Sought To Sow Dissension in Ranks of Allies

Paris, Feb. 27.—The consensus of opinion in official and diplomatic circles concerning Count von Hertling's speech is that it is a "war speech," not a "peace speech."

A high official of the foreign office informs the Associated Press that the aims of von Hertling's oration were twofold.

First, he desired to create a division between the allies, especially between the Anglo-Saxon group and the Latin group. Second, he wanted to stimulate peace talk in allied and neutral countries in an effort to bring about another "Brest-Litovsk." Third, the chancellor's maneuver was expected to impress public opinion in Germany and abroad that military officials do not rule in Germany, but that the diplomats and politicians have the upper hand.

"Count von Hertling has failed to understand President Wilson's speeches," this official said. "He has interpreted them as if they had been written by himself. The offer made to Belgium to state her terms is only for the purpose of influencing public opinion in the United States, which Germany knows is fighting for no other purpose than to redress the wrongs committed against Belgium. As the treatment of Belgium was the most flagrant and initial wrong perpetrated by Germany, the chancellor thinks that by restoring a semblance of authority in Belgium he will thereby separate America and Great Britain from their Latin allies."

"By stimulating peace talk among the allied countries, von Hertling hopes that one among them may be brought to sit at a conference similar to that at Brest-Litovsk. The voice is that of von Hertling, but it is the hand of von Hindenburg."

The imperial chancellor, it was added, also wished to minimize the unfavorable impression abroad and at home that the military leaders had made at the coming budget debates in the Reichstag.

"It seems to be a treacherous move on the part of von Hertling to secure a respite in the west and give the military leaders sufficient time to consolidate the ephemeral success in Russia."

A Belgian diplomatic official told the Associated Press that Belgium probably would not deign to respond to von Hertling's brutal and diplomatic request. He said: "Dignified silence is the best reply to the undignified and thoroughly German proposal. This is the second time that Germany has offered openly a separate peace to Belgium. Once before, in 1914, after the fall of Liege, similar proposal met with an emphatic rebuff from the Belgian Government and if any reply is vouchsafed by the Belgian Government now it will be

BELGIUM WANTS WHEAT AND MEAT

Compulsory Rationing in Old Land Calls For Assistance From Canada

Ottawa, Feb. 27.—Every carload of wheat or flour and bacon or frozen meat that Canada can get to the seaboard is badly wanted. Such is the effect of a cabled message received to-day from the British Ministry of Food by the chairman of the Canadian Food Board. The statement tells of the application of compulsory rationing in Great Britain and reports on the general food situation in the allied countries. It reads:

"Compulsory rationing of meat, butter and fats came into force Monday throughout London and the home countries. In fourteen other countries are now restricted to about 1 1/2 pounds of meat, four ounces of butter or margarine and half pound of suet per week. By March 25 compulsory rationing of these foodstuffs will be universal in the United Kingdom. The condition of the railways in the United States continues to deteriorate the already serious situation. Every carload of wheat or flour and bacon or frozen meat that Canada can get to the seaboard is badly wanted."

The Italian Government commission states that the food situation there is unchanged, but all the allied countries are naturally affected by the decreased imports reaching them from American ports.

Extend Time for License. Ottawa, Feb. 27.—The Canada Food Board has extended from March 1 to March 15 the time within which bakers using the barrels of flour or more per month for the manufacture of bread, cake or other bakery products for sale must obtain a license from the food boards.

This will enable bakers to utilize flour other than standard flour in their bakeries, but on and after that date no person or business company to whom the bakers' regulations apply may operate without a license of use other than the standard flour in the manufacture of his products. The transportation situation and the difficulty of ensuring that all bakers would have sufficient supplies of the new standard flour by March 1 is the reason for the extension of time.

Bakers having stocks of other than the standard flour, which will not be exhausted before March 15, are advised to communicate with the Wheat Export Company, Montreal, which is prepared to take it off their hands.

BUSINESS BEFORE PLEASURE

(Associated Press). London, Feb. 28.—Most residents of London have come to take air very coolly. During the latest German visit, a British coachman gun, mounted on an automobile truck, took up its position in a fashionable residential district, directly in front of the house of a wealthy banker. The banker stood the racket of the barrage fire for some time and then walked out in the street, shaking his head in charge of the gun.

"I say, would you mind taking that thing a little farther down the street. We don't like the row and it is fairly shaking my walls."

The young lieutenant was nonplussed for a moment, but recovered in time to flash back a reply. "Look here, do you take this for a blooming hurry-gurdy?"

CAMPAIGN AGAINST VILLA.

(Associated Press). Mexico City, Feb. 28.—The War Department has announced that General Francisco Villa, after a conference with President Carranza, went north and, as chief of military operations in the northern states, established headquarters at Torreon, from which city he will direct a new campaign against Francisco Villa's band of outlaws.
