

A Hospital Case

There was a hurry call for the ambulance of the City Hospital. In the course of a few moments a very sick woman was brought in on a stretcher—she was pale as death and evidently suffering keen agony. There was a hasty examination and consultation, and in less than a quarter of an hour the poor creature was on the operating table to undergo an operation for ovaritis.

The above is an accurate account of an incident which occurred in New York recently; the young woman in question had warnings enough of her dangerous condition in the terrible pains and burning sensation low down in her left side. She had no one to advise her, and she suffered torture until it was too late for anything to save her life.

Women should remember that if they do not care to tell a doctor their troubles, they should be willing to tell them to a woman, who stands ever ready to advise and help them. Again we state that Mrs. Pinkham's advice is freely and confidentially given to every one who asks for it. Address, Lynn, Mass.

The following letters prove beyond question that Lydia E. Pinkham's Vegetable Compound has the power to cure, and does cure thousands of cases of inflammation of the ovaries, womb, and all other derangements of the female organism.

MRS. OTTOSON SAVED FROM A SURGICAL OPERATION.

"DEAR MRS. PINKHAM:—I cannot thank you enough for what your Vegetable Compound has done for me. If it had not been for your medicine, I think I would have died."

"I will tell you how I suffered. I could hardly walk; was unable to sleep or eat. Menstruation was irregular. At last I had to stay in my bed, and flowed so badly that they sent for a doctor, who said I had inflammation of the ovaries, and must go through an operation, as no medicine could help me, but I could not do that."

"I received a little book of yours, and after reading it I concluded to try Lydia E. Pinkham's Vegetable Compound, and I am now a well woman. I shall praise your medicine as long as I live, and also recommend the same to any one suffering as I was."—MRS. MINNIE OTTOSON, Ohio, Iowa. (June 9, 1901.)

Follow the record of this medicine, and remember that these thousands of cures of women whose letters are constantly printed in this paper were not brought about by "something else," but by Lydia E. Pinkham's Vegetable Compound, the great Woman's Remedy for Woman's Ills. Those women who refuse to accept anything else are rewarded a hundred thousand times, for they get what they want—a cure. Moral—Stick to the medicine that you know is Best. Write to Mrs. Pinkham for advice.

INFLAMMATION OF THE OVARIES CURED WITHOUT THE KNIFE.

"DEAR MRS. PINKHAM:—I wish to express my gratitude for the restored health and happiness Lydia E. Pinkham's Vegetable Compound has brought into my life."

"I had suffered for three years with terrible pains at the time of menstruation, and did not know what the trouble was until the doctor pronounced it inflammation of the ovaries, and proposed an operation."

"I felt so weak and sick that I felt sure I could not survive the ordeal, and so I told him that I would not undergo it. The following week I read an advertisement in the paper of your Vegetable Compound in such an emergency, and so I decided to try it. Great was my joy to find that I actually improved after taking two bottles, so I kept taking it for ten weeks, and at the end of that time I was cured. I had gained eighteen pounds and was in excellent health, and am now."

"You surely deserve great success, and you have my very best wishes."—MISS ALICE BAILEY, 60 North Boulevard, Atlanta, Ga., Treasurer St. Francis Benevolent Association.

\$5000.00 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness.

International Bible Lesson for Tomorrow—Paul at Thessalonica and Berea—Acts 17, 1-12.

Golden Text—"Thy word is a lamp to my feet."

Paul follows the example of our Lord, attending and preaching in their synagogues—to the Jew first. He reasons to prove from their own scriptures that Jesus, the Messiah, must needs die and rise ere He reign, to fulfill the prophecies. The Jews who believed the teaching of Paul and Silas, along with many of the leading people of the city, consorted or fellowshiped with the preachers, while the unbelieving Jews set on the toughs to assault them, professing to be loyal Romans they charged the Christians with being lawless traitors to Caesar—very much as the Turks are doing to-day in the same neighborhood. After innocent Jason had been bound over to keep the peace, Paul and Silas, to escape the mob, left for Berea by night. China has had many such trouble lately, and Macedonia has them just now. The Wesleyans and the Salvation Army were treated much the same in Christian countries. The Berean Jews were wiser men, gave heed to the preachers, searching the scriptures daily, a noble and ennobling habit, and "faith came by hearing and hearing by the Word of God." Paul was supported on these mission fields by remittances from Philippi, and working at his trade as tent-maker. Bible readers and Bible students belong to heaven's nobility.

Have you the blues? Does your head ache, and have you a presentiment that the whole world is against you? Does everything seem to be going wrong and life generally appear to be a fight that is entirely too hard for you?

It's all your stomach! It needs to be rested and toned up and put in condition to do its work properly. Once it is right everything else will be right.

Dodd's Dyspepsia Tablets will put it right. Here's the testimony of one who knows, because she has tested them. Listen to the story of Juliana Sandburg, of 221 John St. North, Hamilton.

"For over six years," she says, "I had been troubled with Dyspepsia and Headaches. Nothing I ate would agree with me. I tried several medicines and I could not get any cure. I was advised to try Dodd's Dyspepsia Tablets and I did so. Almost as soon as I started using them I found relief and I was soon completely cured."

Thousands of others tell the same story. Why be blue when cheerfulness is within your reach?

FIVE BOYS KILLED.

Their Bob-sleigh Struck by an Express Train.

South Bethlehem, Pa., Jan. 16.—Five fifteen, while coasting were struck by a train on the Philadelphia and Reading Railway and killed, and another was fatally injured. Dennis McGinley, John Goyle, Owen Cahill, Patrick Cahill and an unknown boy were the ones killed, and John Heubner, who was hurt, will probably die. The boys were coasting on a bob sled. The railway crosses the street at the bottom of the hill and the sled and the express train reached the crossing simultaneously.

FASHION NOTES.

Differences in This Winter's Costumes—Large Sleeves.

Waists have altered nearly as much as skirts. Sleeves may ere long render fashion extremely ridiculous. Some of the French models show sleeves with absurdly large proportions from the elbow to the wrist. Many are rendered clumsy with bands of shirring. Good dressmakers, however, will no doubt modify this tendency.

Bodices are nearly all tight fitting in the back, though elongated and pouched in the front, with a narrow pointed waistband. Collars are higher

EVENING COAT.

than ever. The French are compromising by wearing pretty little flutes of silk at the sides of the collar.

There is a tendency toward voluminousness in evening dress and more handsome materials than of yore. Velvet will be worn a great deal both for dry and evening wear. Embroideries will be seen on everything, and of course lace never loses its popularity, while a good many Paris frocks are threaded through with white velvet.

The evening coat shown would also be suitable for afternoon wear. It is of velvet lined with white satin. The revers are of ermine, the cuffs part ermine and lace. The triple shoulder capes are piped with white satin.

JUDIC CHOLLET.

UP TO DATE COSTUMES.

Plaited Skirt—New Fleeced Zibeline.

All walking and tailor costumes just clear the ground and have no trains. It is a different matter, however, in the case of smart frocks. The skirts of these are not as long as they were, but they take all up in fullness and absolutely lie in folds around the feet.

The newest skirt is the plaited one. This is arranged in folds around the

hips and at the back, but the front is well kept fairly plain. It is charming when the material is not too thick. Tailors are using a great deal the new box plaited or kilted skirt, which they mostly put into a plain piece fitted around the hips.

The materials of the moment are the new snowflake tweeds and zibelines. Somewhat similar fabrics were used last winter, but now the flakes are larger. In these blue, brown, red and green are the favorite shades.

The illustration shows a strict gown of gray zibeline fleeced with white. The hat is of rough white felt.

Vanderbeek—You don't mean to say you make a living out of writing jokes?

Nohair—Well, I hope you don't think I write for the fun of it!

Woman is often referred to by man as "doubling his eyes and having his sorrows." That may be complimentary but it would seem to be rather hard on the woman. For in plain terms it means that where things are going well with the man his wife does "them good better." But when things are going ill with him, he expects the wife to share half his burden. And there's more truth than poetry in this presentation of masculine selfishness. Men don't appreciate the fact that the strain of motherhood alone is a burden bigger than all the loads that rest upon man's shoulders. They see the wife grow thin, pale, nervous and worn without a thought that she is over-burdened. Among the pleasant letters received by Dr. Pierce are those from husbands who have waked up before it was too late to the crushing burdens laid upon the wife, and in search for help have found in Dr. Pierce's Favorite Prescription a restorative which has given back to the mother the health of the maiden and the mother's happiness. "Favorite Prescription" always helps, and almost always cures. It has perfectly cured ninety-eight out of every hundred women who have used it when afflicted with diseases peculiar to women.

The best thing for you to do when hungry is to eat. Pie is satisfying, if taken in great quantities.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; none cases out of ten are cured by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
