Mr. Charles L. Ennis, piano manufacturer, who had not signed the declaration of qualification via alderman in time for the announcement in yesterday's Times, has since done so, and is in the field, and working, to win. He should win, too, as he is the sort that makes good alderman. He has made a success of everything he ever took hold of. Born. In Hamitton 48 years ago, he was, as a boy, active in clean pastimes, having oeen a member of the old Standard Baseball Club in the days of pure amateurism, a prize winner as a rifle shot, while in the Thirteenth Band for eight years. Mr. Ennis was an honesc and enthusiastic worker in fattor ranks in the paimy days of the "K. O'L.," and was secretary of the "C. L. W.," in 1887 and 88. He has, in the past 17 years, built up a successful manufacturing business, of which he is to-day President. Has sense enough to succeed under the present system, and at the same time labor to bring about reforms as fast as the people become ripe for them.

Young Man's Year.

1902 has proven to be the young men's year. The development of Canada has indeed been great during the past twelve months. In consequence the demand made for male help has been out of all proportion to the supply. This is especially true as regards the supply of young men for office positions. The Ganada Business College has been unable to meet the demands made upon it for such assistance, and to-day a number of splendid situations are going begging in conse-

A Happy **New Year** to You

Parting with the old year is like saying good bye to a good friend. It was a kindly year, and scattered prosperity over our country. Perhaps you felt its touch -we hope so.

It dealt kindly with us and brought us abundant prosperity borne to us by the prosperity of others. It inspires our ambition to do better, and we wish everybody else a full year of happiness and prosperity.
