

Canada offers great facilities for flax growers, dressers, spinners, &c., but this industry requires to be developed.
Domestic servants and needle women.

Boys and girls over 15 years of age.

Families with fixed incomes will find in Canada, with much less difficulty than amidst the crowded population of the Mother Country, a suitable and pleasant home, with every facility for educating and starting their children in life. Persons living on the interest of their money can easily get from 7 to 8 per cent., on first-class security.

Money deposited in the Post Office Savings Banks (Government security) draws 4 per cent. interest.

The rate allowed for the deposit of money on call in other Savings Banks is from 4 to 5 per cent., with undoubted security.

PERSONS WHO SHOULD NOT EMIGRATE.

Clerks, shopmen, or those having no particular trade or calling, and unaccustomed to manual labor, or females above the grade of domestic servants, should not emigrate to Canada, unless going to situations previously engaged, as the country is fully supplied, and in fact overstocked, with persons of this class.

THE TIME TO EMIGRATE.

The agricultural labourer emigrant should go to Canada early in the spring. By leaving home in the middle of April or beginning of May he will arrive at a time when labor is in general demand.

The highest wages are paid during harvest, but his great object should be to get engaged by the year, so as to be sure of a comfortable home for the winter. He must remember that until he gets into the ways of the country, he is of much less use to the farmer than he will be afterwards; and he should therefore be careful not to make a common mistake of refusing reasonable wages when offered to him on his first arrival.

It is advised that farmers who come to Canada with some means, who intend to purchase farms on their own account, should in the first place put their money in a Government Savings Bank or other Bank, at interest, while they engage with some farmer, and thus, while earning good wages, have time to learn the ways of the country and look about, and so make the best possible investment in the purchase of their farm. Mistakes which may involve loss of means will thus be prevented.

During the past year there has been demand for other kinds of laborers all the year round, and also for domestic servants. This demand is likely to continue.

THE BEST WAY TO REACH CANADA.

The emigrant should take his passage, if possible, by the regular lines of steamships, in preference to sailing vessels, as the increased comforts and saving of time in the voyage are worth more than the difference in the fare.

The intending emigrant is referred to the bills or advertisements for the days of sailing and particulars of passage.

Cabin fare, from Liverpool to Quebec, includes provisions, but not wines or liquors, which can be obtained on board (£15 15s) to (£18 18s). Intermediate passage includes provisions, beds, bedding, and all necessaries.
