MISS E. DAY.

### SECRETARY'S . REPORT

We are led to acknowledge the goodness of our gracious Father in smiling upon our feeble efforts and cheering us onward by marked evidence of success in every department of our League. Meetings have been held every Monday evening with increased attendance. The numerical standing of our Society at the present is 73 Active, 35 Associate, 23 Honorary, total, 131. New branches of work have been taken up and carried on with good results. We have been frequently favored with inspiring correspondence relative to the work done by our native worker in Japan. Three of our members attended the great International Christian Endeavor Convention held in Boston in July, 1895, reports of which were very encouraging and helpful. Montreal Conference Convention of Epworth Leagues held at Brockville in September at which two of our members attended, reports of which were instructive. We extend to all our young people a very hearty welcome to attend our meetings on Monday evenings which they will find interesting and instructive.

H. E. WOODLAND, Secretary.
