**DR. E. SPORN,** a German physician of much note, having devoted his attention for some years to the cure and removal of the causes of **NERVOUS AND SICK HEADACHE,** has the satisfaction to make known, that he has a remedy which by removing the causes cures effectually and permanently this distressing complaint. There are many families who have considered Sick Headache a constitutional incurable family complaint. Dr. S. assures them that they are mistaken, and labouring under distress which they might not only alleviate, but actually eradicate by the use of his remedy. It is the result of scientific research, and is entirely of a different character from advertised patent medicine, and is not unpleasant to the taste. To be had of

**BALDNESS.**  
**A BEAUTIFUL HEAD OF HAIR** is the grandest ornament belonging to the human frame. How strangely the loss of it changes the countenance, and prematurely brings on the appearance of old age, which causes many to recoil at being uncovered, and sometimes even shun society to avoid the jests and sneers of their acquaintances; the remainder of their lives consequently spent in retirement. In short, not even the loss of property fills the generous thinking youth, with that heavy sinking gloom as does the loss of his hair.—To avert all these unpleasant circumstances, **OLDRIDGE'S BALM OF COLUMBIA** stops the hair from falling off on the first application and a few bottles restores it again. It likewise produces eyebrows and whiskers; prevents the hair from turning gray, makes it curl beautifully, and frees it from scurf. Numerous certificates of the first respectability in support of the virtues of Oldridge's Balm are shown by the proprietors.  
 Read the following:  
**ROBERT WHARTON, Esquire,** late Mayor of Philadelphia, has certified, as may be seen below, to the high character of the following gentleman:  
 The undersigned do hereby certify that we have used the Balm of Columbia discovered by J. Oldridge, and have found it highly serviceable not only as a preventative against the falling off of hair, but also a certain restorative.

 It will certainly raise its virtues in the estimation of the public, when it is known that three of the above signers are more than 50 years of age, and the others not less than 50.

**DR. BRANDETH** requests a perusal of the following article:—  
**LIFE AND DEATH,**  
 Every thing has two distinct principles to its nature; one  
**THE PRINCIPLE OF LIFE**  
 THE OTHER  
**THE PRINCIPLE OF DEATH.**

So long as the principal of Life predominates, Health is enjoyed. When the principle of Death, Sickness takes place. How is this accounted for?  
 By the principle of Death, I mean the principle of decomposition or decay, which is each hour going on in the human frame from the hour of birth, to that of our final exit. While the natural outlets—the pores—the bowels—and all other directories of the body, discharge these decayed particles as fast as they are generated, we are in a state of health; we are free from the presence of the disease.  
 When, from breathing an impure atmosphere, living in a vicinity of swamps, or where we are in the constant habit of coming in contact with bad smells—effluvia arising from obnoxious accumulations of animal or vegetable bodies in a state of putridity, being infected from a living body under the influence of disease in a malignant state; or secondary occupations; or, in short, any cause which promotes decomposition faster than the stomach and bowels and the other excretories can remove, naturally; we are then in a state of disease. And should the cause which produces this state of the body remain, and nothing be done to drive the accumulated and accumulating impurities out of the body, the principle of death or decomposition, will become paramount, and the last glimmering of life depart from the once animated clay.

How then, shall we counteract these death dispensing influences? How?  
**PURGE!**—Yes—Isay Purge!  
 The magic in that word shall yet be understood, if this hand or brain can accomplish so mighty an explanation. Yes, purged be that pain in the head, the back, the bowels, the foot, the stomach, the side, the throat. Does it arise from internal or external cause,—I still say purge!—For know this self-evident truth, that pain cannot exist, save by the presence of some impurity—some deposit of decomposed particles upon the organ or part where the pain is seated. And purging discharges this impurity by the bowels, and continuing the practice daily will cure every complication of disease; and will prevent any one from becoming seriously indisposed; even when in constant contact with the most malignant fevers which cannot by possibility seriously affect the body, if we are continually careful to preserve it in a pure state, by frequent and effectual purgation. *Hippocrates* says, "Purgation expulses what must be expelled, and patients find relief; if, on the contrary, they are tormented by purgation, it is a proof there are yet matters which must be expelled."  
 The subscriber of this has resided in every variety of climate, and by always purging on the first appearance of sickness, has enjoyed for the last ten years, uninterrupted health. For we may call such the state of him who never sick more than 6 or 8 hours, about the time it takes to secure the effect of a purgative. The purgative I make use of is my grandfather's pills, and they are, to my certain knowledge, the most judiciously balanced purge in existence. I have used them for 8 months daily, in doses of from 2 to 16 pills per day, to satisfy myself as to their innocency. It therefore, cannot be doubted. It is my opinion, that any person, be he ever so prostrated by disease, provided he is capable of taking exercise at all, may lengthen his life to 60 years, by continuing to assist his natural functions with the **BRANDETH VEGETABLE PILLS.** Death never can take place until the Principle of Decomposition puts on the lamp of life. And that would seldom be before 60 or 70 years, was this principle of purgation always resorted to on the first appearance of sickness.  
 In the hope that these remarks may be of some service, I am the public's obedient servant,  
**D. BRANDETH, M. D.**

Great caution is required to procure the genuine Brandeth's Pills. Druggists and Chemists are never in any place appointed Agents by Dr. B. All his

authorised Agents have an engraved certificate of agency, signed by himself; unless this certificate can be shown, do not purchase. This caution is absolutely necessary to guard the public against spurious Pills.

**HÆMORRHOIDS—NO CURE NO PAY!**  
 Price \$1—Hay's Liniment—No Fiction.

**THIS** extraordinary chemical composition, the result of science and the invention of a celebrated medical man, the introduction of which to the public was invented with the solemnity of a death-bed bequest, has since gained a reputation unparalleled, fully sustaining the correctness of the lamented Dr. Gridley's last confession, that "he dared not die without giving to posterity the benefit of his knowledge on this subject," and he therefore bequeathed to his friend and attendant, Solomon Hays, the secret of his discovery.  
 It is now used in the principal hospitals and the private practice in our country, first and most certainly for the cure of the piles, and also so extensively and effectually as to baffled credulity, unless where its effects are witnessed externally in the following complaints:—  
 For Dropsy—Creating extraordinary absorption at once.  
 All Swellings—Reducing them in a few hours.  
 Rheumatism—Acute or Chronic, giving quick ease.  
 Sore Throat—By cancers, ulcers or colic.  
 Croup and Whooping Cough—Externally, and over the chest.  
 All Bruises, Sprains and Burns—Curing in a few hours.  
 Sores and Ulcers—Whether fresh or long standing, and fever sores.  
 Its operations upon adults and children in reducing rheumatic swellings, and loosening coughs, and tightness of the chest by relaxation of the parts has been surprising beyond conception. The common remark of those who have used it in the Piles, is "it acts like a charm."  
**THE PILES.**—The price \$1 is refunded to any one who will use a bottle of Hay's Liniment for the Piles, and return the empty bottle without being cured. These are the positive orders of the proprietor to the Agents, and out of the many thousands sold, not one has been unsuccessful.  
 We might insert certificates to any length, but prefer that those who sell the article should exhibit the original to purchasers.  
**CAUTION.**—None can be genuine without a splendid engraved wrapper, on which is my name, and also that of the Agents.
