Killed in Auto Accident.

Lawrence McVittie, of Southampton, was instantly killed when the Ford car he was driving turned over on the roadside just south of Port Elgin on Tuesday night. The cause of the accident is not known, but it is supposed a wheel struck a large stone, which caused the car to bounce upward and lose its balance. Two other occupants of the car escaped without serious injury. The deceased was about 17 years of age, a son of Mr. McVittie, hardware merchant of Southampton. He had joined the Canadian Flying Corps some months ago, but after training for a time was rejected because of being under age.

The Ditch Must Go.

Every week we read in the county papers articles under such headings as: "Auto Took to the Ditch," "Auto Turned Turtle," "Auto Accident." In the great majority of cases it is a matter of getting into the ditch in one way or another. The fact of the matter is that the old roads are not fit for the new traffic. The roads are too narrow and the ditches alongside are too deep. Most of the accidents, of course, are due to recklessness on the part of the driver; but the narrow road and the deep ditch is a source of danger even to the careful and experienced. Few horses now give trouble when being passed by an automobile, and there would be none at all if the roads were a little wider and the ditches a little farther away.

When the county road commissioners get to work, this making the roads safer for both motor and horse drawn vehicles, will be one of the ends they will have in view while re-making the county roads.

Can't Afford to Miss.

The shooting season, which was reported to open on the first of next month has, we learn, been set by the Provincial Superintendent of Game Laws from the 15th of October to the 15th of November and the last two weeks in December, this being for hare and rabbits only. Partridge are protected from the hunter's gun until the year 1919. Although the season this year is a very short one, yet many a bunny will be run to earth and sacrificed to aid in the conservation of food, and made to lessen the meatless days that have recently been put on the calendar by the Food Controllers. With this fact in view, and cartridges retailing at 5c. a piece, the long eared tribe of the swamps will have to do some fast sprinting to escape the deadly intentions of our local nimrods, who are thrifty enough to despise the wasting of a cartridge and patriotic enough to aid in the solving of the food problem.

Canadians should not consider that 1917 will be the only year that rigid economies must be practised. There is no knowing at this date when the war will end, and even after it has ended there will be urgent need for Canada's surplus of food for many months while Europe is being regenerated.

Knechtel's Fall Opening

Our Store is filled with Fashionable and Comfortable Wearing Apparel for fall and winter.

Fall Coats

Madam—

Your Fall Coat is here.

New stunning models direct from the manufacturers.

The wide range of colors and styles will please you.

You must see these coats in person to appreciate them.

Prices \$15.00 to 30.00

KNECHTEL & KNECHTEL

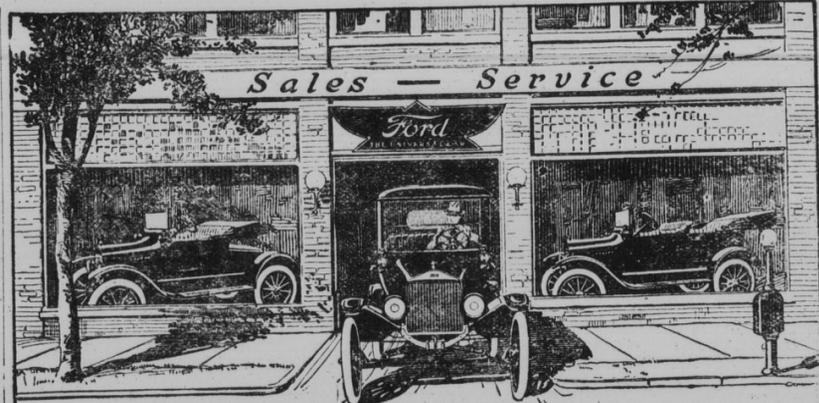

No Restrictions on Home Canning.

That the food controller had ordered the confiscation of all canned fruits and vegetables over 50 pint jars per family, is a rumour that has become circulated strongly in some places and last week reached Mildmay. There is no truth in the rumour, however, and housewives it is hoped will still feel free to can all they can while the fruit and vegetable season lasts. In the regulation of August 24th there was a suggestion of confiscation, the idea being to compel the use of fresh vegetables.

Whiskey Seizure and Assault.

License Inspector Gordon had a lively time in Mt. Forest on Thursday, the last day of the fall fair, but not in connection therewith. He had a show of his own with whiskey as the main exhibit, whiskey that he had been on the track of for some time as well as on the track of the person he suspected of gathering it illegally. The suspect is Manus O'Donnell and on the afternoon of the said day the Inspector with two assistants visited a stable at O'Donnell's home and seized a number of cases of liquor, incidentally meeting with some opposition from O'Donnell, who appeared at the stable just as the Inspector was leaving with his load. The suspected man's shouts to come back with the stuff not having been heeded, the Inspector and his posse were showered with stones with which the irate man's pockets were well supplied. The fusillade and shouts were of no avail, however, and the whiskey was taken to the cells. Afterwards, O'Donnell was served with a summons to appear before police magistrate Allen on Monday to answer to the charge laid by the Inspector of unlawfully having liquor for sale. On Monday when the case was called the prosecution asked for adjournment in order to secure evidence, which was granted for one week. A case of assault arose indirectly out of foregoing. After the seizure one of Inspector Gordon's assistants, Allan Foster, of Toronto, met Geo. Daum, of Palmerston, the latter being in his auto when Foster asked him for a match and for reply received a blow in the face from Daum, who upbraided Foster for his part in the liquor seizure, it appearing that Daum had previous knowledge of Foster.

The assault was followed by a second visit to the police magistrate with whom a double charge was laid against Daum, (1) assault, (2) driving an automobile while intoxicated. These charges were also tried here Monday. The accused pleaded guilty to No. 1 and was fined \$5 and costs. A plea of not guilty of charge No. 2 was made and as it was difficult to secure evidence to establish the same prosecution was not gone on with and the charge was dismissed.—Mt. Forest Representative.

Complete Service to Ford Owners Everywhere

COURTEOUS attention to your needs wherever you may travel is something you appreciate, and being a Ford owner you can get it. You are always "among friends".

There are more than 700 Ford Dealer Service Stations throughout Canada. These are always within easy reach of Ford owners—for gasoline, oil, tires, repairs, accessories, expert advice or motor adjustments.

The cost of Ford Service is as remarkably low as the cost of the car itself. Nineteen of the most called for parts cost only \$5.40. Just compare this with the cost of spare parts for other cars and you will realize the advantage of owning a Ford.

Killed by Threshing Machine.

A fatal accident took place on the farm of Mr. Albert Riddell, of Mornington, near Newton, on Thursday evening of last week, whereby Mr. Jos. Albrecht, of Poole, lost his life. Mr. Albrecht runs a threshing rig and had just moved onto the farm and was setting the machine to begin operations next morning. A team was drawing the separator backwards up

the gangway while Mr. Albrecht guided by the tongue. The rope attached to the separator being somewhat faulty, broke, allowing the machine to start down the incline. In an effort to stop the momentum of the heavy separator, Mr. Albrecht endeavored to plow the tongue into the ground, but, failing this, and realizing his danger, he tried to jump clear, but was struck by the tongue and knocked to the ground. The front wheel passed

over his chest, crushing life out instantly. The tongue then came with such force against a post as to knock the front wheels of the truck back under the machine, causing the fan box to settle on the lifeless body of Mr. Albrecht. Neighbors were notified of the accident and soon assembled. It was necessary to jack up the machine: below the body could be extricated.—Milverton Sun.

Shorthorn Cattle.

Winners of the Silver Medal at the Northern Exhibition for the past three years.

Choice young stock of both sexes on hand and on hand.
