

THREE IN A ROW FOR BERLIN TEAM

Waterloo Acadians Were Defeated in Senior O.H.A. Match.

Berlin, Jan. 18.—Berlin seniors made it three in a row last night when they defeated the Waterloo Acadians here by the score of 6 to 2 in what was two periods of hockey and one of shinny.

ON PRESTON ICE

Preston, Jan. 18.—In the senior O.H.A. game here last night between Elmira and Preston Elmira by means of strong defence and good fast play outscored the local team by 7 to 1.

The first period opened with Preston getting the advantage, then Elmira had the best of it, but neither succeeded in scoring, although the goalkeepers were kept busy.

Elmira started the third period by a lone rush by Otto, who got their fifth. The sixth followed soon after. Schlager and Bowman then got through their defence, but were unable to score.

STRONG FINISH BY ELECTRICS

Peterboro, Jan. 18.—The 93rd Battalion last night, with a lead of 2 goals at the start of the third period, they fagged and were beaten out by 4 to 3.

BELLEVILLE WON

Belleville, Jan. 18.—An intermediate O. H. A. match was played here last night between teams of the 23rd Battery of Kingston and the Belleville team.

MUST NOT THROW STICK

President Emmett Quinn of the National Hockey Association announced Saturday evening that a new rule would go into effect at midnight concerning the throwing of sticks.

Stick throwing in the first period will be punished by a match foul, which keeps the offender out of the balance of the game.

Stick throwing in the second period, match foul and a fine of \$5.

Stick throwing in the third period, fine of \$5, match foul and suspension for one game.

Stick throwing in two games in third period, match foul, fine and banishment from the league.

HOCKEY GOSSIP

Riversides made strenuous efforts last week to secure Watson, the clever centre of St. Andrew's College.

Argonauts have a valuable man in Hicks, the former junior player of the Simcoes.

GORDON MURRAY SIGNS

Gordon Murray, the Toronto player, and now with Ottawa, was the star of the Ottawa-Canadians game on Saturday night at Montreal.

AT MARKHAM BY 14 TO 6

Markham, Jan. 18.—The largest crowd of the season turned out last night to see the Markham junior O.H.A. team go down to defeat before the husky Aura Lee team of Toronto by the score of 14 to 6.

Markham held the visitors to an even score well into the second period, when the superior combination of Aura Lee began to tell, and this period ended 8 to 4.

In the first period the Aura Lee goal prevented this. Great credit is due to the Markham boys for the way they held their opponents, who are heralded as the coming junior O. H. A. champions.

OTTAWA DEFEATED

Ottawa, Jan. 18.—Wanderers lengthened their lead in the N.H.A. race at the Arena last night, when they defeated the Ottawas by a score of 7 to 3 after a rough, hard game.

Wanderers secured a lead of two to nothing in the first period, and though Ottawa outscored them 2 to 1 in the second, the Red Bands came back in the third with four goals in five minutes, clinching it.

Wanderers played great hockey at times, with Ode and Sprague Clegg and Roberts as the outstanding stars, while all the Ottawas were off color, apparently suffering from the effects of the Saturday game against the Canadiens.

Gerard was the only local man to shine, though Ross worked desperately. In the second period he was the only one to shine.

LIVER ILLS ARE CURED BY HOOD'S PILLS

Gerard scored for Ottawa from a side shot, but Wanderers disputed the goal and Roberts struck Umpire Buterworth on the chin with his stick.

HOCKEY RESULTS

The following were the hockey results last night: N. H. A. Wanderers 7, Ottawa 1.

Senior O. H. A. Berlin 6, Waterloo 2. Elmira 7, Preston 1.

Intermediate O.H.A. Belleville 12, 33rd Battery 1. 76th Battalion 21, Alliston 2.

Junior O. H. A. Aura Lee 14, Markham 6. Port Hope 5, Cobourg 3. Newarket 5, Aurora 0.

Gravenhurst 4, Gravenhurst 15 to 4.

PORT HOPE WINS DISTRICT

Cobourg, Jan. 18.—In an intermediate O.H.A. game here last night between Port Hope and Cobourg the former won by a score of 6 to 3.

National Commission to be Abolished?

Chicago, Jan. 18.—Reorganization of the National Commission, the Supreme Court of baseball, and elimination of Garry Herrmann as its chairman, was spoken of yesterday in an article in the Chicago Daily News.

The dissolution of the National Commission and reorganization under a new regime is the plan of the American League.

The news quoted President Johnson of the league as favoring a "change in the methods of conducting baseball business."

Benny Kauff Goes to the Giants

New York, Jan. 18.—At last the Giants have landed Benny Kauff. The slugging Federal league player yesterday was turned over to the New York Nationals by Harry F. Sinclair.

The players' signatures have not been received despite the transfer, but this will come about in the regular course of events.

Phillies May Lose Star Battery

Reports are current that both ends of the Phillies' star battery—Alexander and Killifer—are in bad physical condition and neither may be able to play this season.

Alexander, who hurt his arm nearly a month before the end of the 1915 season, has been considerably troubled with it ever since and seems unable to make it swing properly when working out at his home.

Killifer's shoulder went to the bad some time before the close of the campaign, and he could not take part in the world's series except as a pinch hitter in the last game, and the shoulder has not shown any improvement since.

It begins to look very much as if a concerted campaign is being conducted to aid the Federal League club owners in getting rid of their players.

It is really remarkable the amount of publicity some of the Fed. players are getting, and it is hard to believe that all of it is spontaneous.

Men like Konetchy, Oakes, Mowrey, Knabe and others are being boosted to the skies.

Big Grain Purchase.

New York, Jan. 17.—A news agency dispatch from Bucharest, published here to-day, says: "An English syndicate to-day closed a deal for the purchase of eighty thousand carloads of Roumanian grain, paying \$50,000,000 in gold.

THE RING

PROPOSED BOUT BETWEEN WILLARD AND MORAN

New York, Jan. 18.—The proposed bout between Willard and Moran is of unusual interest in that it brings to bear upon the heavyweight title several angles which are unusual in ring contests.

Consequently the only way in which the heavyweight championship could pass from Willard, the holder, to Moran would be for the latter to knock out his opponent or win on a foul so deliberate that there could be no question of its intent.

Since the days when heavyweights first donned gloves and fought under Queensberry rules, the ring records show that knockouts in bouts in which champions have participated, have averaged well over ten rounds.

These contests include those in which the latter terminated the knockout or a referee's decision. All told, 242 rounds were fought and the average rounds to a knockout was approximately 13 1/2.

From these figures it will be seen that the chances of a knockout in the ten round bout between Willard and Moran are against such a feat.

The records of the boxers themselves when taken in connection with the performance of the prospective opponent would appear to be against the scoring of a knockout inside ten rounds.

Willard has engaged in thirty battles, eighteen of which he won by the K.O. route, giving him an average of about sixty per cent.

Moran has fought 42 bouts, winning nineteen or about 45 per cent, by knockouts and the average duration of bouts ending in a knockout was five rounds.

FOUR LIVES WERE LOST IN A FIRE AT BRANDON

Brandon, Jan. 18.—Two bodies have been recovered and two others lie buried in the ice-covered ruins of the Syndicate Block, which was one of Brandon's finest business blocks yesterday, now a steaming ruin.

When the fire broke out Walker was on a street car. He rushed from it into the burning building to the aid of some of the employees, and his body was found not far from that of Miss McCort in what had originally been the office.

The fire broke out from an unknown cause in Doig, Rankin and Robertson's departmental store, and spread so rapidly that many of the fifty employees had to jump from the third storey windows.

In fifteen minutes it was all ablaze. Firemen made a gallant struggle, but their efforts and the brick fire wall were unavailing to keep the blaze from spreading to N. W. Ball's men's furnishings and

Temperance Measures in War Time

THOSE who would enforce prohibitory law throughout the length and breadth of Ontario, under the guise of a war measure, should turn to the great European nations at war and learn what they are doing in the cause of TEMPERANCE, as a contributory factor in the winning of the war.

The Citizens' Committee of One Hundred recently made public statement regarding such measures, but twisted the facts until it looked as though the various countries at war were dry.

ENGLAND

The Committee stated that in England the sale of liquor has been curtailed to five and one-half hours per day. This is only true in Munitions areas, and does not apply to the rest of the country.

The British Government serves out to its soldiers 2 1/2 ounces of rum twice a week, with an additional half ration on each of the other days to the men in the trenches, while during the very bad weather the full ration of 2 1/2 ounces has been given daily to the men in the trenches.

It is worthy of note that in cases where the hours of sale have been reduced the British Government have compensated the license holders affected, thus recognizing in principle the right of the latter to proper compensation.

RUSSIA

Russia's contribution to temperance reform is the abolition of the manufacture and sale of vodka, a cheap and dangerous spirit. Whether the results will be entirely satisfactory is yet in question, owing to the enormous increase in illicit stills, manufacturing vodka, wood alcohol and other noxious preparations.

The Minister of Commerce recommends the sale of beer and wines containing not more than 16 per cent. of alcohol. Ten thousand bottles of wine per day were distributed among the troops at Warsaw.

FRANCE

Apart from the abolition of absinthe, a very dangerous spirit, the French Government has not adopted prohibitory measures. In fact, the French soldiers are regularly supplied with wine, and, at times, spirits. The entrance of beer and wines into towns and cities of France is facilitated by the removal of the octroi duties.

In the matter of compensation the French Government has paid almost \$3,000,000 to those injured by the abolition of absinthe.

BELGIUM

The last statistics supplied by Belgium form interesting reading, in view of the outstanding vigor and valor of her people. Apart from wines and spirits, the annual consumption of beer per capita in Belgium was 88 gallons—over a gallon a week—an astounding figure when one considers the corresponding figure in Canada is less than seven gallons per annum.

GERMANY

Germany might also be cited, but, unlike the Citizens' Committee of One Hundred, we do not care to go to our ENEMY to support our cause.

If in these countries where the problems of the war are closer home, Prohibition is not thought necessary, why does the Committee of One Hundred introduce Prohibition to Ontario as a Necessary War Measure?
