in charge, will be pleased to see you. All are
cordially invited to attend.

C. M. BABCOCK,
Telephone 197.
BROCKVILLE

TIME IS MONEY

Nothing surer than this, and when you come to Brockville you want to make as much of your time as possible. When you want to buy boots, shoes, overboots, trunks or valises, you can save time by coming direct to our store. We can always suit you, carrying all kinds, from the cheapest of the French in all varieties. You can get through your trading in three or four days and will have the time to look for other goods instead of looking all day for a good fit, and in the end, not get pleased until you reach our store.

Shagbuns now are going out every day to make room for new spring goods. Do you want some? Look here—\$2.00 boots are now being sold for \$1.50, \$3.00 boots for \$2.00. These lines must go, and we have lots of others we are clearing out at just as low prices.

See our new spring boots at 75c, for misses, sizes 11 to 2—solid stock, buttoned and worked holes.

COUNTY NEWS.

INTERESTING LETTERS FROM OUR STAFF OF CORRESPONDENTS.

A Budget of News and Gossip. Personal Incidents—A Little of Every-thing will be noted up.

LEARD ISLAND.

SATURDAY, March 25.—Misses Hewitt and Hewitt are the guests of Mrs. A. Scott.

The seasoner is quite an expert with a rifle; a challenge of you doubt it.

We are sorry to learn of the brief illness of Mr. and Mrs. E. C. Laine, who are leaving this place for their present home at Smith's Falls.

Mr. and Mrs. Chas. Whaley are at present visiting their brother, Mr. Geo. Whaley, of this place.

Mr. P. H. Kelson has been re-organized for the coming season to draw the milk going from this neighborhood to the Farmer's Choice factory, which will be his fifth successive season at the business for the same factory.

Band meetings at the school-house semi-weekly, local service on Sabbath intervening, with prayer meetings every Wednesday evening.

WESTPORT.

SATURDAY, March 25.—Mrs. H. Provo is slowly recovering.

Mr. J. J. Carey and family have moved to Smith's Falls.

Mr. A. J. Harte, of Elgin, visited Westport on Monday last.

A number from here attended the horse races at Fermoy on Tuesday.

Miss Annie Tate is visiting at Miss Johnson's.

Mr. O. Lillie, dentist of Newboro, who has been here for the past week, returned to Newboro on Saturday.

Mr. E. Alquire has a number of men engaged building a cheese factory at Salem.

Mr. Thos. Sorinago, who has been visiting his sister, Mrs. Harry Provo, for a few days, returned to his home in Waterbury on Wednesday.

Mr. G. M. Gorrell, who has been sick in Brockville for some time, returned home last night. He intends remaining at home for a few weeks.

TOLEDO.

SATURDAY, March 25.—A good many of the farmers have tapped the maple but have not received much fruit as yet.

There was good looking on the flat last week and was well enjoyed by the young people here.

It has become a very common sight to see the wheels running once more.

Our enterprising tinmith Mr. T. Singleton has been very busy making, repairing and selling articles for making sugar for the past few weeks.

The Methodist Sabbath school of this place purpose holding their first quarterly review on Sunday night, March 26th.

Mr. T. Hillis has been busy for the past two weeks making and repairing saw blades.

Those wishing to make sale for their maple syrup would do well to see Mr. M. Derbyshire of Toledo who proposes handling about 1000 gallons this season.

Mr. Geo. Stratton and others of this place attended the wedding of Miss Stratton, daughter of Mr. Richard Stratton, of Brockville, on Wednesday, 22nd inst.

WIGHT'S CORNERS.

SATURDAY, March 25.—One evening not long ago, as the rays of the setting sun were fading behind the western treetops, those who chanced to be on the highway leading up to Wight's Corners might have seen one of our popular young men speeding along at a rapid rate seated on a single booby.

Seeing a lady ahead of him the thought occurred to him that he had forgotten to bring up the parcels he had promised her he would. Not wishing to incur this lady's reproof for his carelessness, which he would not receive if he overtook her, he thought to escape it by turning in at the middle gate and going across the lot home. All went fine until the ice was reached when, Great Scott! the horse plunged and the sled slid round, depositing this unfortunate young gent in the debris of mud and broken ice. Those who witnessed the catastrophe from afar say that under the circumstances the words he used must be excused. The next morning, a high school girl on her way through the fields found the photo of the whole scene engraved on the ice.

Monday—The longest way round is the safest way home.

GLEN BUELL.

SATURDAY, March 25.—The farmers are waiting anxiously for the sap to run. Some have tapped a few trees already to see if it would run and they got a few runs.

Mr. Alvin, Orton met with what might have proven a serious accident. While returning home the other day, he was driving at a speed not less than 240 when the sleigh came in contact with some broken stones and the rod which connects the pole with the sleigh broke. The sleigh stopped so suddenly that Alvin went off on his head (as he was standing up), and received a small cut over the right eye, dislocated one of his thumbs and almost broke his shoulder, and in fact got a terrible shaking up, but we are pleased to see him out again and apparently none the worse of the affair.

The cheese factory is undergoing a series of repairs under the management of Mr. Norris, a carpenter from Brockville, and Mr. Gilroy. Mr. MacDonald is the only apprentice. They are making some great improve-ments. When it is completed Glen

Duell factory will be second to none in the Brockville section. They have a little room done off the curing room for the Babcock test where every patron's milk will be tested and he will be paid for it according to the commercial value of it. I believe it is their intention to commence making cheese about April 1st.

Mr. MacConnell's will be our cheese maker this year again. He has a Mr. Byron Wing from Green Bush engaged as his helper. No trickery this year, girls.

We are pleased to record that Mr. Joseph Hall's family have recovered from their late illness.

Mr. Joseph Towers, formerly a resident of Lake St., has moved to our settlement. Mr. Towers will be of great benefit to the people of Glen Buell. We give Mr. Towers and family a hearty welcome.

WILLIAM QUARRIER.

English Spain Liniment removes all hard, soft or calloused Lumps and Blisters from horses, Blood Spavin, Curbs, Splints, Ring Bone, Sweeney, Stiffles, Sprains, Sore and Swollen Throat, Coughs, etc. Save \$50 by using it. A trial bottle will convince you. Warranted by J. P. Lamb.

To Give in Heaven.

REVERENDLY REMEMBERED TO HIS MOTHER beloved girl a mother's adored heart (only for thy sympathy) though now thou art within Heaven's border land, from distant Glen Buell, March 25th, 1893.

Yet I still weep on, watching for thee, And yet, methinks, in the still hour of eve, Thy sweet face, perchance, thy maiden hair And come and whisper in thy mother's ear: "Oh, how I wish to see thee once more!"

Yet I smile then I smile but a mother knows best. The last days of earth's sojourn; The vacant chair, the dressing by the wall, The school books laid aside—yet thou art near. The tears subside and start—yet thou art near. Till a few more moons shall rise and set, And partings will not cost their last regret. How gladly will I lay my burden down, Thy part thou bear, my dear mother, Thy love's chain, by death no rusty rivet, Thy part thou bear, my dear mother, And in that mansion thou wilt wait, With me, until our Heavenly gate.

Glen Buell, March 25th.

Dear Brother,—We have gathered here this evening that we may give expression to the high regard in which you are held by your brothers in C. H. and P., and by your friends and neighbors. Your untiring interest in the welfare of the O. U. W. has been for you the esteem and love of your brothers also the respect and good will of the whole community. We hope that your future may be prosperous and friends numerous, and with regret we separate here in time, we hope that we shall meet in the great future to part for more.

R. M. Brown, P. M. W.

Setting Corn in Nebraska.

A feature of western farming is thus described in a letter written by Mr. Daniel Blanchard, of Friend, Neb. The last day of January we cut forty acres of stalks. Our corn is always picked from the standing stalk in the field. After the corn is gathered cattle are turned in; after the cattle have taken what they will there are stalks yet standing and to get them in shape to plow under we have a stalk-cutter, running on two wheels with a revolving cylinder, something like a threshing machine cylinder, with six long knives. The cylinder is dropped by a lever on the ground with the team a straddle of a row, and away you go, the cylinder revolving, the knives striking the ground and cutting the stalks in about ten inch pieces. This can't be done with snow on the ground, or when the ground is frozen. The best time is when the ground and the stalks are dry. Our team can cut from 10 to 12 acres per day. With a heavy stand of stalks the snapping and cracking has made me think of a fire in a clear swamp in a dry time. We have 230 acres out yet.

Kingston and Smith's Falls Railway.

Interest in the Kingston, Smith's Falls and Ottawa railroad has been renewed during the past few months, and now the scheme is being actively pushed. Some time ago the city of Kingston, the town of Smith's Falls and intervening villages and municipalities voted liberal bonuses to the proposed road, which was also subsidized by the Government to the amount of \$8,200 a mile between Smith's Falls and Kingston, a distance of 56 miles. Nothing has been done towards pushing the enterprise to completion since, and this winter, when in January, Ottawa voted a bonus of \$73,000 in its favor. Since then public meetings have been held in the different villages and townships between Smith's Falls and Ottawa. Though none of them actually voted any aid to the project, nearly all have promised to submit by-laws for liberal grants towards it.

"The Heart Failure" Fad.

Perhaps the most illogical expression accorded respect these days is that of physicians that a patient "died of heart failure." It is enough to make man stop on the sidewalk on his way from church and punch the face of a castiron Indian in the act of handing cigars out to the general public with a clinched fist. The expression should be thoroughly revised and greatly enlarged and improved and then decently and respectfully buried with earnestness. Moral courage prompted this suggestion.—Ex.

An old farmer predicts a late spring because, he says, the plum blossoms are out, ninety nine out of every hundred times, with the full moon in May and this year the moon is full on the last day of May.

Ich of every kind, on human or animal, cured in 30 minutes by Woolford's Sanitary Lotion. Warranted by J. P. Lamb.

REUMATISM CURED IN A DAY.

South American Rheumatic Cure for Rheumatism and Neuralgia, radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits, 75 cents. Warranted by J. P. Lamb.

Robena Wilkinson, of Brownsville, Ind., says: "I had been in a distressed condition for three years from Nervousness, Weakness of the Stomach, Dyspepsia and Indigestion until my health was gone. I bought one bottle of South American Nervine, which did me more good than any \$50 worth of doctoring I ever did in my life. I would advise every weakly person to use this valuable and lovely remedy." A trial bottle will convince you. Warranted by J. P. Lamb.

Money to Loan.

On real estate security, only at lowest rates of interest, on the most favorable terms of repayment. Correspondence solicited. Office and residence, opposite the Methodist church, Athens.
