"I feel it my duty to make this statement public, for to Dodd's Kidney Pills do I owe my present good health, and they deserve the credit justly due them for having cured me so speedily and so satisfactorily."

It is true that Dodd's Kidney Pills never fail to cure Backache and many cases similar to this one prove it.

There is no reason why anyone should suffer with Backache, for Dodd's Kidney Pills have cured many thousands of the most severe cases.

Backache is an indication of Kidney Trouble and should indeed be called Kidney Ache. Dodd's Kidney Pills are a specific remedy for Kidney Trouble in all its forms, and they promptly set right all irregularities and derangements of these important organs. With the cause of Backache gone the Backache of course disappears.
