the pulpit of the Methodist church at suggestion of the Quarterly Board of the church did not preach. Many rumors concerning Mr. Brewer of conduct unbecoming a clergyman have been rife for some time, and it is understood that the charge of drunkenness is to be formally preferred against the pastor of the Marysville church before the chairman of the district, Rev. G. M. Campbell.

Rev. Mr. Campbell, who is also President of the Conference, is at Marysville to day conferring with the Church Board regarding the lamentable affair. A Charge Preferred.

A former charge of drunkenness has een preferred against Rev. W. W. Brewer, of Marysville, by Rev. E. C. Turner, of Gibson before the chairman of the District, Rev. G. M. Campbell, of this city. The chairman is appointing a committee of clergymen to investigate the charge, and the committee will meet at as early a date as possible, probably about

To be bound hand and foot for years by the chains of disease is the worst form of slavery. George D. Williams, of Man-chester, Mich., tells how such a slave was made free. He says; "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures eadache, backache, fainting and dizzy spells. This miracle-working medicine i godsend to weak, sickly, run-down peo-

HANOVER, Ont., Aug. 11 .-- A little

hild of scarcely two years, daughter of Mr. F. Wise, a farmer living near Allan Park, wandered off to the barnyard on Saturday and was attacked by a game rooster. When the child was found the rooster was standing over her and striking at her with his spurs. The poor little thing was covered with blood and so exhausted that it could not cry out. She was brought to Hanover and a physician found that the rooster had driven his spurs into her head in several places one just above one of her eyes. Torn by Hounds.

INDIAN HEAD, N. W. T., Aug. 13 .-

While herding cattle on a farm adjoining the railway near here a little German boy named Fell was set upon by six or seven hounds owned by parties in town. The boy was literally torn to pieces although life is not yet extinct. He was rescued by sectionmen who happened along on a hand car, among whom was the boy's father, who was horrified by the discovery of his son on the ground being slowly worried to death. Remarkable Rescue.

Mrs. Michael Curtain Plainfield III akes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a of joy. Stole Seven Thousand.

MONTREAL, Aug. 15. Seven thousand dollars in bank bills were stolen from the Canadian Pacific railway station at Joliette, Que., last night. The money had been sent by the Banque National to its local branch there. It arrived late in the evening and as the express company's safe was out of order the agent hid the noney in the cellar of the station. This norning it was gone. This is the third peen robbed. On the first occasion the safe was cracked and \$6,000 stolen. The second time \$3,200 was taken and the station burned to cover the crime. Now \$7,000 more is missing. The thieves in

pointed executors of the farmer's will. The document declared that whereas the farmer had been greatly disappointed in his son, he had decided to leave all his wealth to him only on condition that he proved himself a man of grit and perseverance, which so far he had not done. The test the executors were to see properly performed was for the son to pass an examination at a certain college for agriculturalists. Then he was to repair or six boxes for \$2.50, by addressing the to a certain spot in the field, and dig-

would come upon the fortune his father had desired to leave him. The conditions of the will were not of a kind the heir particularly cared about, but having no means of his own, and believing, as others did, that his father must have died worth fully \$100,000, he

decided to fulfil the condition. Three times the heir failed in the examination, but at length he passed, and went to the executors of his father's will for instructions as to how to set about the actual acquisition of the buried for-

Ater same delay, he, in the present of the executors and numerous friends, ommenced to dig for the fortune. Working single handed, as he was compelled to do, he was laboring for neadly three days ere he came upon an iron bound box, which he recognized as

having been his father's. On examination it was found to contain nothing more than a note to the effect that the box was the whole fortune, and that his disappointment would be to the son what the son's whole life had been to his father. Subsequent inquiries elicted the fact that shortly before his death the farmer had given nearly \$111,000 away

charge of the remains satartling discovery was made. It was impossible to move the body. The instant that anvthing touched the flesh it fell away from the body. The only thing that could be done was to wrap the remains in a sheet and hold the funeral which was done. None of the doctors in that section of the country were able to diagnose

land County, resides a lady who gives much praise to the curative power of Dr. Williams' Pink Pills. The subject of this testimony is Mrs. Richard Hanna. an estimable lady who has resided in that locality for many years, A reporter seeking an interview with Mrs. Hanna found her willing to give full details, which are given in her own words. Five years ago I was taken ill. I attributed the trouble at the time to an injury sustained by a fall. Time went on and I did not get better. The symptoms of my complaint were palpitation of the heart, extreme weakness, stomach troubles and terrible headaches. I was very nervous, had no appetite and experienced much wakefulness at night. Finally I was compelled to take to my bed, being too veak to sit up any longer. In this condition I was treated at different times by three doctors, and took a great quantity of medicine but realized no benefit. Not

one of my neighbors thought I would get well. In the meantime I thought myself that death would soon end my sufferings. One day Mrs. Smith, of Port Robinson came to see me and persuaded my husas will, when carried out, cause further liams' Pink Pills, and he purchased six boxes I had improved very much and was Some time ago there died an old farm- able to be up, though yet too weak to er, supposed to have been wealthy, who walk. Throughout the country the lumber trade is reported in a highly prosperous condition. Prices in Chicago in a wholesale way are from 50 cents to \$1 per 1,000 higher than a week ago. At other distributive centres even greater advances have been made. Discussing iumber trade conditions, the Chicago Tribune

is interfering seriously with building operations throughout the country, but nevertheless the demand indicates that there is more building being done this season than has been the case for a number of years. The manufacturers and wholesalers are all loaded up with orders, most of them having a sufficient number booked to keep them busy for 30 to 60 days if not another order was taken during that time. This is true in practically every line of the lumber business. Such a condition alone might not be sufficient to force a general advance in prices during July, but on top of the good demand there is a shortage of stocks all over the country. Stumpage has adbeen a material increase in the cost of manufacture, owing to the higher wages and the greater cost of repairs and supplies about the mill. It is owing to these conditions that manufacturers are forced to advance their prices, and even at that they are not getting much benefit out of the advance. And the wholesaler is not much better off. Prices at the mill have been advancing so rapidly that he has not been able to keep selling prices above the point where he could replace the stock sold and leave any margin for profit in the transaction. The retailer is in shout the same situation. His prices to the consumer have not advanced as rapidly as have prices at wholesale. However, none of these seem disposed to complain greatly over fexisting conditions, even

though they are not altogether ideal." Drowned at Ottawa.

OTTAWA, Aug. 17 .- A soldier of the Royal Canadian regiment of infantry en camped at Rockliff, Private Robert S Dunn of No. 2 company, Fredericton, N. B., was drowned this afternoon while bathing in the Ottawa river. He dived under a raft of logs and failed to come to the surface on the other side. Several companions were with him at the time but were unable to render any assistance. The body has not yet been re-
