LOCAL NEWS.

AT OROMOCTO.—Rev. Dr. Kingston confirmed ten persons at St. John's church, Oromocto, on Sunday morning.

BUSINESS PURCHASE.—The Messrs Young of this city have bought out the millinery business of Miss Grimmer at St. Stephen and are now in charge.

SOCIALS.—There were socials at the F. C. Baptist and Baptist churches on Thursday night and in each case the attendance and result was a financial success.

ARE YOU IN IT?—Builders and contractors should read the advertisement in our columns respecting the tenders for erecting the Kin Year creamery. It is business every day.

VALUABLE FARM.—That valuable property, known as the Springhill farm, owned by B. D. Sewell, is to be sold at public auction on April 18th. For further particulars see advertising columns.

SAW MILL.—The Hanson brothers of Durham bridge are preparing to erect a saw mill on the Dunbar on the site of the old one. The mill will prove a convenience as there is a great lack of sawing facilities.

EDUCATIONAL SEMI-N.—In the Methodist church to-morrow, the anniversary of educational seminary will be observed. Rev. Geo. M. Campbell will occupy the pulpit in the morning, the Rev. Prof. Andrews in the evening.

PROPERTY SOLD.—On Thursday forenoon, at the square, H. G. C. Wetmore sold the lot on King street, occupied by W. R. Logan to J. H. Calder for \$30. Also the freehold property adjoining on the southern side to the same for \$1,200.

FROM THE WOODS.—Several of John Kilburn's and J. A. Morrison's men have got out of the woods. They say that the lumbering on the upper St. John waters was never better than this season and about all contracts will be filled while men will be over run. Some of these men have had a six months run logging in the forest for half a year.

KICK HIM OUT.—A regular dead beat and faker has been doing the rural region lately, pretending to repair organs and tune pianos. He can do neither, but has victimized quite a number. Our readers should be on the look out for him. His name has not been learned, doubtless like those of his kind, he has several. The proper treatment for him is to kick him out.

GREEN GOODS.—The green goods men are trying to work their schemes in Canterbury, in the same old style, making a pretence of having plates stolen from the U. S. government. Of course a newspaper clipping is enclosed and everything made as concise as possible. These parties have been so often exposed, especially in this province, that only the very weak will be cheated.

VISITORS.—Among those who visited the town during the week are: E. P. Williston, of Newcastle; John Morrison, ex M. P. P., Newcastle; J. C. Hardy, Woodstock; Alex. Robinson, Inspector of Bank of Nova Scotia; H. B. Zebler, C. D. Jones, D. McEellan, A. A. Quinton, St. John; A. D. Holyoke, Woodstock; J. T. Hawke of Moncton, and W. F. Vanwart, P. H. Hale, and G. R. Burt, Hartland.

ONE OF OURS.—Saturday's Telegraph contained a fine portrait of Thos. H. Colter, M. P. P., one of the representatives of York in the local legislature. All who know Mr. Colter have the same kindly words for him. He did good service for his parish, at the council board, where he took the highest position, that of warden. He is a strong temperance man and a general all round good fellow.

FISHING LEASE.—The sale of the fishing leases of this province, took place on Wednesday. The leases brought over \$8,000. In all cases there was a decided increase in the price over last sale. On Wednesday at Queen hotel, H. G. C. Wetmore offered two private fishing lots on N. W. Miramichi, and two on Restigouche, owned by Mr. Mowat for sale. They did not bring the upset price and were withdrawn.

BLAZES AT HOME.—About half past eleven on Sunday, there was an alarm of fire, the roof of Geo. E. Feney's residence being in flames. The roof was burned pretty badly. The fire appeared to be the effect of a spark from an adjacent chimney. Damage small. Collin Campbell's residence, Brunswick street, also started on fire, the firemen about two o'clock, but it was only the chimney that was on fire. No damage.

ON THE RIVER.—There was great speeling during the first of the week on the river, anything and everything in the shape of horseflesh being initiated. Some odd equines that had long ago retired from the trotting world, when brushed out on Saturday afternoon surprised all by the speed they showed. Besides the horses, the soldiers were out with their ice-boats and all the "good spots" were alive with skaters. It was the best ice of the winter.

NARROW ESCAPE.—Dudley Babar, of Marysville, while working in a mill there on Saturday last had a narrow escape. He was grinding sugar, using an emery wheel, when it broke, a piece striking him on the breast knocking against the side of the shop. These wheels are as heavy as iron and revolve at a speed which if directed in a straight line carry them a mile in twenty seconds. He is pretty sore but no bones are broken.

MILL BURNED.—There appears to be something peculiarly wrong with the way the Stagg's mills are constructed. The Stagg's bridges have just got their new mill rebuilt after the fire and now Aaron Hay's mill at Williamsburg is burned. The fire took place on Saturday night last. The mill though small was a good one, having a shingle machine and rotary. It was a great benefit to the community and will be rebuilt at once. Insured at \$100 in American companies.

FOR THE BURN.—The public meeting to be held in city hall on Wednesday evening of next week in the interests of 196 build of New Brunswick will doubtless be largely attended. Mr. Fraser, superintendent of the school for the blind at Halifax, and several prominent gentlemen of this city, will address the audience. A first rate program of piano, choral and band music will be performed by the pupils of the school for the blind and an enjoyable evening may be anticipated.

UP IN SMOKE.—About half past eleven, Saturday night last, the Custom house at St. John, was burned. The damage is placed between \$100,000 and \$200,000. No one can account for the origin of the fire. When discovered it was too late for the fire department to do anything to save the building, their work was to protect other buildings and prevent a general conflagration. The cost of the building was \$16,780. Smith's variety store, St. John, was also burned. There were two other slight fires.

FREEDOM FUND.—The Edmonton correspondent of the Woodstock Press says: Miss Mary Babin and Mrs. T. Hebert returned yesterday from Fredericton, where they had been soliciting funds in the organ concert between Mrs. T. Hebert and Miss M. Fournier. The amount was declared Saturday at 3 o'clock as follows: \$306 collected by Miss Fournier and \$218 by Mrs. Hebert, which result gave the former, the old organ of the F. C. church by a large majority. A fine instrument takes its place.

HERMAN DOES IT.

He Shows how the Auditor's Mistakes Occurred.

No successful contradiction has as yet appeared of the charges made by THE HERALD that the auditor's report is entirely misleading. The Hermon of the Reporter, has considerably to say about it, but he has such a happy knack of twisting his sentences that a reader can not tell whether he condemns or eulogizes. Like the babled hoop of the reporter's sentences, he has no other. What does this mean? "Now this is unfair and not so a matter of fact." What dire and dismal impression is it intended to convey? Again he says, "it is too prolific a source of error to write 'not whole' making it 'knot hole'."

He will have to be a little more explicit or his great host of "county readers" will not comprehend. Like the monkey, if he could speak he would like to say something. Let us have a statement showing the correct balances. We will welcome it from any one.

AT HOME.

Lady Tilley's Reception at Government House.

The at home at government house held by Lady Tilley on Thursday evening was the greatest social event of the season. Many invitations had been issued, most of which were accepted and a large attendance was the consequence. There were present members of both branches of the local legislature with their ladies, and all the prominent people of the city and Marysville.

The dresses of some of the ladies were very handsome. A number of young ladies were present, it being their first "coming out" this season in society.

During the evening, Mrs. H. S. Bridges, Mrs. F. B. Edgewood, Mrs. Harrison of Sackville, Professors Stockley and Bristow, favored the assemblage with vocal selections. The band of the Royal School of Infantry, under the leadership of Chas. I. Hayes, band master, played the following program: Yales—Love's Dreamland, Cornet solo—Hungarian, Honari March—The Rose Tree, Canadian Retiret—Bilton Polka (cornet solo)—Autumn Leaves. Hayes Concert value—The West Coast Again. Bally.

The elegant supper was served in the spacious dining room about midnight.

Business Prospects.

Business is beginning to have a more healthy tone and the prospects for a good summer are brightening. There has been a large lumber cut the past winter and in nearly all cases the lumbermen have made a fair profit. Advice from abroad are to the effect that the demand for lumber is getting stronger and that the conclusion of the strikes in England will see the lumber market sharp with prices considerably in advance of last year. Last year's fire crops will give the farmers something to start this season with so that it is probable a larger acreage will be under cultivation than has been the case for the past five years. There is thirty per cent more land, fall ploughed, than last year, and if the spring turns out at all suitable there will be many more acres ploughed. Seed grain is cheaper than last year and more grain has been wintered on account of the cheapness of the soil, that with seed at a low price and plenty of manure there is a fair prospect of farming having a successful summer. With good results from the farms and the lumbering industry there should be a profitable summer all round.

All Year Round.

No industry in the province, perhaps, goes along so quietly and with so little friction as that conducted by John A. Morrison at his mills below town. A large crew are kept at work the year round sawing shingles and other lumber, which is loaded on the cars in winter and shipped by boat during navigation. Mr. Morrison possesses the tact to get over all difficulties quietly and does not give up when circumstances are against him. This business is a great help to Fredericton as it brings in considerable ready money. The big lot of cedar that covered the river bank for a mile is about all cut and the mill will be shut down a few days for repairs, when the summer season will open with its usual rush and bustle. Fredericton would be the better of several such industries as this, there being good sites and privileges that should be taken advantage of.

Geopol Temperance.

Hon. D. L. Hanington addressed a very large gathering at Gibson, Sunday afternoon, on temperance, and his address was very much appreciated.

In the evening the Baptist church at that place had a sermon, especially for the Royal Templars, who occupied seats in the body of the hall. The Rev. Mr. Nobles preached a very fine sermon, his text being from Esther. There was a large attendance.

Sunday night's meeting in this city was well attended. W. L. McFarlane occupied the chair, and Geo. F. Atherton conducted the devotional exercises. Messrs. Smith, Porter, Palmer and Phinney, M.P.P.s, with others occupied the platform. Mr. Phinney was the first speaker. His address was very much appreciated.

Marysville Notes.

It is announced that Prof. Andrews, of Sackville, will preach at the Methodist church on Sunday morning next, the Rev. Geo. M. Campbell in the evening.

To Burn the College.

The Moncton Transcript says: There is considerable excitement at Sackville over two attempts to burn the Commercial college in connection with the institution. On Thursday evening last, fire was set but did not cover and soon put out, but on Friday evening another determined effort was made by pouring oil over the cellar steps and setting fire to it. The fire when discovered had gained considerable headway and was with great difficulty put out. The building is very much damaged. An investigation was held last Saturday. A student by the name of Marr, who has not been in good health during the winter, went raving crazy during the fire and afterwards it took six men to hold him.

WHAT IS TALKED ABOUT.

Various Matters Interesting the Citizens and Farmers.

One great topic of discussion on Monday was the exodus of the railway men from this city and Gibson. About a dozen went away but it became so common a thing for people to leave the town that it had not been sprung so sudden there would have been little interest taken. On an average every young man who leaves the town is the occasion of four other going. Should this happen in the present case the gain made in the census in the past ten years would be swept away at once. As to talk of a strike on the Atlantic division of the C. P. R., the more careful enquiry show that there is nothing in it, this is especially so on the roads entering in Fredericton.

The discussion paper lately introduced by the government is being very ably discussed by farmers in all sections of the country. They look on the measure as a good one and as one that should have been long since. They argue that the revenue of these companies should be no more exempt from defraying the various charges of government than the farmer's land. They argue also that the landed property pays all the taxes while the mortgagee who has his farm and puts his money into a corporation he gets off free, and other farmers have to make up the loss.

THE C. P. R. STRIKE.

Big Draft of Railway Men from Fredericton and Gibson.

The C. P. R., to fill the vacancies in the west coast by the recent strike on the Pacific and Central divisions of the road, took away from here, on Monday afternoon, fifteen of our men, some of them having served almost all their lives upon the road while others knew little about railroading. It is a loss to the town and vicinity and should these do well they will be the means of many others going. Many of them owned property here and all were industrious and capable men, the very men we need the most.

The railway men get from \$1.75 to \$3 per day for a run of about 150 miles. Anything over this is charged as overtime work which the men do if they feel able, thus they may take a train out 150 miles and if they so desire can make the return run instead of giving the train over to new men.

Among those who have gone are Arthur Thompson, John Perry, William Snyder, Harry Packard, J. D. Yerxa, A. J. Miles and Richard Cooper.

Word was received from Winnipeg on Monday that the men on the Western division had struck. It was supposed to be the outcome of a command from the brotherhood.

A young man, who has gone with the C. P. R. draft, leaves some mourners across the river. He was arrested, but two philanthropic gentlemen became his bail for \$100 each. As soon as he escaped from custody he drove out to the junction and took the night express, leaving the bondsmen to suffer.

An amiable arrangement of the difficulty has been made through the efforts of the engineers and the trouble is at an end. Some one hundred of the strikers have been dismissed and their places will be filled from the draft.

RESIDENTS PASSED AWAY DURING THE WEEK.

Florence, the little year old daughter of John O'Leary, died on the 24th of October. This is the second death in the family in a short time and is thus doubly regrettable. Chas. H. Balcom died at his residence, Waterdown, Mass., on the 24th inst. of pneumonia, leaving a widow, two sons and one daughter. He was at one time in charge of the gas works here and is known to many.

Robert Marshall, a native of Northumberland county, died on the 23rd. It will be remembered that he had his feet amputated not long since in consequence of them being frozen. He was a native of Scotland and was fifty years of age. The interment took place here.

We also have to record the death at Waterville, Albert Co., last week of Thomas Waltham, a well known farmer in this city. He worked with Mr. Ferguson of York street and had the appearance of a very healthy man. While here he was a member of the H. & L. P. company.

Margaret, widow of John Lockhart, an old and much respected resident, died on Tuesday at the age of eighty-three. She was the mother of John and William Lockhart and Mrs. John McLaughlin of this city. There is also a young son, Thomas. Heart disease was the immediate cause of death.

Martin Adams, of Lincoln, a man highly respected by all, well known in this city and a native of Scotland, died on Thursday night. He received a paralytic stroke about two years since, and has been in feeble health in consequence. He was seventy-nine years old. Deceased leaves a wife, five daughters and one son, who have the sympathy of the community. The funeral will take place on Sunday afternoon at 2 o'clock.

ROAD MACHINES.

A Saying in Cost and Doing Superior and Satisfactory Work.

The report of the public works shows that a very careful supervision has been had over this department, especially so in connection with the roads and bridges. When last year it was learned that the government had purchased several road machines, the purchase was made as another worth-while scheme, and that the machines were no good and would be a bill of expense. These prophecies, like many others, made by opponents of the government, have failed to realize. Not only are the machines a superior article but the accounts show that for the amount of work done by them they have made the roads at an average price of less than one half the cost of the plough and scraper system. In some vicinities roads have been turned up at a cost of seven cents while the old plan the cost would be twenty-five to thirty cents. Again, where the roads were hard and stony the machine never cost twenty-five cents per rod for the work done, but less. Like all other machinery, hand labor cannot compete. The work has not only been done much cheaper but in a more suitable way. Under the old system, the plow cut deeper into the road than the scraper went, thus leaving the road bed soft; the machine only cuts as deep as it scrapes thus leaving the road bed undisturbed. Let the croakers have no more to say on this question till they give the subject some study.

Free Farms in the Canadian Northwest.

Manitoba, Assiniboia, Alberta, Saskatchewan.

The Government give one quarter section (160 acres) to every bona fide settler. A second free quarter section can be pre-empted by deferred payments.

The Canadian Pacific Railway Company has a large quantity of the best farming lands for sale at \$3.00 PER ACRE, with easy terms of payment.

In Manitoba, 2,000,000 Acres; In Assiniboia, 4,000,000 Acres; In Alberta, 3,000,000 Acres.

Under the Ten Years' Credit Plan, 1892. SPECIAL TERMS FOR FARMERS. 1892.

To enable Farmers to meet their payments from the products of the land, they can have their instalments fall due in each year after harvest.

REDUCED PRICES.

The Company are making a special effort to secure the settlement of their lands, and are offering a REDUCTION in the price of those listed at \$4 per acre and upwards; in most cases amounting to FROM 25 TO 33 PER CENT.

DO NOT PURCHASE LANDS UNTIL YOU KNOW OUR PRICES AND TERMS. If you do not intend purchasing write for the NEW PUBLICATIONS just issued by the Company. These will show you how and where to

SECURE A FREE HOMESTEAD OF 160 ACRES;

And give you facts regarding successful Farmers that will surprise you. The Canada Northwest has the most productive soil in the world. Its wheat fetches the highest price; its live cattle are admitted to the English market, and there is a market for the farmer's over-station; and there are schools and churches wherever there are settlers. It is not subject to drought nor floods, to grasshoppers or to cyclones or tornadoes. Ask any Canadian Pacific Railway agent for books and maps concerning it; ask for "Farming and Ranching in Western Canada," and read the testimony of those who have gone there from Eastern Canada. Young women are in great demand; they find occupation as domestics directly they arrive, and readily get married to prosperous young farmers. Young men or young women can start life there almost without money. They make the most of their money; an independence is gained in a very few years by the thrifty.

The old settlers of New Brunswick should use their influence with the young men who intend emigrating to keep them within the Dominion, where there are offered better advantages than in the United States and they do not lose their nationality.

No time in getting to the West and choosing your location. First come, first served.

Apply to any Ticket Agent, to C. E. MacPHERSON, A. G. P. Agent, St. John, N. B., or to J. HEBER HASLAM, Special Agent C. P. R., Moncton, N. B. Feb. 27, 1892.

Gibson and St. Marys.

Mrs. Underwood, while on the street on Wednesday fell on the ice and dislocated her shoulder.

White is gradually getting weaker and has little hope of recovery. The Gibson auxiliary of the women's aid of the Methodist church held another of their delightful socials on Wednesday evening.

The St. Marys Sunday school held a successful social on Wednesday night. Although the price of admission was extremely low \$1.00 were realized. One hundred and twenty attended. M. S. Hall presided, the superintendent, Mr. Clark, being ill.

We will not vouch for the truth of it, but it is said that Rev. Mr. McConnell, of Gibson, was thrown from his sleigh while crossing the river last Sunday and alighted in six inches of water. Has he an idea of changing his views on some certain points of doctrine?

On Sunday evening the Methodist Sabbath school celebrated its anniversary, a large gathering being present. There was a choice program gone through with, and an address by the Rev. Mr. Westall, Fredericton. Dr. Inch, chief superintendent of education, and Mr. McQueen, M. P. P., also made addresses.

The Baptist Sabbath school, of which Mr. A. J. Miles was superintendent for many years, held a very large meeting on Monday last. It is reported that he will be successful in his new venture. Harry Pickard and Jack Yerxa, who have also gone and are well known to all and were much respected, being good, whole souled fellows. Richard Cooper, who also went from this place, although not so well known as the others, is well known to his acquaintance to be a good boy also.

On Thursday night there was a fair attendance at the church hall, Gibson, the choronic gentlemen being in the majority. The services were for the advancement of religious truth and principles throughout the diocese. Bishop Kingston presided. Addresses were made by the Rev. Mr. Westall, Fredericton, and Canon Brigstocke and G. Scovell of St. John regretting their inability to attend. The addresses for which we have no space, were what might be called some eminence, and carried conviction that the Church of England was progressive. Rev. Mr. Montgomery made a very careful speech, dealing with the statistical growth in numbers and in a short time and is thus doubly regrettable. Chas. H. Balcom died at his residence, Waterdown, Mass., on the 24th inst. of pneumonia, leaving a widow, two sons and one daughter. He was at one time in charge of the gas works here and is known to many.

Robert Marshall, a native of Northumberland county, died on the 23rd. It will be remembered that he had his feet amputated not long since in consequence of them being frozen. He was a native of Scotland and was fifty years of age. The interment took place here.

We also have to record the death at Waterville, Albert Co., last week of Thomas Waltham, a well known farmer in this city. He worked with Mr. Ferguson of York street and had the appearance of a very healthy man. While here he was a member of the H. & L. P. company.

Margaret, widow of John Lockhart, an old and much respected resident, died on Tuesday at the age of eighty-three. She was the mother of John and William Lockhart and Mrs. John McLaughlin of this city. There is also a young son, Thomas. Heart disease was the immediate cause of death.

Martin Adams, of Lincoln, a man highly respected by all, well known in this city and a native of Scotland, died on Thursday night. He received a paralytic stroke about two years since, and has been in feeble health in consequence. He was seventy-nine years old. Deceased leaves a wife, five daughters and one son, who have the sympathy of the community. The funeral will take place on Sunday afternoon at 2 o'clock.

Entertainment of the Season.

Under the distinguished patronage of Sir Leonard and Lady Tilley, the Women's Aid of the Methodist church has much pleasure in announcing the following programme for Monday, March 28th: 1. O. M. W. 2. Solo. 3. Mandolin Solo. 4. Solo. 5. Mrs. Bridges, Mrs. Bristow, Mrs. Edgewood. 6. Solo. 7. Mrs. F. B. Edgewood. 8. Solo. 9. Mrs. C. W. Harrison. 10. Solo. 11. Duet. 12. Mrs. F. B. Edgewood. 13. Solo. 14. Mrs. C. W. Harrison. 15. Solo. 16. Mrs. F. B. Edgewood. 17. Solo. 18. Mrs. C. W. Harrison. 19. Solo. 20. Mrs. F. B. Edgewood. 21. Solo. 22. Mrs. C. W. Harrison. 23. Solo. 24. Mrs. F. B. Edgewood. 25. Solo. 26. Mrs. C. W. Harrison. 27. Solo. 28. Mrs. F. B. Edgewood. 29. Solo. 30. Mrs. C. W. Harrison. 31. Solo. 32. Mrs. F. B. Edgewood. 33. Solo. 34. Mrs. C. W. Harrison. 35. Solo. 36. Mrs. F. B. Edgewood. 37. Solo. 38. Mrs. C. W. Harrison. 39. Solo. 40. Mrs. F. B. Edgewood. 41. Solo. 42. Mrs. C. W. Harrison. 43. Solo. 44. Mrs. F. B. Edgewood. 45. Solo. 46. Mrs. C. W. Harrison. 47. Solo. 48. Mrs. F. B. Edgewood. 49. Solo. 50. Mrs. C. W. Harrison. 51. Solo. 52. Mrs. F. B. Edgewood. 53. Solo. 54. Mrs. C. W. Harrison. 55. Solo. 56. Mrs. F. B. Edgewood. 57. Solo. 58. Mrs. C. W. Harrison. 59. Solo. 60. Mrs. F. B. Edgewood. 61. Solo. 62. Mrs. C. W. Harrison. 63. Solo. 64. Mrs. F. B. Edgewood. 65. Solo. 66. Mrs. C. W. Harrison. 67. Solo. 68. Mrs. F. B. Edgewood. 69. Solo. 70. Mrs. C. W. Harrison. 71. Solo. 72. Mrs. F. B. Edgewood. 73. Solo. 74. Mrs. C. W. Harrison. 75. Solo. 76. Mrs. F. B. Edgewood. 77. Solo. 78. Mrs. C. W. Harrison. 79. Solo. 80. Mrs. F. B. Edgewood. 81. Solo. 82. Mrs. C. W. Harrison. 83. Solo. 84. Mrs. F. B. Edgewood. 85. Solo. 86. Mrs. C. W. Harrison. 87. Solo. 88. Mrs. F. B. Edgewood. 89. Solo. 90. Mrs. C. W. Harrison. 91. Solo. 92. Mrs. F. B. Edgewood. 93. Solo. 94. Mrs. C. W. Harrison. 95. Solo. 96. Mrs. F. B. Edgewood. 97. Solo. 98. Mrs. C. W. Harrison. 99. Solo. 100. Mrs. F. B. Edgewood.

At PARLIAMENT.—Mrs. Hunt addressed the legislators in the assembly room at 12 o'clock Friday. She was introduced by his honor, the lieutenant governor, and was accompanied by Lady Tilley and a delegation of ladies of the W. C. T. U. Most of the members of both houses were present and the ladies' gallery and speaker's gallery were well filled. Mrs. Hunt delivered an eloquent address, urging the adoption of legislation in this province making the teaching of the facts of alcohol and other narcotics upon the human system compulsory to all pupils of the schools, and from text books to all pupils able to read.

ROYAL BAKING POWDER Absolutely Pure.

A cream of baking powder. Highest of all in leavening strength.—Largest U. S. Government Food Report.

NEW ADVERTISEMENTS.

VALUABLE FARM.

I AM instructed by Mr. B. D. BELL, of Kingsclear, to offer his Farm in Public Auction on SATURDAY, April 16th, 1892, in front of the County Court, Fredericton, N. B. The farm comprises about 1,500 acres, of which about 400 are cleared and under cultivation, and about 1,100 are in the forest land near Brunswick.

W. R. LOGAN, DEALER IN CHOICE FAMILY GROCERIES & PROVISIONS.
