knowing that in time there would be 37%, 37%. numberless stop orders uncovered, which would be followed by heavy 1.76, 1.76%. which would be followed by heavy and general liquidation, and short selling and pronounced and price recessions would result. With the decline established the bull longs would Minneapolis — December 1.12%. Minneapolis — December 1.12%. Minneapolis — December 1.12%. cheap wheat and they could afford to 1.10%. follow the price as it ascended.

There were more bears than bulls STRATHCONA REFUSED after the close of 'change tonight.'
The heavy selling was credited to the oig longs and the talk was general that they were anious to "close out" before there was any further price thought Strathcona's share was actu-

-whether it is in wheat, and who fare on completion of the bridge. expected to advance the price in Alderman Elliott said he was of the order to secure big profits, invariably same opinion as before. He would expected to advance the price in placing a lone hand not caring to not support anything further than a advance the pprice and be forced to single fare on complete take a lot of high price stuff on bridge for a \$40,000 grant.

Such expressions as "the edge is off the wheat market," "I would not buy it with a counterfeit money," off the wheat market," "I would not buy it with a counterfeit money," and "the December deal is at an end as all contracts run up" could be heard. The writer predicts that there will be seen some wicked price changes in wheat before the close of the month. There were declines of % to %c brought by an attempt of the larger longs to shake out these headers designated as trailers. The buying was mainly on resting orders.

Mayor Duggan's views.

In his opinion it was a question of paying the \$50,000 in return for a single fare. The bridge would be built whether Strathcona contributed or not and he thought this city should make some contribution. It had built whether Strathcona contributed or not and he thought this city should compel a single fare in a short time, whether Strathcona contributed or not and he thought this city should be a single fare. The bridge would be built whether Strathcona contributed or not and he thought this city should be a single fare in a short time, whether Strathcona contributed or not and he thought this city should be a single fare in a short time, whether Strathcona contributed or not, but it was a poor thing to depend on public sentiment in this mat.
