Proof for Women Who Still Suffer.

THAT THEY CAN FIND RELIEF IN DODD'S KIDNEY PILLS.

Mrs. Lois McKay suffered from Pains in the Back, Side and in the region of the Heart—Dodd's Kidney Pills cured her.

Tiverton, Digby Co., N.S., Nov. 17.—Every day seems to bring a message of cheer for the weak, run-down women of Canada. To-day's message comes from Mrs. Lois McKay, a well-known resident of this place. She, like others, has found new life in Dodd's Kidney Pills.

"Before I used Dodd's Kidney Pills," Mrs. McKay said, "I suffered with a bad pain in my back and side, pains in my bowels, and sharp, cutting pains around the heart.

"I was always tired. Sometimes when I sat down I could hardly get up out of the chair. But thanks to Dodd's Kidney Pills, my pain is all gone and my back is well. I have proven for myself that Dodd's Kidney Pills are good." Female trouble is nearly always caused by diseased Kidneys. The position of the female organs and the Kidneys shows how one is dependent on the other. That's why weak women find new life in Dodd's Kidney Pills. They always cure diseased Kidneys.

Government Cattle Jobbing.

The Morris Government is ever on the alert to provide good things for somebody. We have attempted to give the Government its due for its efforts in the picnic line. We have also given some publicity to its remarkable exertions in the way of immense timber grants on the Labrador. We have not forgotten its efforts to provide for Messrs. Downey, Seymour and Devereaux out of the Agricultural Grant. We have also had words to spare for its distribution of patronage to the faithful. But so far, we have not given the Government its due for cattle-jobbing. There is a story which is much in point, and to which we direct the attention of the Government, in order that they may have an opportunity of amplifying, for much as Sir Edward is given to publicity, he has been strangely modest and reticent about the publication of the story we shall relate in brief.

The story runs that the Government in its magnanimity bought a number of heads of cattle in the Burin District. The cattle were brought to the Government farm in St. John's, and a sale was determined on. Instead of proceeding in the usual way and engaging an auctioneer, and advertising the sale in the newspapers, so that farmers and all other persons interested in cattle would know of it, a quiet and less public procedure was decided on. A number of persons,

Dance at the Insane Asylum.

Last evening the patients at the Asylum for the Insane were regaled with a dance and singing. Dr. Duncan and his lady, who do everything for the welfare of the poor patients under their care, gave the usual entertainment, and dance. Mrs. Bradshaw presided at the piano and rendered some stirring music. Songs were also given by some of the guests. Amongst the ladies present were Mrs. Bowring, Miss LeMesurier, Mrs. Duncan, Miss Field, Mrs. and Miss Morison, Mrs. (Dr.) Mitchell, Mrs. James Harris, Miss McCowan, Miss Margaret McNeil. The gentlemen guests were Mr. James Harris, Mr. Call, who rendered three songs; Mr. J. McNeill and Mr. W. C. Pearce, the official accountant at the Board of Works Office.

Can't Trifle With Nature

Sleeplessness, shaky nerves, stomach trouble, weak heart, headache, etc., are effects often caused by tea and coffee drinking.

There can be no relief until the cause—if it be tea or coffee—is removed.

Then Nature will repair the damage, and the return to health can be hastened by using well-boiled

POSTUM

—the pure liquid food drink containing the nourishing elements of wheat, including the phosphate of potash (grown in the grain) which Nature requires in rebuilding body and brain.

GO

A Splendid Schooner.

The fine new schooner Inez G. owned and commanded by Capt. George Gulliford, is at present at Joli Bros. & Co.'s wharf and is well worth seeing. She is a vessel of about 66 tons, of the semi-knockabout type, and is one of the finest vessels of her class ever built in Newfoundland. She was built the past spring by her owner at Foster's Point, T. B., of the best procurable material and is an abnormally fast sailer. Mr. Gulliford, for many years was engaged in Gloucester and other parts of Massachusetts as a ship builder, is thoroughly conversant with the best type of Ameri-
