State of Streets.

There can be no doubt that the City Council will come out badly this winter in its bargain with the Reid Street Car Co. to clear the part of the street abutting the belt line. Last week the state of Water Street was about as bad as it could well be, and there was little attempt to make the section to the south of the car branch passable for vehicles. That side of Water Street was nothing but a succession of hillocks and gulches. It is now up to the City Council to keep the streets passable, and vehicles should not be subjected to the conditions which existed on Water Street last week. It was a most pitiful sight to see horses endeavoring to drag catamarans and their loads over the hillocks and through the gulches which existed. Traffic is greatly impeded, drivers are harassed, and horses are put to strains which are cruel. Even though the City Council should be called upon to spend far more this winter than they bargained to receive from the Reids, it is up to the Municipality to clear the streets and render traffic more possible than it was last week.

T.A. & B.S. Savings' Bank.

The regular monthly meeting of the T. A. & B. Society was held yesterday afternoon and was largely attended despite the bad weather prevailing. One member of the Juvenile branch was transferred to the parent body and 19 new members were added to the roll. The scheme for a savings bank for the Society, mentioned by the Telegram some time ago, will come into effect in about 3 months' time. A cashier and a financial secretary will be appointed by the Society to manage the institution, and the minimum amount which members can deposit will be 50 cents. Members and their wives can avail of this and it will also extend to the Juvenile Society. The mothers, sisters and other relatives of the boys can make deposits for them, and the institution of a bank will be of great benefit to the members of both organizations.

Minard's Liniment Co., Limited.
Some time ago I had a bad attack of Quinsy which laid me up for two weeks and cost a lot of money.

Finding the lump again forming in my throat I bathed freely with MINARD'S LINIMENT, and saturating a cloth with the liniment left it on all night.

Next morning the swelling was gone and I attributed the warding off of an attack of Quinsy to the free use of MINARD'S LINIMENT.

PHONE-332.

To-day a drunk who broke a window in Mr. Jos. Judge's store was fined \$5 or 14 days.

Two drunks were each fined \$2 or 7 days.

The man T. Stamp, who was picked up in the snow Saturday night, was sent to the Poor Asylum to-day. Sergt. Byrne summoned a man for being the receiver of the hens stolen from Robert Martin by H. Snow, who is on remand for the theft since Saturday. The case will come up for hearing to-morrow.

Inspector Jas. Norris, of the Municipal Council, summoned seven Water Street business people for having failed to clear the sidewalks opposite their premises of snow. Two were fined \$2 or 7 days each, three others \$1 or 3 days, one paid costs and the case against the seventh was withdrawn.

Here and There.

WEATHER REPORT.—Along the line to-day the weather is calm and fine, temperature 25 below to 5 above.

IS IMPROVING STEADILY.—Yesterday and to-day Dr. Keegan was much improved and it is now only a question of time when his health will be fully restored.

A dance under the auspices of the St. Patrick's Ladies' Association will be held in the Theatre at the T. A. Hall, on February 14th. Music by full brass band.—febl2,li

BRUCE SAILING.—The S. S. Bruce will sail for N. Sydney Tuesday, mid-night taking in sailon: W. Matheson, J. L. Slattery, Mr. Durkin, P. Neilus, Mayor Ellis, Councilor Mahony, Mrs. Mulhally, W. A. Tucker and Mr. Lawrence.

BOYS DID WELL.—Most of the milkmen who live in the country could not get to the city owing to the blizzard yesterday and many were short of the article. The boys of Mt. Cashel, however, were in the city by 10 a.m. and had a hard time of it getting over the road. Their customers were agreeably surprised when the lads "delivered the goods."

As a man named J. Hussey was driving along at the foot of Cochrane Street to-day with a big drag laden with butterine, when opposite Baird's butcher saloon the vehicle sheered and the whole thing turned over, scattering the packages of butter in all directions. Fortunately the driver was at the horse's head. Had he been at the side of the drag he would have been killed or seriously injured.

NEW "BRUCE"

In Port --- She is Termed 'Marvel of the Clyde.'

The Reid Nfld. Co.'s new steamer Bruce stemmed through the slob in the Narrows at 5 o'clock this morning, having left Greenock last Saturday about 6 p.m. Much delay was experienced owing to fog coming down the Clyde, the ship having to anchor five times. The last sight of the Irish coast was not lost to view till Monday at 11 o'clock, when the course was taken from Malin Head. The ship made 15 knots all next day as the sea was smooth. This speed was kept up all the time, except that about 11 p.m. every day the Bruce would be slowed down to free the pumps from coal dust. About eight hours altogether were lost in this way. Saturday's storm considerably interfered with the ship's progress and heavy seas swept over the bows, coating her with ice. In the change of the watch a big sea swept over the ship and broke down the door of the mail room and did considerable damage. Sunday morning the gale increased but the Bruce behaved splendidly, riding on the top seas like a duck. The ice was struck 150 miles E. by S. from Cape Spear and the captain slowed her down to half speed. It was a favorable opportunity to try her qualities, as the ice was partly heavy. She ploughed her way through it beautifully and provided her ice-breaking qualities to the satisfaction of all the crew. A hurricane blew all last night with thick snow, but the Bruce kept moving in half speed, and when the weather cleared up early this morning Cape Spear was in sight. The passengers who came over, viz., Hon. M. P. Cashin, Dr. Patterson and W. S. Monro, speak in the most enthusiastic terms of the ship and report that in Greenock she is called "The marvel of the Clyde."

Crowds of citizens visited her at the Reid Nfld. Co. pier to-day, there being a regular procession going to the dock all the forenoon. And indeed the new Bruce is really worth seeing. She is 250 feet long, 36 feet in width, 25 ft. 3 in. deep; gross tonnage, 1,700. She is specially strengthened in the bows for working in ice, and has triple expansion engines with cylinders 25 in., 42 in. and 68 in., with 45 h.p. stroke. There are four boilers of large size, 180 lbs. pressure, and a speed of 15 knots. Like the old Bruce she is rigged as a two-master schooner, but is much superior in accommodation, having a very fine promenade deck where there is a large and exquisitely fitted up ladies' sitting room finished in bird's eye maple. The furniture upholstering in red plush is very rich looking and suggestive of the acme of comfort. A self-playing musical instrument is also here, which adds to the attractions. The Marconi room and several other private apartments are also on the promenade deck. The saloon and the ladies' cabin are on the main deck. The former is an imposing and spacious apartment and allows room for three rows of tables. The upholstery is finished in blue leather and blue plush. There are six ladies' berths in the saloon, but there is accommodation for 75 first class passengers provided amiships in the state-rooms. There are ten berths in the ladies' cabin, all fitted up in the most elaborate style. The saloon is finished in polished hardwood and there is a complete system of heating and electricity throughout. The men's smoking room on the promenade deck is a splendid room and is finished in white oak. It is a spacious apartment, measuring 18 x 16 feet. The steerage for ladies contains 30 berths and the men's 120. The officers' quarters are very fine, as well as the galley, the kitchen and pantry. Provision seems to have been made for every requirement and the past experience in the old Bruce has enabled the company to supply the smallest requirement. It is likely that she will go out for a trial spin to-morrow.

Terrible Blizzard

WITH INTENSE FROST SATURDAY AND SUNDAY.

A snow storm began about 2.30 p.m. Saturday and by 11 o'clock that night had reached the intensity of a blizzard with a hurricane of wind from the N. N. W. The blizzard raged until about 10.30 last night and few people were about either Saturday night or last night. The frost was intense, going 5 below zero in the city yesterday and 20 below at the Quarry, while all over the country the temperature was very low, and the storm piled snow to a great height. The trains along the railway line were stalled and the weather was the worst recorded for several years past.

MARINE NOTES.

The S. S. Durango passed Cape Race at 9.30 this morning and is due here at 3 p.m.

The S. S. Tobasco is due here on Wednesday from Liverpool.

A wireless message was received by Harvey & Co. to-day from the Florizet stating that she was due to arrive here at 3 p.m.

The S. S. Rosalind left Halifax at 9 a.m. yesterday and is due here to-morrow morning.

The S. S. Adventure sails for Louisbourg on Wednesday and will return with another coal cargo.

Personal.

Mr. Alex. Hamlyn who was so badly scalded by a portable engine in the Reid Co.'s shops, is rapidly improving under Dr. Scully's care, but it will be several weeks before he can be about again.

Miss Jessie Payne, of Water Street West, went by the Portia to St. Jacques where she will be married to Mr. G. Oakley who formerly was Manager of the Seamen's Home at St. John's.

Railway News.

The express left Clarendville at 3 a.m. to-day and is due here about 4 this evening.

A train left Bonavista at 6 a.m. coming here.

Passengers that left here Saturday night, were held at Brigus Junction and are coming back this afternoon. The train from Carbonear that was held there is also due this evening.

One rotary work started from Gaff Topsails to work west this morning, another started from Whitbourne to clear up the road.

The local is due this p.m. No express went out last evening, and no train went out this morning.

The Placentia train got to Hodge Water Saturday evening and was held there all night.

Coastal Boats.

REID BOATS.
The Bruce arrived at St. John's at 8 a.m. to-day.

The Glencoe left Port aux Basques at 9 a.m. Saturday.

The Home is due at Placentia to-day from the west.

The Invermore arrived at Port aux Basques at 8.20 a.m. to-day.

Here and There.

MRS. MAY SOUGHT FOR.—If the widow of the late Edward May, who 4 years ago lived in St. John's West, will apply to Inspector General Sullivan she will hear of something to her advantage.

MADE A RECORD.—The young man who was transferred from the Juvenile T. A. to the Adult Society yesterday, was a member of the former for 8 years. During that time he attended every meeting held except one, which is undoubtedly a record.

A SENSATIONAL AFFAIR.—We understand that a sensational affair has occurred in the city within the past week which is liable to involve two people into serious trouble. As far as we can learn it may mean the separation of a wife from her husband and that charges of the most serious import may be preferred against him. It is likely to be in the hands of the police shortly.

AT HOME.

The Governor and Lady Williams will be at Home, at Government House, on Thursday, Feb. 15th, from 4 to 6 o'clock.

T. C. FITZHERBERT,
Private Secretary.

HARBoured OUT OF STORM.—The S. S. Portia which left here on Saturday forenoon for the Westward, harboured at Ferryland, Saturday night and yesterday and left there at 5.30 a.m. to-day. She left Trepassay at 9.30 this morning.

Set your heart on being at the VALENTINE SOCIAL in the PRESBYTERIAN HALL, on WEDNESDAY, Feb. 14th, at 8 p.m. LIVING Valentines, or on paper! LUCKY CAKE grabs! POST OFFICE and other Novelties too numerous to mention. Admission 25 cents, includes REFRESHMENTS and CONCERT.
