SAFETY FIRST Grips like the sole of an athlete's shoe

The cross bars on a football player's shoes give him a firm footing-he is able to run, jump, make sharp, quick turns with more assurance and safety. The specially toughened Safety Bars on Goodrich Tires cut through the film and obtain a firm grip on the road surface—thus preventing the skid from starting. And there's another reason why you should equip with Goodrich Safety Treads the extra thickness at the point of contact insures extra wear.
