"La Grippe" or Lightning Catarra.

MR. EDITOR.—"La grippe," or Russian influenza, as it is termed, is in reality an epidemic catarrh, and is called by some apidemic catarrh, and is called by some physicians "lightning catarrh," from the rapidity with which it sweeps over the country. Allow us to draw the attention of your readers to the fact that Nasal Balm, as well as being a thorough cure for all cases of the ordinary cold in the head and catarrh, will give prompt relief in even the most severe cases of "la grippe" or "Russian influenza," as it will effectually clear the nasal passages, allay irritation and relieve the dull, oppressive headache accompanying the disease. No family should be without a bottle of Nasal Balm in the house, as cold in the head and catarrh are peculiarly liable to attack people at this season of the year, and Nasal Balm is the only prompt and speedy cure for these troubles ever offered the public. Easy to use and agreeable. If you cannot get it at your dealer's it will be sent post free on receipt of price (50 cents and \$1 per bottle) by addressing Fullond & Co., Brockville, Ont.
