## London Rugby Football Team Heavily Defeats Hamilton Tigers.

The Score Was 27 to 0—Imp Losses a Splendid Race to Ethelbert—Close of the Season—Brooklyn Again the Champions.

### FOOTBALL.

**TIGERS TRIMMED.**  
The Tigers of Hamilton journeyed to London on Saturday morning with the confidence, the expectancy, of victory written upon their smiling faces. When they returned in the evening they had been beaten good and plenty, and if they made merry on their trip to the city on the bay, it was only with the merriment that was needed to buoy their last-coming courage. Apparently their excuse for existence at all was to show Londoners how excellent as their team, and to show the local players that hard work and good condition are mighty factors in success. They served that purpose, and incidentally provided some good sport for the five or six hundred people who cheered the Londoners along the road to the championship. A score of 27-0 is decidedly expressive. Short of all verbiage particulars a description of the game simmers down to the statement that the good condition that is at all times essential was a quality possessed by the wearers of the red, white and black, and was lacking in their opponents.

London had six points to the Hamiltons' eight at the end of the first half. The try was gained by a series of bunched scrimmage and vigorous line-bucking. Labatt gave Hobbs an opportunity to make one of his racking snipe-fence runs through the Tigers; he got behind the line and Taylor converted. The visitors' attempts to tally failed, but they prevented London doing any scoring until half-time sounded.

Another point was scored after an exchange of punts, by Peel, who sent the pig-skin over the Hamilton's line. Very soon after, Peel again caught the ball and passed to Hobbs, who rushed the line for a try. Taylor's kick made the score 12-0.

To describe all the dodging and punching, the meteoric rushes, the line-bucking and quick kicks that increased the local lead might be wearisome. Suffice it to say that Hobbs made a smashing side-stepping run of over 30 yards through the weakening Tigers, and Taylor, in spectacular fashion, kicked the oval through the posts from the 40-yard line, both facts helping materially to boost the London end of the score to 27.

The teams lined up as follows:

| HAMILTON.                     | POSITION. | LONDON.                                      |

Hamilton, Ont., Oct. 13.—About 1,500 people saw the Tigers of Hamilton whitewash the Granites of Kingston in the first game played on the home grounds in the senior R. F. U. series this afternoon. **ARGONAUTS VS. ST. MARYS.**  
Toronto, Ont., Oct. 13.—Before a fair crowd on the Varsity athletic grounds this afternoon Argonauts H. and St. Marys played a good game of Rugby. The afternoon was ideal for playing, a slight breeze favoring the Argonauts in the first half, which was characterized by loose play on both sides, showing lack of timing. The final score was, St. Marys 2, Argonauts 1.

## PROOF POSITIVE CANCER IS CURABLE.

Evidence of an Incontrovertible Nature.

Cancer has so long been considered an incurable disease that people will hardly believe that there is really a cure. Yet abundant evidence can be produced to prove that in some of the very worst cases of cancer, our Vegetable Cancer Cure removed permanently every trace of the disease. One case we might cite is that of a lady who suffered from cancer of the breast, endured the tortures of the plaster, which only aggravated the disease since, and who was cured completely by our remedy. Another instance—that of a gentleman who had cancer of the tongue. It was removed by the knife, but soon came back again. Our remedy cured him eight years ago, and he has never had any recurrence of the disease since. If you desire the names and full particulars of these cases, you will find them in our new book, "Cancer: Its Cause and Cure," which you may have on receipt of 50 stamps. ### WHEEL.

**BIG MEET AT TORONTO.**  
Toronto, Oct. 13.—The Ontario bicycle championship meet under the auspices of the Royal Canadian Bicycle Club and the Toronto Lacrosse and Athletic Association took place at Rosedale this afternoon, and was fairly successful. The gathering was run under the sanction of the Canada Cycling Association before a thousand spectators, who were greatly pleased at the results of the racing served up. The only mishaps were to Murray, of Hamilton, and Campbell, a colored rider, of Toronto, who had spills in a heat of the five-mile provincial championship. The surprise of the day was the winning of the three-mile W. G. & R. trophy team race, and the five-mile pursuit race by Q. B. C. riders. ### A RECORD-BREAKER.

Toledo, Oct. 13.—Crescent broke two track records here today on the exposition half-mile track. He made the record to sulky in 2:09½, and to wagon in 2:13½. The sulky record in quarters was 1:03½, 1:27½, 2:09½. The wagon time by quarters was 1:35½, 1:08, 1:40½, 2:13½. Over ten thousand people were present.

### JOE PATCHEN MADE FAST TIME.

New York, Oct. 13.—Joe Patchen in his mile against time at the Parkway race track this afternoon, went the quarter in 30½, the half in 1:02, the three-quarters in 1:34½, and the mile in 2:06½, breaking the track record, but failing to lower his own record for the distance.

### IMP BEATEN BY ETHELBERT.

New York, Oct. 13.—Ethelbert, the gallant son of Ethen—Maori, won the Municipal handicap at Morris Park today, a head before Imp, in the record time of 2:58½. The race was at 1½ miles over the Tying Hill course, and five horses faced the starter. Ethelbert was favorite at 7 to 5, with Jack Beaton second choice. Imp was held at 4 to 1, with Pink Coat and Maid of Harlem the outsiders. They were sent off on the first break to a good start, with Jack Beaton in front, but he quickly took Imp out in his favorite place, and led past the grand stand the first time, with Jack Point, Pink Coat, Ethelbert and Maid of Harlem following in the order named, and well bunched. Imp drew away in the second turn, and showed the way up the back stretch by a length and a half. She ran the 6 furlongs in 1:15½, and the mile in 1:42. At this latter point Pink Coat dropped back beaten, and Ethelbert moved into second place, a length before Jack Point. Rounding the far turn Imp drew even further away, and led into the stretch by two lengths. Odor sent Ethelbert after her, however, and it was a duel between the two. The last furlong Ethelbert had moved up on even terms with the black whirlwind, and heads only separated them to the wire. Imp responded gamely under Burns' vigorous ride, but Ethelbert had the lead, and won handsily without the use of whip or spur. Maid of Harlem closed strong and was third, 5 lengths behind Imp, and 6 lengths before Jack Point, while Pink Coat was beaten 12 lengths.

After the race the October steeplechase from The Bachster, after a pretty race in which there were no accidents. Garry Hermann took the Champagne stakes for 2-year-olds, but had to be ridden out to beat Smile, an added starter, a neck. Conroy and Smile made the running, with Garry Hermann always well up; the last two fought out all through the stretch. Water Color was a distant third. The second race went to Sweet Tooth at long odds. Unmasked won the third handsily in fast time, and Annoy took the last easily. Three favorites were successful, two second choices and one outsider. The weather was dull and cloudy, the track fast and a big half-holiday crowd was in attendance.

### AQUATIC.

New York, Oct. 13.—The contents of

Sir Thomas Lipton's challenge for the America's cup will not be made public until Wednesday night, when at a special meeting of the New York Yacht Club the challenge will be presented, acted upon, and its contents given out for publication. There is no doubt of its acceptance by the club.

## THE LIBERALS MAKE GAINS

But Salisbury Has a Large Following.

Improvement in Dowager Empress Frederick's Condition.

Leopold Will Use His Title During One Day Only in Paris—Netherlands Will Not Allow Export of Powder.

Kronberg, Oct. 14.—The condition of Dowager Empress Frederick today is satisfactory.

London, Oct. 14.—The following announcement appears today in the Court Circular: "The Queen has been in some anxiety for a week owing to the unsatisfactory accounts of the health of Empress Frederick. Reports now, however, are favorable."

Prof. Renvers, who is the best German authority on kidney complaints, after weeks of attendance upon the Dowager Empress Frederick, has returned to Berlin. The professor took a representative of the Associated Press that there is no immediate danger of his patient's life. "The acute symptoms having disappeared."

### LIBERALS MAKE GAINS.

London, Oct. 15.—The only elections received Saturday night are those from the Liberal party. The Liberal party have thus far elected 395 of their candidates, while the opposition have elected 258. The gains and losses now exactly balance, making the respective strength of the Liberal and Conservative parties equal. The Liberal party are not likely to be materially changed by the returns from the baker's dozen of constituencies still unknown.

### ELECTIONS VIRTUALLY COMPLETE.

The elections are virtually completed. Seven took place Saturday, and as many occur this week. The government is in a position to retain the immense majority which it had at the time of dissolution. The most that the Liberals can say is that "khaki enthusiasm" has not increased materially the majority, and that it falls short of the majority at the last general elections. Ireland has gone strong Nationalist, and Welsh Liberalism has gained ground, but England and Scotland have demonstrated by increased Conservative majorities their sympathy with the Imperialist policies. The United Kingdom, at the close of the most important campaign since Waterloo, has taken a broad rather than a narrow view of national obligations. The Conservative party, who are in a good deal of fresh blood in the new parliament, Mr. Winston Spencer Churchill is the only young man with promise of potency of a great career, and he is in a fair way to be spoiled by flattery.

### LEOPOLD INCOG.

Paris, Oct. 15.—King Leopold of Belgium has arrived in Paris to visit the exposition; but, to the disappointment of the Parisians, he will remain incognito during his 10 days' stay, except on one day, when he will officially visit President Loubet, and will attend a reception to be given at the Elysee Palace in his honor the same evening. The king is living at the hotel instead of taking up quarters in the sumptuous mansion in the Bois de Boulogne, which was specially fitted out, at a great expense, for the accommodation of royal visitors to the exposition, and which has been practically empty ever since.

### CABLE NOTES.

The Chilean cabinet has resigned, and the crisis is now regarded as serious. One hundred and thirteen new cases of yellow fever have been officially reported in Havana, since Oct. 1.

Key regulations are now in force in Roumania, requiring aliens traveling or residing in that country to procure permits.

The exportation and transit of ammunition and gunpowder from and through the Netherlands has been prohibited temporarily.

Official statistics show a further decrease in the Berlin death rate, which is now but 29 per 1,000, and that the number of children is 50,000, which, if there had been a normal birth rate for Prussia, would be 700,000. The papers draw parallels with the French conditions in this respect.

## TWINS WED SISTERS

Double Marriage of a Very Unusual Kind.

Chicago, Oct. 15.—Down in the little town of Carlinville, in the southern part of Illinois, there is mourning in the ranks of the marriageable young women, and the villagers are all agog over the wedding in Chicago of two of the youngest young men of the town, the Paul twins.

Albert and Fred Paul pleaded business as a reason, and hurried to this city a few days ago, but wedding bells were linked with buying of fall stock for their stores. Albert took for his bride Miss Adelaide M. Link, and Fred married Miss Helena Link. The wives are sisters, aged 24 and 21 years respectively, and the double union marks the culmination link in a pretty romance of few months' duration.

Linked with the marriage of Albert comes the rumor from his home town that he had been picked out by go-sips as the future husband of a beautiful daughter of Carlinville, and the breaking of ground for a handsome residence this fall added fuel to the rumor. But the go-sips reckoned without their host, for Albert had quite another person in view as the bride of his heart. The two couples are on a short honeymoon, and will return soon to make their home in Carlinville.

## Western Ontario.

W. A. Millard, of Windsor, has received word of the death of his mother at Port Huron.

Charles Compton, son of Mr. and Mrs. W. A. Compton, formerly of St. Thomas, now of Cleveland, Ohio, was drowned in the latter place last week. Sam Gee, a Chinaman, who has arrived in Windsor and started work at Charlie Louie's laundry, claims to have been shut up in the British legation in Peking during the recent siege. He exhibits a scar on the right arm, which he says is the result of a wound received during a sortie, but it may have been caused by a hot flatiron.

John Kendall, who died on Thursday night, was a pioneer of Dunwich. The deceased was born in Northamptonshire, England, 65 years ago. He came to this country about 44 years ago, and first settled in Southwold, where the village of Sheddon now stands. He married Miss Sarah Randall, of a daughter of Squire Frederick Randall, of Southwold, and they settled on lot A, in concession A, in the township of Dunwich, where he resided continuously till his death. He leaves a widow and eight children, four sons and four daughters. The sons are W. F. Kendall, Dutton; J. L. Kendall, farmer, Dunwich; Charles and George, at home. The daughters are Mrs. W. A. Galbraith, of Dunwich, and Clara Alice and Winnifred at home. Mr. Kendall was a member of the Congregational Church.
