

## ALLIES ORDER CHARLES HELD AS PRISONER

Council of Ambassadors Decide To Jail Ex-Emperor On British Ship.

### LITTLE ENTENTE DEMAND

Czecho-Slovakia, Rumania and Jugo-Slavia Insist On Charles' Surrender.

Paris, Oct. 27.—The allied council of ambassadors today decided that Emperor Charles of Austria-Hungary, and ex-Empress Zita should be placed immediately upon a British warship in the Danube, pending a meeting of the council next Saturday, when a final decision regarding their disposition is to be made.

### Little Entente Makes Demand For Charles

London, Oct. 27.—The Little Entente, composed of Rumania, Czecho-Slovakia and Jugo-Slavia, has dispatched a note to Hungary, demanding the surrender of former Emperor Charles, the demobilization of the Hungarian army, and reparations sufficient to defray the expenses of the Little Entente's mobilization according to a Vienna dispatch to the Central News Agency today. Unless Hungary replies satisfactorily within two days the Little Entente troops will enter Hungary, the dispatch said.

### Czecho-Slovakia Is Mobilizing Army

Paris, Oct. 27.—Mobilization preparations are proceeding everywhere in Czecho-Slovakia, both in the Czech and Slovak districts, Premier Benes told the Chamber of Deputies in connection with the Little Entente's ultimatum to Hungary, according to a dispatch from Prague today to the Havas Agency. The dispatch quoted the Czecho-Slovak premier as saying that the Government would not refrain from the most stringent measures in carrying out the ultimatum, although all action would be kept within the terms of the peace treaties, and within the agreement between the Little Entente and the Allied powers.

## DECLARES HEALTH BOARD MUST PASS ON FOUNTAINS

E. V. Buchanan Claims All Drinking Stations Must Be Approved.

Before the public utilities commission install any new drinking fountains in parks or on street corners, in 1922, the London Board of Health must give its approval, declares E. V. Buchanan, manager of the former department.

It is the commission's intention at the present moment to consider closely the suggestion that a different type of fountain than that now in use at the corner of Dundas and Richmond streets be introduced. Various complaints were registered from time to time within the past few months that people were cleaning their teeth and dogs were drinking at these drinking fountains.

Before purchase of another type is made, however, Manager Buchanan declares the health officials must voice their opinion. "If there is any complaint it will be up to them," he says.

The commission reported on Thursday increased interest over 1920 in the basketball games in the East End Hall. Twenty teams, of a different type of basketball, were played during the season. These games were organized by the commission last year as a part of the playground scheme.

## BRITAIN WOULD RESERVE BUT FEW RIGHTS IN EGYPT

Treaty Calls for Naval Base at Alexandria.

London, Oct. 27.—The Cairo correspondent of the London Times learns from trustworthy sources that the negotiations between Egyptian Premier Adly Yeghen Pasha and the British Government have been conducted on the following basis:

First, in the future, British troops to be confined to Port Said and the eastern zone of the Suez Canal; second, a British controller of the public debt to be appointed; third, Egypt to have the right of diplomatic representation abroad, but in all treaties, save commercial agreements, the British Government to have the right to be consulted; fourth, Alexandria to be a British naval base, with an international police force; fifth the Anglo-Egyptian Sudan to remain as at present, with the enjoyment of equal rights by both countries and the safety of the Egyptian water supply to be guaranteed. The agreement, if reached, the correspondent adds, will be submitted to the national assembly about the middle of November, when Adly Pasha is expected to return to Egypt.

## ROBBERS SUSPECT KILLS 1, Injures 4 in U. S. CITY

St. Joseph, Mo., Oct. 27.—A. M. Hall, a police desk clerk, was killed, Thomas Johnson, chief of detectives, was probably fatally wounded, and Clay C. MacDonald, chief of police, and Edward Eads, a detective, were slightly wounded yesterday in a gunfight with Carlos Henderson, colored, who barricaded himself in a house, and was later shot to death after the fire department had set fire to the house.

The shooting followed attempts of Detective Eads and a companion to arrest Henderson as a robbery suspect.

# SIN FEIN PREPARING FOR WAR

## Kelly Sure Canada Can Ignore Rail Strike

### HEAD OF G.T.R. SAYS COUNTRY WON'T SUFFER

Emphatic That U. S. Walkout Will Not Affect Government Lines.

### RETURNS FROM CHICAGO

Believes That Settlement of Trouble Entirely Up To Board.

Any declaration as to the possibilities for or against a general railroad strike in the United States was carefully avoided by Howard G. Kelly, president of the Grand Trunk Railroad, when questioned Thursday noon as he passed through London en route to Montreal from Chicago, where he attended the meeting of rail chief and executives.

"Everything rests now with the American railroad labor board," said the president, "the conference between the rail executives and the board commenced Thursday morning at 10 o'clock and lasted until 9 p.m. of the same day. The railroad companies' executives were before the board during the night session, and now everything is up to the board. The conference was open to any person that wished to enter. There was no secret session."

President Kelly was emphatic that a "walk-out" would not affect the Canadian employees of the Grand Trunk Railway. He was reluctant to express personal opinions as to the probability of an immediate settlement, and declined to commit himself as to whether the reductions of freight rates on certain grains, as recently announced from Washington, would have any lessening effect upon chances of a strike.

He pointed out, however, that it was the railroads themselves that had made the cuts, inferring that such had not resulted through the efforts of the inter-state commerce board.

### No Settlement At Noon In Railmen's Meeting

Chicago, Oct. 27.—Ben W. Hooper of the railroad labor board left the conference of the Big Five union executives shortly after noon and said that the strike had not been settled, but that settlement "could hardly be expected while he was at the meeting."

Executive committees of the Big Five brotherhoods, the men who possess the power to call off the railroad strike schedule for next Sunday, met with their five chiefs today in conferences said to have been called at the instance of the railroad labor board. Ascertained after yesterday's session of the board's investigation is that they could call off the strike and intrust to the labor board adjustment of the complaints which led up to the strike vote.

Whether the brotherhood chiefs consider this a "satisfactory settlement" of their grievances, which they have asserted that the brotherhood leaders had made at the conference of the union leaders this morning.

T. C. Cashen, head of the switchmen, asserted after yesterday's session of the board's investigation, that nothing had been brought out which would affect the strike call.

Members of the board announced after the hearing that they could make known their decision on the threatened strike, which the railroad executives said is in violation of the board's wage cut July 1, today or tomorrow. In labor circles early today reports were current that the brotherhood leaders had been quietly told by some of the board members that the chief issues leading up to the strike vote, further proposed cuts in wages and elimination of time and a half pay over time were removed as causes of the strike by the board's announcement on Tuesday.

The brotherhood leaders at the investigation yesterday, with the exception of W. G. Lee, of the trainmen, admitted that the proposed reductions and changes in rules were as influential in the strike vote as the wage cut of July 1, already in effect.

At the same time T. Dewitt Cuyler, chairman of the association's rank and file executives, told the board that none of the carriers had any intention of trying to make further changes in wages or working conditions without due process through the board.

### M. C. R. Advertising For Men To Replace Strikers

Detroit, Oct. 27.—The Michigan Central Railroad advertised here today for men to fill the places of employees who have been called out on strike Oct. 30. The appeal was directed especially to former employees. Advertisements for Turn to Page 3, Column 6.

## Local Executive, Soldiers' Aid, To Direct Child Welfare Work

"Child Welfare" work undertaken by the London branch of the Soldiers' Aid committee, which has been placed under the exclusive control of the local executive, according to a communication received Thursday morning from the provincial secretary in Toronto by Ald. Frank Harley, chairman of the latter body.

This follows the meeting Wednesday in Toronto between London members of the commission and the provincial officials, when it was requested that this phase of the commission's work be placed again under the sole direction of the London office, as was the pro-

## WILSON URGES THRIFT IN CITY EXPENDITURES

Alderman Delivers Address to Members of Lions' Club.

### DANGER POINT REACHED

Declares Less Money Must Be Spent On Pavements.

Ald. Cameron Wilson was the chief speaker at the Lions Club luncheon in the Tecumseh Hotel Thursday noon, speaking briefly on what he termed a number of uninvolved municipal problems that would face the citizens of London in the next few years.

Dr. Wilson, who was introduced by Cub Bill Moore, stated that the first problem was the form of municipal government. He declared that the old system of a mayor and twelve aldermen was the best, providing that the men elected were capable. It was the duty of the city council to enunciate policies, and the duty of the heads of departments to carry them out.

"The council has often tried to enunciate policies against advice, and chaos has been the result," declared the alderman.

The next problem, in the opinion of the speaker, was the proper reorganization of the departments. The various heads of departments should be brought together and made to work as a unit, as in any well-regulated business. Each civic department in London ran its own affairs, and this was not right in his opinion.

Ald. Wilson then touched on the financial situation, declaring that the city had reached the danger point as far as spending was concerned. Economy and retrenchment must be observed by next year's city council.

Dr. Wilson said that good roads would cost the city \$270,000, upkeep for children's hospital \$60,000, while pavement and sewers had cost over \$1,000,000. "We cannot afford to spend that much money on pavements and sewers," declared Ald. Wilson. "The main highways naturally should be paved, but the interesting streets would be all right if they were properly gravelled until such time as the city could finance further paving. Only such expenditures should be undertaken as are necessary for normal progress."

"A sewage disposal plant costing \$500,000 is necessary, and I also favor the \$250,000 grant to Western University, while Victoria Hospital wants \$300,000 for a nurses' home."

The city council has been blamed for the high tax rate, but he has control only of 24 per cent of city expenditures. The school board takes 35 per cent of the taxes, and the council has no control over them.

Ald. Wilson also reviewed the situation regarding the City Gas Company, the street railway and the juvenile court without making any special comment.

"It would appeal to you not to criticize those who put in charge of city affairs. Get behind them and boost. If a man is honest a day before he is elected, surely he is honest the day after. It is your duty to give some of your time to civic affairs. If you do not enter the race get out and vote and support your candidates," concluded Dr. Wilson.

Cub Roy Rutledge, president of the local branch of the Lions Club, presided at the luncheon, and thanked Ald. Wilson for his address.

Mr. Dowling, of the Harmonic quartet, rendered several solos that were greatly appreciated by the Lions, who roared their approval.

Cub C. M. R. Graham told of the efforts being made by the London Fish and Game Association in conjunction with other organizations of a similar nature, to save net fishing in the Thames and other rivers stopped.

All the members present signed a petition to that effect, which will be forwarded to the department of fisheries.

### MOTOR INDUSTRY MAY LOCATE IN HULL CITY

Ottawa, Oct. 27.—The city of Hull is likely to secure a new industry, that of Specialty Motor Car Manufacture, which is backed by a syndicate of Montreal and Toronto interests and is capitalized at a quarter million dollars.

Philadelphia, Oct. 27.—Ralph Greenleaf, the champion, won his sixth game in the national pocket billiard tournament tonight. He defeated William F. H. Langes, Philadelphia, 125 to 31 in eleven innings. His high run was 52, while that of Delanges was 31.

### GREENLEAF WON SIXTH GAME

Philadelphia, Oct. 27.—Ralph Greenleaf, the champion, won his sixth game in the national pocket billiard tournament tonight. He defeated William F. H. Langes, Philadelphia, 125 to 31 in eleven innings. His high run was 52, while that of Delanges was 31.

### PROFESSIONAL ENGINEERS IN CITY ORGANIZE SOCIETY

For the purpose of forming a London branch of the Engineering Institute of Canada, 26 professional engineers met at the Tecumseh House on Wednesday night. H. A. Bracher was appointed chairman and George C. Wright secretary. A letter of application was sent to the president and members of the parent body at Montreal.

The object of the institute is to advance the engineering profession in Canada.

The organization committee appointed is composed of H. A. Bracher, George C. Wright, H. B. R. Craig, Col. L. Leonard of this city, and P. A. Bell of St. Thomas.

The committee is now awaiting word as to the decision of the parent body regarding forming a local branch.

## Hostess At Arms Parley

WILL ENTERTAIN PEACE ENVOYS

LADY GEDDES.

WASHINGTON, Oct. 27.—The disarmament conference to open here on Nov. 11, will be marked by many brilliant social functions. The British hostess, Lady Geddes, wife of Britain's ambassador to the United States, is well known for her lavish entertainments since her arrival here.

The announcement today that Lord George may be compelled to cancel his contemplated visit to this country may call for a rearrangement of the social program.

Hon. Arthur J. Balfour, who will attend the meeting, has never been regarded as an enthusiast over social affairs.

## Prints of Famous Scientists To Adorn Medical School Walls

Rare old prints of famous scientists and medical men form the nucleus of a collection of pictures recently hung in the library of the new Western University Medical School. This collection was obtained for Western in England by J. Thorneley Bowman of this city, while on overseas service during the war. It is interesting to note that the majority of the prints were procured at second-hand and antique shops in London and other English centers.

Each print is framed, bearing a description of the subject, and the majority of them were pioneers in the study of the anatomy of the human body.

## ALLEGED SLAYER OF GIRL ON TRIAL IN QUEBEC CITY

Palmer, Charged With Killing Blanche Garneau, Claims Alibi.

Quebec, Oct. 27.—The trial of Frederick K. William Palmer, alias Cole, charged with the murder of Blanche Garneau on the night of July 21, 1920, in Victoria Park, is scheduled to open here today.

Blanche Garneau disappeared on July 24 and a week later her body was found in a swamp near the park. The post-mortem examination revealed the fact that she had been violated and strangled.

Months later a man named Binet was arrested at Sudbury for the murder, and another man named Palmer, alias Cole, who was at the time a prisoner in the Stony Mountain Penitentiary, Manitoba, was also alleged to have been implicated in the crime. After a delay of several weeks the men were given a preliminary hearing, in which Binet stated that the crime had been committed by Palmer, while he, Binet, stood by. Both were then committed for trial to the present criminal assizes.

Palmer claims he can prove he was in Sherbrooke on the day of the murder.

## FISHERMEN FIND BODY OF AVIATOR

Ancon, Peru, Oct. 27.—Fishermen discovered near here yesterday a skeleton which from the clothing still clinging to it was identified as that of Fosse Bonnet, a French aviator, whose aeroplane was lost at sea Sept. 27. The remains were taken to Lima, where they will be buried with military honors.

## 12 LABORITES SENT UP FOR TRIAL AT ST. JOHN

St. John, N. B., Oct. 27.—At the preliminary hearing of the twelve members of the local trades and labor council charged with being members of an unlawful assembly in connection with the recent labor parade held in this city, the magistrate decided to send up the entire twelve for trial.

Defendants, through their counsel, refused to enter into sureties not to commit another breach of the peace on the ground that they were fighting for a principle and that they did not feel they were breaking the law by holding the parade.

## WILL STUDY APPROACH TO COLLEGE SITE

Western University Board of Governors To Ask For Engineer's Report.

### WILL UNVEIL PORTRAIT

Painting of Dr. H. A. McCallum To Be Hung in New Medical Building.

Arrangements have been made for an engineer's report to be made on the approaches to the site of the proposed new College of Arts for Western University, located on the Kingsmill farm, near the northwest city limits. This was announced at a meeting of the Western University Board of Governors, held on Wednesday afternoon. The report will be submitted at an early date.

The board of governors recently concluded an inspection of the site, paying particular attention to the approach in relation to existing transportation facilities, namely, the Richmond street car line, which is nearest to the site.

In preparation for the bylaw authorizing a civic grant to the new Arts College of \$50,000, to be submitted to the ratifiers of London at the next municipal election, it was felt that the engineer's report should be prepared.

During the meeting a letter from the under-secretary of external affairs for the Dominion was received, setting forth a proposition originated by Winston Churchill, that graduates of Canadian universities be considered for important colonial appointments of the British Empire. The board of governors decided to co-operate and to work in harmony with other Canadian universities in supporting this proposal.

Will Send Representative. A representative of Western University, to be appointed later, will likely attend the inauguration of Provost Seager at Trinity College, University of Toronto, on Nov. 17. The board decided to send greetings to the University of Padua, Italy, on the occasion of the 700th anniversary of that institution.

For the purpose of completing plans for the board and the faculty of medicine, the board of Western University, on Ottawa avenue, the board of governors appointed the following committee: A. T. Little (chairman), C. R. Somerville, J. H. Chalmers, Dean of the Arts College, Lieut.-Col. Brown and Dean Paul S. McKibbin of the College of Medicine. This committee will act with the medical committee of the board and the faculty of medicine in completing arrangements for the official opening. The date of this function has not been decided.

The board decided to send an illuminated memorial to the widow of Dr. H. A. McCallum, who died recently of the Board of Governors of Western University Medical School. Resolutions of condolence were also passed to Sir Adam Beck and daughter, Miss Marion, on the recent death of the Beck and Mrs. (Dr.) W. H. Moorhouse, whose husband, a former dean of the medical school, died on Monday.

### To Unveil Portrait

The board of governors reported that a portrait of Dr. McCallum, suitably framed, is ready for unveiling. This portrait, painted by E. J. Galt, R.C.A., of Toronto, was made available by personal subscriptions of the Western University Board of Governors and will likely be hung in the new medical school building in connection with the ceremonies in conjunction with the official opening.

The resignation of Rev. W. L. Hiles, lecturer in philosophy at the Arts College, was accepted, and Rev. T. A. McKechnie of this city appointed to take over the work. The former will lecture on modern philosophy, while the latter will teach ancient philosophy.

Reorganization of the Western University Canadian Officers' Training Corps was authorized, and M. L. Blake, physical director, was appointed commanding officer provisionally.

Blake is well qualified for the appointment, having served with the Royal Northwest Mounted Police four years, and a similar period in the Canadian army during the war. He also attended the officers' training course.

The registrar's report for the past year was read and confirmed at the meeting, as was also the budget for Western University.

### BYNGS HOSTS AT BRILLIANT FETE

Quebec, Oct. 27.—(Canadian Press.)—One of the most brilliant social functions held here in many years was given at Citadel last night by their Excellencies Lord and Lady Byng of Vimy. Some 500 guests attended the event, and were received by the governor-general.

## Drury Warns Civil Servants Not To Take Part in Campaign

Toronto, Oct. 26.—Civil servants are being warned in a circular authorized by Premier Drury to take no part in elections.

The circular says: "The attention of the Government has been drawn to statements that certain officials in the employ of the province are taking an active part in the political campaign. I think it, therefore, advisable to make it perfectly clear to all parties concerned that the desire and direction of the Government is that public officials will not participate in election campaigns, and those who fail to heed this requirement will be held responsible for their actions."

## May Be King Again

Former Portuguese Monarch Is Deeply Interested in Revolution in His Native Land.

EX-KING MANUEL.

LISBON, Oct. 27.—The monarchist rebellion, which has been in progress in this country for some weeks, is believed to have been instigated by Manuel, the former ruler who fled following the republican uprising of 1910.

Manuel, who is now 32, has been living with his mother in England since the revolution. He had been on the throne less than two years, having succeeded in 1908, when his father, King Carlos, and his elder brother were assassinated.

Manuel's reign was dotted with love affairs said to have been the real cause of his downfall. His affair with Gaby Deslys, noted dancer, gained him world-wide notoriety.

After abdication he married Princess Augustine Victoria of Holstein-Gottorp. Her father, Prince William, is a cousin of the ex-king.

## LAUNCH DRIVE FOR HOSPITAL FUNDS

Institution For Sick Children Real Need, Declares Col. Gartshore.

At a meeting of the Children's Hospital committee and members of representative businessmen's organizations, held Wednesday afternoon, it was decided to hold a campaign for funds for the Children's Hospital the second week in January.

Col. W. M. Gartshore, at the request of Chairman J. J. Foot, emphasized the need for a children's hospital at this point. This fact had been made clear in the addresses of the late Dr. W. J. McCallum and other leading physicians of the city and district. A great many people could be relieved from permanent disability by early treatment.

The hospital would have the benefit of complete management, control, under the direction of the Victoria Hospital superintendent and staff, and would be exceedingly fortunate in the excellent medical service made available through the hospital.

Col. Gartshore was extremely optimistic regarding the reception of the campaign at the present time. A great many people did not know of the existence of the building, which was almost completed.

Col. Gartshore was appointed honorary campaign chairman, with J. J. Foot as chairman and A. D. McLean, manager of the Canadian Bank of Commerce, as honorary treasurer. Publicity was left in charge of Major Gordon Ingram and Arthur Ford.

Other chairmen appointed were: "A" list canvass committee, J. M. Watt; district canvass committee, W. R. Yendall, A. J. Mitchell, Dr. Roy Rutledge and George Clark; "house-to-house" committee, Mrs. John Gemmel (secretary), Mrs. Greenway.

## ALD. WILSON TO SEEK 10TH TERM

"Despite the fact that I am on my ninth term as alderman, and despite the fact that Ald. Harley says that five terms are sufficient for any man on the council, I am going to run again," said Ald. W. A. Wilson Thursday.

"I admit that one year is long enough for some men, but they need old heads to steer the young fellows."

## 2 MORE ASPIRE TO PARLIAMENT

Ottawa, Oct. 27.—Nominations reported here today are as follows: Saskatchewan—John Evans, Progressive; Maple Creek—J. L. Wylie, Government.

## LOCAL WEATHER

Following are the highest and lowest temperatures recorded in London during the 24 hours previous to 8 o'clock last night: Highest 54, lowest 34.

The official temperatures for the 12 hours previous to 8 a.m. today were: Highest 44, lowest 35.

BAROMETRIC STANDING. Wednesday—29.40. Thursday—29.38.

## TOMORROW—SHOWERS.

Toronto, Oct. 27.—8 a.m. Forecasts. Fresh southeasterly to southerly winds, fair today. Showers in most localities during the night and on Friday.

The following were the highest and lowest temperatures for the 24 hours previous to 8 a.m. today:

Stations. High. Low. Weather.

Victoria ..... 52 41 Cloudy

Calgary ..... 52 32 Fair

Winnipeg ..... 50 42 Cloudy

Port Arthur ..... 48 49 Cloudy

Perry Sound ..... 50 32 Fair

Toronto ..... 49 37 Clear

Kingston ..... 50 24 Fair

Ottawa ..... 50 24 Fair

Montreal ..... 48 30 Fair

Quebec ..... 42 38 Cloudy

Fort Point ..... 43 26 Fair

St. John ..... 40 28 Clear

Halifax ..... 36 22 Clear

Weather Notes.

Pressure is highest over the New England States and relatively lower over the West and Northwest States and in the western provinces. Showers have occurred locally in British Columbia and in Ontario, elsewhere in the Dominion the weather has been fair.

## MARCHES 800

## ARMED MEN IN DONEGAL AREA

Republican Army Officer Obtains Milford Pledges To Boycott Belfast.

## CALLING UP VOLUNTEERS

Irish Problem Will Probably Prevent Lloyd George Attending Washington Parley.

London, Oct. 27.—Reports in Belfast indicate that the Irish Republican army is very active in County Donegal. A company of volunteers, it is said, early this week took up quarters in the Milford workhouse, and these were followed by large bodies of officers, who called on Milford traders and obtained signed agreements not to replenish their stocks with Belfast goods or deal with Londonderry blacklisted houses.

A force numbering 800 men is said to have marched through the village of Milford and to have proceeded to assigned quarters. A party described as "the flying column" is staying at the workhouse. The headquarters of the Irish Republican army is said to be at the simultaneously-equipped shooting lodge. Another camp is said to have been established at Carrick.

The volunteers are understood to be called up in batches of one hundred men for ten days' compulsory training.

## Lloyd George May Not Attend Arms Parley

London, Oct. 27.—Premier Lloyd George probably will have to abandon his visit to Washington, or at least postpone it until the closing sessions of the conference there, because of the critical situation in the negotiations with Sinn Fein Ireland, it was asserted by several well-informed sources here today. The premier had made no public statement to this effect, but his political and personal friends were quoted as communicating the report to inquirers, as if publicly were desired.

Everywhere it was admitted today that the Irish negotiations had made little progress, and although hope had not been relinquished, there was a tendency to regard the outlook as being less favorable than it was a day or two ago.

Political writers remarked that if the negotiations broke down, the premier's trip to America would be obviously impossible, while, if a break in the conference was avoided, it was difficult to see how a settlement could be reached for a considerable time.

## Business Too Urgent

The accumulation of other pressing business was also urged in some quarters as contributing to the improbability of the prime minister being able to carry out his desire to go to the Washington conference.

In the meantime, the restiveness of the English Unionists was manifest
