A petition was presented, signed by A. Harvey and others, asking to change the boundaries of U. School sec. 6. A by-law was passed appointing an arbitrator on behalf of the township.

A communication was received from a Harveyston farmer, who is thinking of supplying a system of waterworks to some houses in Lottrel and Florence avenues, and asking for permission to lay pipes across the street, and also suggesting that it be done before the question of a more extended service for that locality, but the Council refused to grant the same.

James Jackson wrote that it will be necessary to expend \$600 to keep the Westwood in a proper state of repair. On motion of Messrs. Goulding and Healy, \$40 was granted for the purpose of gravelling the school grounds.

A DOCTOR SWINDLING CITIZENS BY AN INGENUOUS TALE OF WOE.

Last week there came to the house of an East end clergyman a young man, who unfolded a tale of woe. He was a doctor in hard luck. Dr. Vernon by name, he was not long from Montreal, had been married, but seven months, and the lady with whom he and his wife were boarding insisted on being paid a few dollars on account. His father, who died recently, had left a big estate, but it was involved, and Mr. Pierre, his lawyer, was now straightening it out. His prospects were good, but in the meantime he was terribly hard up, had not even enough to wire his solicitor for a small remittance. Would his reverence kindly do something to relieve the tension? In answer to a few casual questions by the clergyman, the doctor further said that he had been advised by Dr. Burgess to begin practice in the East end, and he mentioned he was acquainted with Dr. Rowan and other physicians. His reverence suspected the man with the tale of woe, and limited his donation to \$2. Since that time it has been learned that the self-styled doctor is a humbug, having worked the same ruse with Dr. Rowan and other citizens. He is about 27 years of age, well dressed and of good manners.

Rescued From the Bay.

Dr. Gibe of Montreal, who is visiting friends in the city, while walking along the edge of the Church-street wharf Monday afternoon became dizzy and lost his balance, and fell headlong into the water. He was rescued by Mr. George D. Pringle of 63 Mutual-street, who happened to be passing at the time the accident occurred. Mr. Pringle had a very narrow escape from losing his own life.

MINISTERS ENDORSE IT.

Domestic, Foreign, &c., N. C. Dr. R. V. PIERCE: Dear Sir—For some six or seven years my wife had been an invalid. Her condition had become so bad that she was unable to do her own work. It was her only hope, and she had heard of Dr. Pierce's Favorite Prescription, and she had bought a bottle of it. She commenced to take it, and she was able to do her own work in a few days. She is now well, and she is very grateful to you for the medicine she was so kindly cured. Yours truly, Mrs. STEPHENSON.
