

DANGER TO SYSTEM UNLESS ACTION IS TAKEN

Ignorance alone can excuse neglect of the health when all indications point to kidney trouble. Everyone should know that from the hour the kidneys fail to remove the poisons from the blood stream, these poisons are accumulating ready to cause sickness, pain and suffering.

How are you to know that the system is in danger from poisoning? One or more of the following symptoms should leave no doubt in your mind. If you are the victim of backache, pains in the back or sides, or Lumbago, be sure nature is calling for better kidney action. Take Gin Pills.

At the first twinges of Rheumatism, swollen ankles and joints, or any other manifestation of uric acid poisoning, take Gin Pills. Dozens of Testimonials prove Gin Pills to be the sovereign remedy.

Take the warning given by constant headaches, restless nights, dizziness when you stoop, frequent chills, bladder, urinary trouble, or constipation, and turn to the remedy which is so sure that it is sold on the money-back guarantee—Gin Pills.

Gin Pills are sold by all dealers—60c. a box or 6 boxes for \$2.50. A free sample will be sent if you address your request to the National Drug & Chemical Co. of Canada, Limited, Toronto; or if you live in the United States, address Na-Dra-Co Inc., 303 Main St., Buffalo, N. Y.

LACE SEASON IS QUITE PROBABLE

New York.—Paris and Palm Beach command the attention of those whose fortunes are tied up in women's apparel. Paris is more important in a large sense; Palm Beach in a smaller sense. It depends on the viewpoint.

Paris is exhibiting to the American buyers the things that we will wear; Palm Beach is exhibiting to society and the fashion reporters those things that were devised for us to wear as long ago as the first of December.

Nearly all of the fashions that are worn at Palm Beach have been sketched and detailed, because they were turned out by American dressmakers through local inspiration or through adaptation of early French models before or just after the Christmas season.

Therefore, a fashion writer states, it is more important to dip into the future and recount what Paris has shown to the American buyers. What is now worn in Palm Beach we will undoubtedly wear through the spring, but so far, in a big season of that resort, there is nothing of extraordinary originality, and whatever is done has been foretold and outlined.

The unusual cold, the extraordinary delays in traveling and the impossibility of getting one's trunks on time, have contributed to a state of irritation at Palm Beach that one does not associate with that land of lotus eaters and pleasure seekers.

It has been the toss up with the pleasure seekers as to whether it was best to fight out the situation in the North or go to the evil they knew not of in the South, and the result has divided the great mass of moneyed people into two camps.

The same trouble that confronted the pleasure seekers in going to Palm Beach were added thereto 100 per cent for those who went to Paris to represent our business firms and bring back the allotment of 2,000 gowns, which we consider a good showing in this country.

Last fall this allotment fell short by 500 gowns, and it is not easy to say whether the buyer will do better or worse this season. Cargo space is

exceptionally valuable going over, but there still seems to be much room coming back, and the buyers have learned to bring great quantities of clothes into the port as personal baggage, which helps matters.

Callot will not allow this, and, there-

fore, the clothes from that house do not arrive until after most of the seasonal fashions are settled in this country.

So, what Palm Beach is doing, we know. The gown there shows the slender silhouette, a prevalence of black and white worn separately or together, the second introduction of gingham and the calico of the Southern mills.

There is no return to lingerie gowns, as was faintly promised, but there is an overwhelming vote cast for jersey in its artificial silk weave as well as the thin woolen weave that looks like men's underwear.

A CURE FOR FEVER AND AGUE.—Disturbance of the stomach and liver always precede attacks of fever and ague, showing derangement of the digestive organs deterioration in the quality of the blood. In these ailments Farnelle's Vegetable Pills have been found most effective, abating the fever and subduing the ague in a few days. There are many who are subject to these distressing disturbances and to these there is no better preparation procurable as a means of relief.

An Aviator's Farewell.

Monsieur de Gibergeres, bishop of Valence, has lost his seventh nephew in the war—M. Anthelm de Gibergeres, amongst whose papers was found the following moving letter of farewell addressed to his parents:

"If one day, with wings broken in the blue heavens, I fall to the earth and return to God, may these lines carry to my father and mother the last thoughts, desires and dreams of the son they loved so tenderly. As my body nears the earth, my soul will soar to unknown heights, and the separation will be victory. It will be a full-hearted 'Magnificent' adoring prayer of expiation for what I have left undone rather than for what I have done. And lastly it will be a suppliant cry which cannot but be heard for everlasting life, for strength and comfort for those I leave behind, and for mercy and glory for beloved France, the coming of the Kingdom of God."

Corns are caused by the pressure of tight boots, but no one needs to trouble with them long when so simple a remedy as Holloway's Corn Cure is available.

The real worth of a man's life is not measured by what he has done for himself but rather what he has done for those about him and who will come after him.
