Wholesome Cleansing Refreshing

INGLISVILLE

Our school opened on Monday, August 24th, with Miss Amanda Mallman of Albany, engaged as teacher again.

Miss Clara Miles and niece and nephew, Audrey and Arthur Miles have returned to Brockton, Mass. after spending several weeks with her parents, Mr. and Mrs. A. Miles.

Miss Ethel Naudler is visiting her parents, Mr. and Mrs. Fred Naudler, Mrs. Sumner Foster and Mrs. Rupert Parks, of Port George, recently spent a few days with Mr. and Mrs. S. Bayers.

Mr. Arthur Miles and friends from Brockton, Mass., motored to Queens Co., on August 23rd, to visit his brother, Mr. James Miles.

Mr. Darius Best and Mrs. Raney of Port George were recent guests of Mr. and Mrs. R. P. Best.

Mr. and Mrs. Chipman Best, have returned home from Lunenburg Co., where they have been visiting relatives.

Mrs. Joseph Gates is visiting friends in Waterville.

On Thursday afternoon, August 20th, our Sunday school held their picnic on the grounds which was the former site of the Methodist Church, but which had been fitted up for the occasion with tables, seats and swings. The first event was a callisthenic parade, consisting of six teams with clown on horseback at the head of the procession. The first team presented the scene of a wedding, 1925. The second team, how they looked ten years later, 1935. The third team represented our Sunday school children carrying flags.

The fourth, just out from Holland, one woman at her old fashioned spinning wheel. The fifth, My Kentucky Home, and the sixth, Washing and scrubbing, so much per yard. After the parade, ice cream was for sale on the grounds. About 5:30, after a speech by Rev. A. H. Whitman, about 250 people sat down to a sumptuous tea, among whom we noticed friends from Lawrenceville, Williamston, Port George, Nictaux and Albany. Then a tug-of-war, peanut and candy scramble, and some music brought a most enjoyable afternoon to a close.

Keep Children Well During Hot Weather

Every mother knows how fatal the hot summer months are to small children. Cholera infantum, diarrhoea, dysentery, colic and stomach troubles are rife at this time and often a precious little life is lost after only a few hours' illness. The mother who keeps Baby's Own Tablets in the house feels safe. The occasional use of the Tablets prevent stomach and bowel trouble, or if the trouble comes suddenly—as it generally does—the Tablets will bring the baby safely through. They are sold by all druggists or will be mailed on receipt of price, 25 cents per box, by The Dr. Williams Medicine Co., Brockville, Ont. A little booklet, "Care of the Baby in Health and Sickness," will be sent free to any mother on request.

PORT LORNE

Mrs. Howard Neaves and daughter Helen, are visiting Mrs. Neaves' sister, Mrs. Everett Sullivan, at Nulty Col. Co.

Miss Helen Teasdale of N. Y., is visiting her mother, and sister at their home here.

"God Gives the Seed--the Bread We Need, Man's Labor Must Provide It."

Upper--The old method of reaping the crop. Lower--The modern method. Inset--Testing grain at elevators in Winnipeg.

It is estimated that sixty-nine thousand harvesters will be needed to garner the crops in Western Canada this year. Of this number probably nineteen thousand will be supplied by the Western and prairie provinces leaving fifty thousand to be recruited in the East.

This is an unusually large number. It means that from all parts of Eastern Canada a great army of Canadian men must be mobilized to harvest the grain upon which the general prosperity of the country depends. The famous "gala" rush of "ninety-eight" held no greater touch of glamour and romance than this annual exodus to the wheat fields of the west. From men, and some of our women too, are preparing to enlist in the great adventure from which all hope to return hardy, bronzed and with a swollen savings account.

The railway companies are fully prepared for the rush. Their Colonist cars of the newest, most serviceable and comfortable type, of which they have a greater supply on hand than ever before, are in readiness to take women as well as men, and are available for immediate service.

The Colonist car has kept pace with the remainder of railway equipment in the march of progress. In the olden days many prospective harvesters remained at home because of the stories they heard of hard-

ships and discomfort endured on the journey to the wheat-fields. Now, however, all that is changed. Colonist cars differ only in trifling details from the standard sleeping cars and they leave nothing to be desired in points of comfort, security and convenience.

There is every reason to suppose that the East will raise its quota of fifty thousand men. The inducements are unusually good. A bountiful crop is expected; wages are high and there are unlimited positions available. Many young men attending colleges will avail themselves of the reduced rates to see the country and join in the great adventure of bringing a holiday.

The dates for the excursions are, from Quebec, August 14th and 28th; and from Toronto and points in Eastern Ontario, August 18th and September 1st. From Western Ontario the dates are August 21st and September 1st. The rates are the same as last year—to Winnipeg \$15.00 and from there to the final destination, half-a-cent a mile. These rates apply equally to women as to men and there are many Easterners who will take advantage of the excursions to make their first trip west, as much for the purpose of seeing the scenery "out west" and becoming personally acquainted with the geograph and topography of the country as for taking part in the harvesting operations.

family left the 2nd, for their home in Houston, Mdine. Mr. and Mrs. Chester H. left September 1st, for New Britain, Conn.

Mr. Stephen Hall has returned to Collinsville, Conn., after spending a few weeks at the home of his parents, Mr. and Mrs. Zachus Hall.

Mrs. Alice Neaves and daughter, F.ate, and Mr. Aubrey Beardsley, of Port Lorne, visited Mr. and Mrs. Ernest Ray, the 2nd.

POPULAR LAWRECEXTOWN GIRL IS SHOWERED

Miss Grace Jefferson who is soon to be one of the principals in a very interesting event was tendered a shower by her friends on Thursday evening at the home of Miss Ethel Shaffer.

The dining room was most artistically decorated with sweet peas and ferns, the color scheme being pink and white. In the centre of the table the gifts were arranged in the form of a large circle effectively covered with white crepe paper and trimmed with pink sweet peas, which suggested the bridal cake.

The gifts were very choice as well as useful and included fancy work, cut glass and china. The gifts were opened by candle light.

The remainder of the evening was very enjoyably spent playing bridge, after which dainty refreshments were served by the hostess.

TRY THESE DESERTS

Orange Custard (serves 7)
2 cups Borden's St. Charles Milk.
1 cup hot water.
3 tablespoons cornstarch.
2 eggs.
1/2 teaspoon salt.
1/2 cup cold water.
1/2 cup orange juice.
2 tablespoons lemon juice.
Grated rind of one orange.

1 cup sugar.
Mix cornstarch, sugar and salt, dilute with cold water. Add to scalded milk and hot water, stirring constantly until mixture thickens, afterwards occasionally, cook fifteen minutes. Add orange juice and slightly beaten eggs that have previously been mixed; mix thoroughly and lastly, add the lemon juice and orange rind. Cool and serve.

Caramel Custard (serves 6)
1 tall can Borden's St. Charles Milk with enough water to make 1 quart.
5 Eggs.
1/2 teaspoon salt.
1 teaspoon vanilla.
1/2 cup sugar.
1/2 teaspoon nutmeg.

Gradually sift sugar into a hot skillet, shaking the skillet vigorously all the time to prevent burning. The sugar should melt about as fast as it is sifted into the pan. When it turns to an amber color (a light resin color) set on back of stove and add milk, being careful that milk does not bubble over, as is liable on account of the high temperature of sugar. As soon as the sugar is melted in the milk, add mixture gradually to eggs slightly beaten. Add the salt and flavoring to egg and milk mixture. Bake in custard cups in a moderate oven.

200 EMPTIES DRIFT INTO YARMOUTH CO.

All in Good Condition Proving Not In Water For Long.

Yarmouth--Some rum runner evidently has carried on a goodly amount of business very recently in this neighborhood by the appearance of the shores at Chezoquin Point and vicinity in this county. During the last day or so about 200 empty whiskey cases have drifted ashore. With the exception that the top is missing, all are in good condition, showing that they have not been in the water for a very long period. In fact, they show no water wear whatever. On one end the cases are roughly stencilled with the following lettering: "Pre-war strength—44 per cent alcoholic strength." On the opposite end is the mark, "Y. R., Havana, Cuba." On the side of the cases are the makers name, "Glasgow and London."

MAKES FAST RUN FROM NEW YORK

Four-masted Schooner Does Trip to Saint John in 72 Hours.

Making the New York-Saint John trip in the smart time of 72 hours, the big Saint John four-masted schooner Harry A. McLennan, Captain F. Boudreau, of Church Point, N. S., arrived in port late last evening from New York with a cargo of 1,142 tons of anthracite coal for R. P. and W. F. Starr, Limited.

The schooner left New York late Sunday evening and her time of exactly three days, while not a record, is a very fast run.

IF WE ONLY UNDERSTOOD

Could we but draw back the curtains That surround each other's lives, See the naked heart and spirit Know what spurs the action gives, Often we should find it better, Purer than we judge we should; We should love each other better If we only understood.

Could we pledge all deeds by motives, See the good and bad within, Often we should love the sinner All the while we loathe the sin, Could we know the powers working To overthrow integrity, We should judge each other's errors With more patient charity.

If we knew the cares and trials, Knew the effort all in vain, Understood the loss and gain— Would the grim, eternal roughness Sweep, I wonder, just the same? Should we help where now we hinder? Should we pity where we blame? Ah! we judge each other harshly, Knowing not life's hidden force; Knowing not the fount of action Is less turbid at its source, Seeing not amid the evil All the golden grains of good; Oh! we'd love each other better If we only understood.
