Why Women Tire Easily

CHICAGO, Feb. 17.—A woman, tired and exhausted by exertion because she is improperly dressed, according to the theory of Dr. E. C. Dudley, expressed yesterday in a lecture before a class in North-Western University Medical College. "No wonder her circulation is poor, no wonder she is unable to stand any exercise or exertion," said Dr. Dudley. "The upper garments are usually of some thin material and according to the caprice of fashion may or may not cover the arms, neck and upper part of the bust. A profusion of skirts are worn loosely about the lower extremity of the body and the feet held in a vice-like grip of thin high-heeled shoes, which stilt more than support."

"In strange contrast to such inadequate protection of the upper and lower extremities, the waist and ribs are swathed and compressed in a torrid zone of whalebone, corset, belt, steels, and the bands of the various outer garments worn by the women of today. The average woman wears a total of seventeen layers of bands of some sort around her waist. Allowing twenty-four inches as the average waist circumference of a Chicago woman, although there are many with larger waists, it seems that each woman has a total of thirty-four feet of bandage tightly wrapped around her waist. Dr. Dudley told his class the only way the women of today can become strong and healthy is by banishing the numerous tight bandages about the waist and giving more care to keeping the upper and lower portions of the body warm."

Sir O. Lodge on the Future Life

Sir Oliver Lodge, lecturing before the Rusk Society of Birmingham, on the connection between the physical and physical, contended the science of the immaterial might be as valid as the science of the material. It might be as possible, he said, for one mind to use another brain as for an author to use another man's ink.

Speculating regarding the condition of the individual after death, Sir Oliver contended he might still exist in ether without his surround as being altogether different. Science taught nothing more surely about the universe than the continuity of existence. There was no break in continuous, conscious identity. Genuine character, personality, memory and the culture of the affections and tastes were continued, while the terrestrial possessions of pain and disease were merely taken away. The powers and faculties may be enlarged and insight acquired.

THEN YOU'LL REMEMBER ME.

An Ohio author, now in Chicago, recently had a visit from a friend who still lives in the town where the two were boys together. He gives this account of the memory. "Nebbit," said he, with the pleasantest kind of a look on his face, you remember that little old house on Main street where you were born? When he said that that it brought up a vision of that house clear as the reality. I saw the queer little windows, the nice friendly door, the yard, the lilacs—everything. "Yes, Bill," I said with emotion, "I remember very well." "Well," he said, "the folks have gone and put a tablet on that old house." At first I couldn't speak. I had all I could do to keep the tears from coming. The folks hadn't lost sight of me then? They knew what I was doing? A tablet was put up, I admitted to myself, something beyond my deserts, but—but there it was. When I could speak I said: "And what does the tablet say, Bill, old man?" But looked away out of the window. "Main street," said he softly.

Grippe is sweeping the country. Stop it with Prevention, before it gets deeply seated. To check early colds with these little Candy Cold Cure Tablets is surely sensible and safe. Prevention contains no quinine, no laxative, no ting harsh or sickening. Prevention would never appear if early colds were promptly broken. Also good for febrile children. Large box, 48 tablets, 25 cents. Vast pocket boxes, 5 cents. **ROYAL PHARMACY, BRIDGETOWN, BEAR RIVER DRUG STORE, BEAR RIVER.**

BROUGHT TO TERMS.

In the Drayton household it is said that the father of the family has a way of presenting alternatives to his children that never fails to bring them into line.

"I wish you would speak to Bobby," said Mrs. Drayton one night. "I've told him to take his medicine and then jump into bed, and he won't do it. He just hops round, and says he doesn't want to take the medicine, and he doesn't want to go to bed!"

Mr. Drayton stepped to the door of Bobby's room, and stood there, tall, grave and impressive.

"Bobby," he said, firmly, "if you don't take your medicine at once, and then jump into bed, you will be put to bed, do you hear me, put to bed, without having your medicine at all!"

Upon which, Bobby, alarmed and confused, swallowed his allotted portion and snuggled himself for the night.

NOW I AM WELL

THANKS TO "FRUIT-A-TIVES"

I wish to state, for the sake of others who may be sufferers like I was, that I suffered from severe indigestion and constipation for years and that there was also womb trouble with unpleasant pains in my back which made me miserable, constantly. I tried physicians and took many remedies but I got no relief. I was induced to try "Fruit-a-tives" and I can truly say this was the first medicine that ever did me any good. "Fruit-a-tives" quickly relieved the constipation and indigestion and completely cured me of all symptoms of womb trouble. I cannot express too strongly my great gratitude to this medicine as I am as well now in every way as ever I was, thanks to "Fruit-a-tives". I can strongly recommend "Fruit-a-tives", it is easy to take and the effect is always mild like fruit.

(Sgd) Mrs. M. BRELAND.

Many women suffer with what the doctors call "Womb Trouble"—"Diseased Ovaries"—"Female Complaints" etc.—when Constipation is causing all the pain. Cure the liver and make the bowels move regularly with "Fruit-a-tives" and the "Womb Trouble" will be cured at the same time.

"Fruit-a-tives"—or "Fruit Liver Tablets" are sold by dealers at 50¢ a box and 4 for \$2.00—or will be sent on receipt of price. Fruit-a-tives Limited, Ottawa.

REASON ENTOMBED.

Because meats are so tasty they are consumed in great excess. This leads to stomach troubles, biliousness and constipation. Revive your diet, let reason and not a pampered appetite control these things. Buy the famous Berlin's Stomach and Liver Tablets and you will soon be well again. Try them. Free literature. A COLD WORLD FOR TOMMY.

Father's got the fresh air craze, and mother's got it, too. And I don't know if I can stand this blowing winter through here. We haven't a furnace fire, 'cause father says as where a fire is unhealthy, so we warm with his hot air. He gets up every mornin' and thaws out both the cats. And then goes up in our spare room an' does some aerobatics. The windows are left up all night, an' in the mornin' gosh! I have ter crack the ice up in the pitch or when I wash. An' mother, too, she's just as bad, she walks from two to four, and then comes back an' pulls at "somethin' hangin' on the door." And then she takes a big long breath—it's one of her best tricks—An' doesn't breathe till she has counted up to ninety-six. We live on matted shavin's and shred-ded doormats, too. An' I can't use my appetite—it's just as good as new. An' so I'm goin' to grandma's home where I can sleep and stuff. 'Till mother gets her lungs filled up, an' 'pa gets air cruff.

Egg Basket Burglars

Here are some of the things that are robbing you of the eggs you have a right to expect from your hens:

- 1st. Damp or wet floors. Hens do not like to stand around in the mud and mud. They will not lay if compelled to do so and some other disease is almost certain to break out among them.
- 2nd. A thin or broken roof. The hens always roost up close to the roof of the poultry house, and if this is thin, they will be uncomfortable in cold weather, and during rainy spells will get wet at night. Uncomfortable hens are sure to rob the egg basket.
- 3rd. Temperature of different kinds. These take the vitality from the hens, causing them to cease laying. A hen-house should be kept free from these by a liberal use of whitewash and carbolic acid.
- 4th. Too much sloppy food and a lack of gravel and grain check the hens in their laying. Plenty of grit and shell producing food becomes essential to the filling of the egg basket.
- 5th. Poor ventilation of the hen-house. Fresh air is about as harmful to hens as a very cold atmosphere.

SHORT KINGS.

There is hardly a king in Christendom whose wife does not overtop him in a head.

King Edward is quite six inches shorter than Queen Alexandra.

The Czar, a little man, is overtopped a full head by the Czarina.

Kaiser Wilhelm is of medium height, but the German Empress is tall, and that is why the proud Kaiser will never consent to be photographed beside his wife unless she sits while he stands.

The King of Italy, short and squat, hardly comes up to the shoulders of the tall, athletic Queen Helene.

The King of Portugal, though taller, is less tall than his Queen.

It is the Prince of Wales, short as a goal four inches than the Princess, and the young King of Spain is several inches shorter than his Queen.

By a vote of thirteen to five, one member at out and out, voting the Congress Committee on Naval Affairs yesterday reelected President Roosevelt's urgent recommendation that Congress at this session should authorize the building of four battleships at a total cost of \$3,000,000, and by a unanimous vote there was included in a navy appropriation bill an authorization for the construction of two, to cost \$2,500,000 each, and to be of the Delaware type.
