

In some instances good wax was furnished the manufacturer to be made up, and this horrible trash returned. There is a heap of trouble in store for the party who so rogued the public, and the best thing for him to do is to make a clean breast of the whole transaction.

# THE CANADIAN BEE JOURNAL

**ISSUED 1ST AND 15TH OF EACH MONTH.**

D. A. JONES, - EDITOR-IN-CHIEF.  
F. H. MACPHERSON, - ASSOCIATE EDITOR.

BRETON, ONTARIO, JULY 15, 1890.

We are about up with orders for hives and sections, but we have very little stock cut ahead from which to ship orders, and in some cases there will be considerable delay even yet.

It will be gratifying to know that Mr. Allen Pringle is so arranging his labors, as to enable him to contribute an article to every other issue of the CANADIAN BEE JOURNAL. His articles will appear on the first of each month,

In one or two instances we have been notified that the smokers sent to the members of the O. B. K. A. have not reached their destination. We have sent out smokers to all whose names we have received up to the present time and if there are any others who have not yet received their smokers we should like to know at once, so that we may endeavor to trace them. In one case we omitted to notify the party that his smoker had been sent by express to his nearest office, and as he had been looking for it *by mail*, had not thought of enquiring at his express office.

We are up with all orders for queens and bees, with perhaps one or two exceptions, and we are daily sending out large numbers of virgin queens—thy premiums to C. B. J. subscribers, by the 20th we expect that all these will have been mailed. In our other department we are gradually catching up, and hope to have most of our orders filled by that date.
